Dedication

THIS Book of *The "I AM" Discourses* by the Ascended Master Youth, Beloved Bob is dedicated in Eternal Gratitude to the Beloved Seven Mighty Elohim of Creation, who have guarded and assisted the *"I AM" Ascended Master Youth* to the Victorious Fulfillment of Their Elohim Divine Plan for our Blessed America and the World.

These Dictations were given through our Beloved Accredited Messenger, Mr. Guy W. Ballard, pen name *Godfré Ray King*; and it is with our great love, gratitude, and blessings that we present this series of Dictations to the Beloved Four Children—the Ascended Masters Bob, Rex, Nada, and Pearl—who have been the Example to all the young people of the World. May Their Obedience given to the Great Cosmic Law be an Inspiration to every young person on the planet, and through this same obedience, may they too accomplish the same Goal—the Victory of the Ascension in the Light.

May the reader be raised a Spiral Higher when studying these Mighty Words of Instruction, and be made so strong and obedient that at any time the Great Ones may use them and give whatever Assistance

is required for the God Protection of our Blessed Nation.

The *"I AM" Ascended Master Youth* are the Builders of the Incoming Golden Age; and in the Name of the "Beloved Mighty I AM Presence" of every young person on the planet, we call to the Seven Mighty Elohim, the Builders of all Creation, to enfold each one in Their Immortal Flame of Cosmic Love, which compels the Fulfillment of their every God Desire.

The Great Elohim of Purity says: "Beloved Ones, you have no idea the Blessings that can fill you and your world, that you can call forth to free others; and My Dear Ones, sometimes when a Life Stream is struggling in the dark, trying to seek its way to Freedom, and knows not where to find the Light, maybe just one Call from you will be a Flash of Light into the darkness of that Life Stream's human creation that holds the outer self to the constructive way of Life, turns it away from the hordes of the shadows, and allows the Higher Mental Body to have Its Dominion through the outer self!"

The Youth must carry the responsibility of the future in government, education, business, and all other phases of our country's daily activities. They need more than human help and protection—they need *God's Help* and *God's Protection* to save them from the encroaching threats of desecration which seek to destroy

the ideals, minds, and bodies of the Blessed Youth, the younger generation, and the incoming children.

A *conscious* Knowledge of each one's own Individualized God-Presence—the "Beloved Mighty I AM Presence"—as given in this Great "I AM" Ascended Master Instruction from Beloved Saint Germain and the Great Ones, would enable every young person to call forth his or her own Protection and Illumination, thereby assisting America and their own nations to fulfill God's Great Destiny.

Until each youth comes to this *conscious* Knowledge of the "I AM," which is the *Great Law of Life,* we call to their own Individualized "Presence" to enfold them in Cosmic Christ Blessings; and may this Book, and all Books of the Saint Germain Series, reach every Youth in the World and enfold them in Beloved Bob's Ascended Master Radiation, Love, Wisdom, and Power, to assist each one to achieve the greatest Heights of Attainment in their service to Life and humanity.

It is a great privilege for the *"I AM" Ascended Master Youth* to meet annually at their two-week Conclave held at Shasta Springs, which is located near beautiful Mount Shasta in northern California. These Conclaves are offered in adoration to the Beloved Ascended Masters and Cosmic Beings—especially Beloved David Lloyd and the Brotherhood of Mount Shasta—and are dedicated to Beloved Jesus in recognition of His Great

Divine Ministry.

At the culmination of the Conclave, a Pageant is presented by the Youth and Students on the Life of Christ, entitled "I AM" COME! This Pageant is open to the public.

This year marks the forty-second *"I AM" Ascended Master Youth Conclave;* and the *Saint Germain Foundation* invites the Youth of the World to join in the presentation of the Pageant, either as an *"I AM" Ascended Master Youth* in the cast or through audience participation.

This is a tremendous Outpouring given to our Beloved Jesus in remembrance and gratitude for His Great Service, and in recognition of the *Example* which He left for all mankind. He reminds us through His Words, "The Things that I do shall ye do also, and even greater things than these shall ye do."

Therefore we ask God, the "Beloved Mighty I AM Presence; Beloved Jesus the Christ; the Great Host of Ascended Masters; the Great Angelic Host; and especially the Beloved Four Children—Ascended Master Bob, Rex, Nada, and Pearl—to assist every person who reads this "I AM" Ascended Master Instruction to attain whatever is required for their individual Divine Plan, to make their life happy and victorious, and bring to them every good and perfect thing from God's Great Heart of Love. May they, in turn, offer back to

God *their* energy to assist our Beloved America and the World to Eternal Purity, Freedom, and Victory; and *Peace on Earth, Goodwill to man* reigns Supreme for Eternity.

Thank you, and
God bless you!

DISCOURSE I

September 14, 1937

BOSTON, MASSACHUSETTS

100% GROUP

Beloved Students and Friends of Boston, often Pearl, Nada, Rex, and Myself have moved about in your midst watching, endeavoring to pour forth a Radiance that would give you the assistance that you were calling forth from your "Presence"; and what a joy it has been.

Can you for just a few moments come with Me in My Feeling that I am endeavoring to convey to you—My Feeling of what it really is, what it means to be wholly Free from any limitations. Think of it, Beloved Students and Friends! It is only a short time since I was in the limitation that most of mankind are now in. Just think of it!—in so short a time I was given My Freedom by the association with Beloved Saint Germain; and the Great Divine Director took us under His Wing and brought us to India where the Final Victory in the Cave of Light was accomplished.

Dear Ones, do you realize that I was just a young man out of mining school in Colorado, knowing not the slightest thing about metaphysics, except that I did have a great, great deep love for Beloved Jesus. But further than that, I rarely attended church or any of those activities; yet within my Heart was always that great deep love—and, as I now realize, was reaching out for that which I did not yet know.

Then that day when this Good Messenger before you came to Mr. Rayborn's mine, I saw him and liked him; and when we were going through that mine and I had gone on ahead, after a few minutes Mr. Rayborn called me back and directed me to start work at a place where, I say frankly to you, I thought would be rankest foolishness. If I had not had such confidence in Mr. Rayborn, I would have thought he was suddenly bereft; but I didn't dare say a word. Then when I saw that which I afterwards came to know was Beloved Saint Germain's Great Wisdom directing—well, I frankly say to you, it was a tremendous shock. For if you have not thought along those deeper lines, then for something to be suddenly thrust upon you, absolutely compelling your recognition—well, I tell you it is something really worthwhile!

Then after that was fulfilled, Saint Germain released me from the body and brought me to the Cave of Symbols, and so regulated—notice this—so

regulated the vibratory action of my etheric body, that I was as tangible in the Cave of Symbols as you are here in the physical bodies. Now that was not a physical body, but it was tangible and visible to this Good Messenger and the others who were present there, which were seven or eight people; and I was as vividly conscious of all that were present and all that was going on, as you are here. The proof of it was—I mean to myself—that when I returned after the experience to my sleeping body, and when I awakened in the morning, vividly in my consciousness was every detail of that experience at the Cave of Symbols. It being my first experience, I actually thought that I had had a very vivid dream, but when Mr. Rayborn and the Messenger came again to the mine, then I knew before they had said a word, that it was not a dream.

Then afterwards when it was explained to me what had actually been done, what had actually taken place, the amazing thing was that it seemed perfectly natural. I do not recall a single feeling in my being that I was being deceived, or anything except that a perfectly natural process was going on. And that is what everyone should feel, Dear Ones, in regard to these Great Laws of Life which are manifesting Life in your body. Now those were the same Laws acting that were revealing to me the Truth of my own Life.

Tonight I want to make so vivid to you, Dear Ones,

that mankind is wholly responsible for the limitations, for the privations, for whatever may be acting that is less than the Perfection of your Life, which gives you Life. The reason for that is—notice this, follow Me closely please; it will help so tremendously—*no outer appearance in the outer world or any activity there, can limit you or disturb you, except when you feed your Life into it, through your attention upon it.* That is how you are your own limitation. Nothing can limit you but yourselves, Beloved Ones.

Now remember, I went through all that you are going through, and I stand today in Freedom from all human limitations; and that is what comes of knowing the Law of Life and having transcended all human limitations. Then you are able to look upon the activity that ordinarily is termed "limitation," and see that within your feeling world alone is the cause of whatever seems—now notice—whatever seems to be limiting or depriving you of that Perfection which you know is for you, and actually is in your "Presence."

Does it seem unreal, unusual to you, that this "Presence" here [pointing to the Chart], holds everything that you can possibly desire in the outer world of manifestation? Just look for a few moments, won't you, upon this "Presence" here. Dear Ones, this "Presence" holds everything within Its own grasp, within Its own Hands, within Its own World—not in form, but the

Intelligence, the Substance is there, within this "Presence," of everything that must come into manifested form for your use out here. Contemplate that, Dear Ones! Everything in this Stream of Life, Light, Intelligence, and Substance that flows in at the top of your head into your body and anchors within your Heart, is the Life, the Light, the Substance, the Intelligence, the Energy, and the Activity of *all* that is.

Now think of it! All of that is in the outer world of human manifestation. Do you not see, then, when you call to this Presence of the Higher Mental Body—which stands between your physical body and the "Presence" and which is the Discriminating, Selective Intelligence that answers your Call to the "Presence"—do you not see in your Call to the "Presence," if it be money, if it be intelligence, whatever the requirement out here may be, then the "Presence" holds that ready to release through the Higher Mental Body into your physical use? Then if channels—I mean by that, human beings—be used in your requirement, then the Wisdom of the "Presence" will prepare the way and select those individuals who are to assist you in your achievement or in whatever is required in your world.

Do you not see then, Precious Ones, how in your Call to the "Presence" nothing could fail in the world? Do you not see that? That is what I found to be actually, literally, practically true. And as We see from

the Inner standpoint, the unlimited standpoint, these Laws of your Life are as definite and as certain—if you will make the Call for them.

Now notice, suppose you have not the intelligence manifested, the understanding manifested, to cope with a condition that you do not understand. Suppose it was something legal that you were not familiar with; suppose it was in a business you were not familiar with: do you suppose for a moment that the "Presence," through the Higher Mental Body, does not know everything that is required there? If you think It does not, then you are making a mistake. Your Higher Mental Body has the Wisdom of the "Presence" with which It is acting. Therefore, It is cognizant of everything that is required in your world down here.

Remember, in the present state of the unascended being, the "Presence" knows nothing about your limitations down here; It is acting at Cosmic Levels. But the Higher Mental Body, which the "Presence" has provided and regulated, knows every detail of your requirement out here in this physical body. Therefore, when you call to the "Presence," the Wisdom acting through your Higher Mental Body—which is the Discriminating, Selective Intelligence—knows exactly how, when, and where to produce the assistance, the conditions, the requirements that you need for use out here in your world of activity.

Don't you see how It could not fail? It would be impossible for It to fail in any manner whatsoever. Therefore, if you will realize this in calling your "Presence" into action, you will find that in a comparatively short time your "Presence" will be acting with a definite accuracy, and you will soon come into the Instantaneous Activity in which you will not need to ask the Messenger or anybody else for the Power of your "Presence" to govern your world.

Oh, Dear Hearts, We want you so much to enter into this Freedom which your "Presence" holds for you. Think of it! This "Presence" which gives you Life—the Wisest, most Powerful Intelligence and Being in the Universe! I am quite with you—once I was like you, accepting these limitations, these appearances in the appearance world as having power. Dear Hearts, don't you see that the appearance cannot have power except if you feed your Life energy into it to come back to limit you? It cannot do it, Dear Hearts, unless you do that very thing.

Now then, won't you be on guard in the future and not allow one ounce of your Life energy to go forth into a limiting appearance to limit or deprive you longer? Every time an appearance that is limiting you comes up out here in your world, say: "Oh, no you don't! You are not going to limit me anymore. Get out of my world! God, my 'Mighty I AM Presence,' take

command here! See that my attention does not rest upon that appearance which is limiting, because it has no power! Sweep it out of my world and You take command! Produce Your Perfection and hold Your Dominion here! Release to me the money I require! Release to me the Intelligent Direction! Release the Power of Achievement which is my birthright through this Stream of Life and Energy that beats my Heart!" Then, Dear Ones, you will find the Power of your "Presence" moving into action through your mind and body, and out into your world with a precision, a definiteness that gives your Hearts the Joy of Eternal Delight.

Dear Ones, there is no use longer giving way to these appearances that have frightened you and held you bound so long. Remember, Dear Hearts—that one phrase bears repeating a million times: *"No appearance in the world can limit you or affect you, except if you feed your Life into it by your attention."* Therefore, do you not see why Beloved Saint Germain has pled with the people everywhere to take their attention off their problems and put it upon the "Presence," where the *only* solution exists, and let Its Power flow in, sweeping in and through their bodies and out into their worlds and perform Its Perfect Service. That is how, Dear Hearts, your "Presence" can become the Governing Intelligence of your world and release the

Power of Its Energy and Activity, and from Its Treasure-house release everything your Precious Hearts require to flood your world with money or with whatever else you require.

Think of it, Dear Hearts, what a tremendous test, if you call it that, Beloved Saint Germain placed upon the Messengers when He said to go forth and give out this Work with not a dollar in Their pockets with which to do it. Remember, when They came to Philadelphia the first time, They used Their rent money that was due, to get there. Do you realize, Beloved Ones, that the Messengers have had to prove every step of this Law every moment since the time that They started for the train in Chicago?

I shall never cease to enjoy it when the Messenger brings up this point—how He and Mrs. Ballard were discussing it on Their way to Philadelphia. They said: "Now 'Mighty I AM Presence,' this is Your Work. You have the Power to supply the money to do this and carry It on. If you do not do it, well, We will go home"—and They meant it.

But Dear Ones, do you not see that it does not matter how many thousands of people have proven this Law; every one of you has to prove the Law to yourself in order to be free, and it is so easy! I tell you it is easy because I see from the unlimited standpoint.

Now, if you will grasp these various points, which

the various ones have brought forth in Their Dictations, you see Their Wisdom is so great that, as the people are ready—you must not blame the Messengers for holding the Students upon fundamentals, because they have got to have the fundamentals anchored within themselves in order to become the Victor over human creation. That is why today, Dear Ones, you stand in the open door of your Eternal Freedom.

You Blessed Ones of Boston, you may not quite know it, but how do you suppose that you were strong enough to stand dauntless in the face of everything and stand your ground with the Light of the "Presence"? How do you suppose you did it? Now you see I am asking you questions. By the Light in you—which was your "Presence"—that was strong enough to do it! And that is the only way you did do it. That is proof that now you can and will go on into your Freedom, Dear Hearts! When this Class is over here, you will have entered a new world. And mark what I tell you, Dear Ones: We mean business!

When We have been given, I say to you, the Honor, the Privilege of being Free, do you think that We will rest for one hour until you—every one of you—are Free too? And think, these Beloved Messengers have gone through—you will never know—the condemnation, the hatred of mankind that, if you saw from the Inner standpoint, would positively make your hair stand up;

but because Their Application was dynamic enough, Their attention held steadfast enough to the "Presence," They were untouched by all that had been sent forth to try to destroy Them. Would you believe, Dear People, that there could be human beings in embodiment vicious enough to want to destroy those who spread the Light of Freedom, which this is? Well, there are plenty of them today; but now that the Messengers have gained that Power and Momentum, They are untouched by any of that. Thank the "Mighty I AM Presence" and the Ascended Masters for this, and Their own powerful Application!

But that is not the point. The point is that it is the fulfilling of the Words which Beloved Saint Germain said to the Messengers in the beginning before They started out, during the dictation of *The "I AM" Discourses.* He said, "My Children, remember the human ungoverned is more vicious than the animal in the jungle"; and that has proven to be true, because the human being has intelligence with which to direct viciousness, while the animal has not. But look!—those individuals cannot reach the Messengers!

The point I want to make is what they are doing in their own world. Every person, Dear Hearts, that sends out viciousness to another—criticism, condemnation, hatred, jealousy, anger, or any of those things—they are charging their feeling worlds around them

with destruction which they must live in and through. That is why, Dear Hearts—you Blessed Ones, tonight I want to make this clear if possible forever within your consciousness: the reason for Beloved Saint Germain asking that all refrain from feelings of discord of any kind whatever within their feeling worlds is that as soon as they stop that a sufficient length of time, the use of the Violet Consuming Flame and the calling of the "Presence" into action after the Violet Consuming Flame has been used, will dissolve the discordant qualities that have been registered there—I mean all that attempts to come forth into expression.

Then, when they call the Power of the "Presence" forth, they are no longer clothing this wondrous Energy of the "Presence" here as It flows forth, because this Energy until It touches the top of the head is wholly Pure and Perfect, you see; and the only reason why mankind does not have Perfection is because the moment that touches the top of your head, It is clothed with the feeling that is in your feeling world. If that feeling is discordant, then it charges that quality of feeling in your world to produce failure and limitations for you.

Dear Hearts, there is not any use mincing words about these things anymore. Law is law, and the Law of Life is the most powerful thing in the entire Universe! If you are determined to ignore the Law of Life,

then you will be in limitations. Now it does not make any difference what the provocation is, and I am saying this to you tonight so that you become prepared and fixed from the beginning of the Class, so you gain your absolute Freedom during it. You can have It, there is no question about it. But unless you understand these things that are acting in your feeling world, Dear Hearts, why, you cannot be Free!

Do you not see as long as you continue to allow these feelings to act in your feeling world, which are producing discord and destruction for you, how can you be Free?—because it is only the Purity and the Perfection of the Energy and the Light of the "Presence" flowing into your world that produces Perfection and dissolves the conditions of disturbance in your world of activity. That allows the Powers of the "Presence" to come forth and perform any given Service, and become the mighty Magnet that draws to you every good thing.

Do you know, Precious Ones, Divine Love poured forth by calling your "Presence" into action becomes the mightiest magnet in the Universe to draw to you every good thing? And that is why, as you keep charging that forth—pouring out Divine Love and Blessing to mankind and every living thing—It gains such a momentum going forth that It just dissolves everything unlike Itself as It goes forth, and leaves your

world filled with the Glory of the Power of Divine Love, which is the mighty attraction of every good thing for you, and which fills your world with every good thing that your Heart desires and craves.

That is why today, if you understood the need of keeping your feelings harmonious so that the Power of the "Presence" at your Call could pour forth that mighty Self-luminous, Intelligent Substance and perform that Service, then don't you see, nothing could resist It? Not a thing in the world could resist It and prevent It accomplishing that whereunto It was sent.

Suppose you say, " 'Mighty I AM Presence,' You release Your Energy here"—for a given purpose, any kind. Then with a great joy you begin to pour Love and Blessings upon that achievement, whatever it is to be done. You see how that keeps the Power of the "Presence" going forth to that objective to accomplish the results, and there could not be a single failure in existence if you but do that?

That is why I say to you again, Dear Ones, there is no provocation in the world that warrants you allowing one single feeling of discord to go out from you, because when you do that, you are just depriving yourselves. Oh my, isn't it remarkable that you have thought —you do not anymore—that you could injure someone else by sending out discord to them. You are the first one that gets injured. And why should it be so?

If you are the creators of discord, and you are, then why should you not get the first results? You see?

But look, Dear Hearts, I do not wonder, oh, as We go among mankind and see the enormous, the tremendous momentum that mankind have gained through thinking they could just release any kind of discord without limit and then not pay the penalty—think of it! You see, in the old teachings mankind was not taught anything about it. They thought they could put forth any kind of feeling in the world and they would go scot-free. They cannot do it. It is not the Law. That is why Our Joy is so boundless when We have the opportunity, as We have with the Messenger, to flash Our Words before Him to you, with no human ideas in them; and that is why this Work—one day mankind will come to know how powerful It is, how magnificent It is, not because of the Messengers, but because They have made it possible for this to be done.

Dear Ones, every now and then an individual pops up and says they are receiving the same as this Good Messenger is from Saint Germain and the others. Well, they are not. When another is prepared in the outer world to receive as this Good Messenger does from Saint Germain and the other Ascended Masters, *He* will be the first one to know it. And whenever the purported information from the Ascended Master does not agree with this Stream of Light, you will know it

is not from an Ascended Master, because all Ascended Masters agree.

Dear Hearts, don't ever let any feeling come within any of you that this Beloved Messenger ever has any feeling but humbleness and gratitude because it is possible for Him to receive the blessings which can come only in this manner for mankind. It is a wholly different thing from even the highest inspiration, Dear Hearts. There is no inspiration, no matter how high it is, in which the human does not intrude. The Messenger can take any inspirational writing, no matter how high it is, and show you every line where the human intruded. It is not that it is not beautiful and good; but today the need of mankind is for an Understanding that is untouched by human concepts, so it will produce the results that are required for them, because human concepts will not do it.

That is why, Dear Hearts, today Our Gratitude is so boundless that you have this opportunity and this use, this Understanding of the "Mighty Presence" that beats each human Heart, which I say *is your Freedom!* Don't accept anything else in the world, but go on and on with your mighty Application to the "Presence." Hold your feeling world so harmonious that in a comparatively short time that Power of the "Presence" will flow through; and that great Energy, untouched any longer by your discordant feeling, will

steadily and surely cleanse and purify the mind, body, and feeling world. Then when you call the "Presence" into action, Its Mighty Power will surge forth for a given purpose—like a rocket—and your Application will produce instantaneous results—and that is how it comes about.

I trust you will pardon Me, Lady Betty, if I go too fast. And Dear Ones, do you realize how grateful We are Saint Germain has provided this Service so that the things We say to you can be taken down and had for your constant use.

You must feel what I feel tonight, the great Love that pours out from My Being to you, and the longing in My Heart to bring you, every one, to the point where We are. Oh, Dear Ones, I almost have to pinch Myself sometimes yet, to think how in so short a time without any apparent previous preparation, I could be in the Freedom I am in today. Dear People, let it be the greatest strength and encouragement in the world to you. Only a few short years ago I was a lad in the physical body as you are today, subject to all its limitations—and today I am Free! Let it be such a strength and encouragement to you that never for one moment in anything that confronts you in the future, do you give it one moment's power to limit you or deprive you of anything. It cannot do it.

When I see among mankind the conditions that

sometimes such blessed ones seem compelled to meet —and to think how if they would realize the need of stilling themselves and feeling no discord or inharmony of any kind within them, then in that great stillness say: " 'Mighty I AM Presence!' My world is Your World! Sweep forth into my world. Take command! Produce Your Perfection and hold Your Dominion there, and see that only Your Perfection acts there!"—Dear Ones, then every problem would be solved immediately.

Dear Ones, tonight I am determined to convey into your feeling world—and I charge forth Streams of Light from My Heart into yours while I say this, and that is concerning your financial requirement. Dear People, your "Presence" is your Treasure-house, and you are not limited in any manner whatever in the money that you require for use or the Service of the Light. Try to fix that tonight firmly in your consciousness and feeling world, principally in your feeling world. You are not limited, because your "Presence" is your Treasure-house; and in calling your "Presence" into action to release the supply of money you require for use, if the Wisdom of the "Presence" chooses human channels to give you assistance, then Its Wisdom will select the right channels that can bring only Love, Harmony, and Blessings to you through Its release.

Everything that is in the world of activity of mankind belongs to this "Mighty Presence." Oh Dear Ones,

how can—I know, I did it too—but how can mankind longer believe that they are the authority, that they are the owners of these things of the appearance world, when they would have to but for one moment think that a body from which the Life has withdrawn—the brain, the Heart, the organs, the form are still there. All is as it was a moment before; but when the Life withdraws, the body is helpless, proving that the Power —now notice—proving the Power, the Intelligence, the Substance, the Life, and the Energy is within this Stream of Life that beats your Heart. Do you not see that, Precious Ones? Otherwise the body at so-called death would still have its power of action; but since it does not, then all power of intelligence, of activity, is within this Stream of Life that beats your precious Hearts.

Oh, try to get that tonight, Dear Hearts, so firmly in your consciousness that it never leaves you a single instant. Then you will understand whatever you call for—all power, all intelligence, all energy, all activity—is within that Stream of Life that beats your Heart and gives Life to your body and action. Everything you require is in that Stream of Life that will flow forth into your world of activity and produce the results you require, for It knows no resistance or interference of any kind. Do you not see that, Precious Ones? It is so magnificent. It is so absolutely infallible. It cannot

fail in a single instance, Dear Ones. Then you, in the Acknowledgment of the "Mighty I AM Presence" and your calling It into action, become the master of your world. It cannot be otherwise.

Tonight with all My Love and those Qualities that have been anchored in your feeling world to bless you, to give you My Courage and My Strength to assist you on and on to your Victory, if you will accept It and allow Me to be the assistance possible to you—for remember, that We in the Ascended State are all *One*. Each One has His or Her own special activity; but so far as the Call is concerned, We are all *One* in that releasing of the Perfection into the world and the Life Stream of each one.

Notice, Dear Hearts. How do We become of so great an assistance to the blessed ones yet in some limitations? Because here at this point [pointing to the Chart], your Higher Mental Body rests between your physical body and your "Presence"; and at this point here, above your head, We in Our projected Currents of Energy intensify the activity of your Call to your "Presence" until you have gained the strength and the energy and the victory of your own achievement.

Tonight, as the Great Divine Director has done with the Students everywhere during the Classes, He projects directly from His Heart into your Heart these Currents of Energy and of Light that have produced

such tremendous results with the Students everywhere. Before the Class I want to remind you tonight of His tremendous Activity that He so recently established in setting the Disc of Light in Its Activity into the feeling world, to give the Assistance to the Call of the Students to dissolve and consume their own human creation. Remember, these are mighty Activities which They set into action for the Blessings of the Students everywhere.

Many of these things, Beloved Ones, have never been known in the history of the Earth before for the assistance of mankind, and now only because the Cosmic Light demands it.

Another thing I wish to remind you of is the thousands and thousands and thousands of discarnate entities that have been taken out of the Earth's atmosphere, that could not leave it of their own volition. Do you not see that it had to be a Cosmic Activity, a Cosmic Law, which made that possible for mankind? Otherwise, those individuals would have had to stay in the Earth's atmosphere until they, of their own volition, called to some Being of Light to release them. But because of the need of the release of mankind today, the Cosmic Law has said this shall be done; and the Great Divine Director, who is authority for it, caused Saint Germain to release that Mighty Decree for seizing and binding the entities, removing them

from the Earth, and holding them in the Octave of Light until they serve the Light—the greatest Service that could be rendered on the face of the Earth. Those unfortunate individuals could not leave the Earth themselves, but this Blessing has been rendered for mankind: they have been taken from the Earth and held in the Octave of Light until they serve the Light. Do you not see that never in the history of the Earth has such marvelous means been provided for the Blessing of mankind as today? That is why today those blessed ones who are earnest, sincere Students of the "Mighty I AM Presence" under Saint Germain are privileged beyond anything that is possible to conceive, because if they will apply this Law earnestly and continue with firm determination, *their Freedom is sure* —as sure as they do it. And there is not any human being on all the Earth that can prevent it.

That is how these blessed Messengers have gone forth untouched by the destructive things directed at Them. And remember, Dear Hearts, don't longer accept that there is anything in the world that can deprive you of the money you require for your Service of the Light. Don't accept that one single moment longer! It cannot do it. Remember the wonderful, wonderful Truth that was uttered: "When you have served the Light enough, this great Light will turn and serve you." Then your so-called struggles will be over.

But Dear Ones, try to feel that no longer is there struggle or battle in your Acknowledgment of the "Presence" and your Application. The "Presence" has said, "I will fight your battles, for I have weapons that ye know not of"; and that weapon is the projection of Light Rays, the Presence and Power of Divine Love that dissolves everything unlike Itself. That is how there is no battle in the achievement of the Light. It just moves into action and all unlike Itself dissolves before It, is powerless before It; and that is how the Messengers have called the "Presence" into action with such wonderful Achievement—because that Light moves into action and just dissolves everything unlike Itself.

Won't you try to feel that in every particle of your Application? Just remind yourself before you start to make Application: "Now this is the Activity of my 'Mighty I AM Presence.' It is Light which is Self-luminous, Intelligent Substance, and at my Call It just moves into action in and through my body and out into my world. Everything unlike It dissolves before It, and It moves right on into the objective to which I have sent It and produces the results required." Then how could anything fail? It cannot! I thank you, Beloved Ones.

DISCOURSE II

October 17, 1937

NEW YORK CITY, NEW YORK

YOUNG PEOPLE'S GROUP

SAINT GERMAIN:

I wish you to know, Beloved Ones, what it means to Me in Blessing to America, where I have worked so long to bring about a condition to save mankind—I want to say today, Beloved People of New York, it is here where the great need has been for more than one hundred years in the ever-accumulating, ungoverned destructive activities to mankind. For it is here that the brain of the sinister activity of the World is focused, because from all over the World came the claws of the sinister force because of the financial center here—because they require money by which to carry out the acts of the sinister force. Therefore it is here.

We at first made such a tremendous stride in the first two Classes here; and then because mankind listened to—let us call it—unhappy gossip, the sinister force drove in and came near to destroying all the possibilities for the protection of your city.

Now do not misunderstand Me. As all who have

taken notice have observed, your blessed city of New York sits in the most dangerous condition—because of the earth formation under it—of any city outside of San Francisco. Therefore, Dear People, do you wonder that We have called the Forces of the Universe into assistance to govern the human discord in America and at this point, so that this protection could be given?

If you wish to split a log, you take your wedge and at the fine point drive it in, do you not? Therefore, in the sinister activity, if they could have accomplished what they intended in the destruction of your city, it would have been the wedge driven in, and would have made it very difficult to give the protection to the rest of America for the incoming Light. It has only been possible by the Release of the Great Cosmic Light, which of course you must understand is consciously directed by the Great Beings from the Great Central Sun—that has made it possible for the protection, up to this time, to be given your city. I say to you frankly, this could be the most wonderful city in the World and, with the protection, would *become* the most wonderful city in the World!

Now then, We say this—and I take this opportunity this morning to say to those who are here because you can spread it to others—the need today for all people, all Students of New York and the surrounding

territory is to harmonize in spite of all human conditions. I tell you, Dear People, it is imperative! It must be done! You love your America, so do not let your human frailties interfere with your staunchness and stand to the Light. Do not criticize each other! Do not allow anything to come in that would start discord of any kind. If you will do this, We can do things that will give you the greatest joy and the greatest assurance mankind has ever thus far experienced on Earth.

You will have all the proof that you want of the reality of these Great Laws if you will be patient. You do not understand that if We produced some great phenomena, which could easily be done, it would prevent many of the more wonderful things that We are trying to bring forth. So I ask the Students everywhere to be patient.

This unfortunate individual in the West, who has put forth this silly nonsense everywhere and now is spreading that silly stuff: "Why don't the Messengers show the proof of these things?"—why the proof immeasurable is being given every day. Therefore, I say this today to the city of New York, that you may stand on guard against these sinister things. All that mankind wants, needs, or expects, will be given by way of assurance and proof, as they hold themselves harmonized enough. That is why this morning I take this

opportunity to assure you and prompt you again, because shortly We will not be permitted to give the promptings We have in the past.

Therefore, if you will all feel your own responsibility—and if someone comes to you with discord, just calmly and quietly say: "Now you have heard Saint Germain's wishes. He knows what is required for your city. Do you want to destroy your city by discord, or do you want to add to the World's burden by any more of your discord when you have said you wished to serve the Light?" These are vital things, and it is within the individual that these things need to be governed. Then the environment will come into the Harmony and Perfection that is required for the Infinite Protection of your city and America.

Why do you suppose this great Symbol, the Goddess of Liberty, was placed in your harbor? Because that Great Power of Wisdom brought that Symbol here to represent the Power and Protection of the Light, because this was the greatest focus of the sinister force due to the financial power that was given them by the secret release of money into the hands of those people who thought and felt and breathed only destruction.

We are debating whether We shall reveal certain things that have been done in your city since the Messengers have arrived this time. Already the two days of Class have accomplished tremendous things for you

and your city. Try to feel that, and give all the enthusiasm and joy in the Call to your "Presence" in the release of gratitude for that service rendered.

Dear People, please take these things: Pour forth Eternal Gratitude to Life; then to the Great Cosmic Beings, the Legion of Light, the Great Ascended Masters, for that service and amplification of every effort to bring about this Protection which is needed.

I say to everyone who has seemed to have financial struggle or has seemed to have difficulties: Dear People, do you realize that you stand on the eve of the greatest prosperity the World has ever known—and which will be permanent as humanity becomes harmonized enough? The Law of your Life, of all beings in manifested form, is the greatest Release of the Powers of the "Presence," which is the supply of everything required through the Power of Divine Love and Harmony. Then mankind is not trying to take away from somebody else, because they know then that they will always have plenty; and the desire and fear lest their human form may want for something, is dissolved. Try to feel that your "Presence" that projected these human forms, when given sufficient attention, is the Power that will care for that body and keep it healthy, harmonious, and supplied if the feelings are kept steady, calm, and harmonious enough to naturally let the Powers flow through. Try to feel that! I thank you.

OUR PRECIOUS BOB:

Beloved Young People of New York and vicinity, it is My great Joy to come today. Also Rex, Pearl, and Nada, who are here in your midst, are pouring forth Their Wondrous Radiation to you.

I shall say something today that I trust will carry to you the Joy that is in Our Hearts. Through Our Call to the Great Beings and the Great Cosmic Light, and the Calls of the many Students as well as the Messengers for the protection of the young people of America and the World, We have brought into action the Activity of those Great Beings from the Great Central Sun, for the protection of our young people of America.

Will you young people, wherever you are, call the attention of the young people who come into this Work to that one particular point: that by sufficient Calls this has been made possible. Therefore, the Cosmic Light called into action is an Invincible thing. Therefore keep up your Call for the Protection of the young people of America, their Purification; and call for them to be surrounded by the Circle of Blue Flame through which no emotional thing can penetrate.

Then the blesssed young people of America who have come forth with bodies that are strong and prepared for that which they are destined to do—as they hold that Dominion and Control of their energy, the

full power of its infinite action will ever bless them in its ever-increasing strength, Light, and power within each one, which makes the glorious Circle of Light that you may have, more vivid in your memory and attention.

You will remember the description in Chananda's Home in India when we were there. As we sat at the table, the Circle of Light enveloped our Hearts. Just so has the Activity of the Cosmic Light been established to reach around America and give this Assistance to Her young people.

Now then, as you call to the "Mighty I AM Presence" to project into the mental and feeling world of mankind, do you not see how the Great Light has provided Its Currents of Energy, charged perhaps a hundredfold greater than would ordinarily act in carrying these Decrees, this Feeling, and the Call for Their Purity and Perfection through the feeling world of individuals in a mighty unbroken Circle of Light. Again something which has never been done in the World before!

Why do you think the Wisdom of Saint Germain took the Messengers to certain places in the beginning? To break down the human walls of doubts and fears, and to establish this Light which has recently been established. That is why in the Boston Class tremendous things were done, and even far greater things will

be done in this Class, as you have all observed in its beginning.

Do you not see, Beloved Ones, how you precious Students in your earnest, sincere Work and Decrees have made it possible for the Messengers to be free from having to beat down the human walls. That gives the Freedom and Power for this greater Release from the "Presence" and the Ascended Masters to come forth into action, as you must have observed in the opening of this Class.

So you will understand and you will see what mighty strides are being made in the greater Expansion of Perfection, in the greater Protection and the greater Blessing that is pouring forth to mankind. Therefore, Beloved People, rejoice with all your Hearts. Pour forth gratitude without limit to your "Presence," and call on the Law of Forgiveness for all mankind. Do not miss one day, every night before you retire, to call on the Law of Forgiveness for the mistakes of all mankind; and then in the morning give praise and thanks for the Perfection of God, the "Mighty I AM Presence," glorifying you that day.

You will find, Dear People, that you can release from your "Presence" whatever is required in your world of activity for the service you wish to render. Oh, I plead with you, turn to your "Presence" wholly, and stand with It in the Invincible Power. And quickly you will

find you can release Its Mighty Power by your steady focused attention to the "Presence" and the *feeling* of Its Light Rays which know no resistance nor interference, pouring forth through you and out into your world.

Blessed Ones, can you imagine My Gratitude, Pearl, Rex, and Nada's Gratitude, when so recently we stood in bodies of limitation like yours—and how we were picked up, as it were, by Blessed Saint Germain and lifted into that condition where We are forever Free? We were no exception to the rule. There are hundreds of blessed ones in America today who could receive the identical Activity if they would just hold sufficient self-control and allow the Powers of the "Presence" to act uninterrupted by discord within the feelings. That is the imperative need today.

You cannot wonder that the Messengers plead and plead and plead constantly with the people to hold harmony. Dear People, I do not see how you can help but understand the need of harmony within your own feelings, and of not giving attention to what someone else does. *You are not responsible for what someone else does, but you are responsible for what acts in your feeling world!* So don't allow the appearance world to cause you to longer criticize, judge, condemn, or have any opinion whatever! If you will only do this!

Dear People, you are at the point now where—let

us say for the moment—to those who seem to need greater proof, that proof would be given without limit if sufficient harmony were in your feelings. It cannot be given without that. Therefore, take your stand; and throughout the East, you blessed people, do not let a single human opinion go forth. Whenever there is an appearance of something that needs correction, say, " 'Beloved Mighty I AM Presence,' sweep into that and correct it!" And take the human mind off of it. You will find such Blessings and Power released into your individual lives, into your city and conditions, because certain things have been done here to take Dominion in the activity of your city, which I may not mention this morning. They will bring blessings untold to this city.

That is why, Beloved Ones, We four Children have been given the Authority to wield Powers in the projection of the Light Rays that, ten years ago, we could not have imagined in our wildest imaginings. Then I say to you, you can do this! How do you know, Beloved Ones, what hour will release the Power of the "Presence" into your full outer consciousness that will give you the conviction, the certainty in your feeling world and outer experience of the Powers of the "Presence" to do wonderful, so-called miracles through yourselves.

The things that occurred through the body of this

Messenger here are real, they are true—a living example to all mankind of what can be done through the individual at the most unexpected moment. He did not know what could be done, never dreamed it; but the Powers of the "Presence," when It has sufficient Purity and activity through which to act, can at a given moment or in a crisis, release Its Powers within that moment. That is the need of mankind today.

Beloved Young People, realize that you are the Focus of the Light for the immediate future of mankind. Make yourselves such a mighty example, such Ambassadors of Light, that the whole World will turn and look at you and bow in humbleness before that Radiance which they feel. It is the Law of Life!

I tell you that you can take the worst criminal in your ctiy, and when one who is able in great calm serenity to release the Light of their "Presence," goes into the atmosphere of that individual, that individual will bow before that Radiance which they feel is the Governing Power of the Universe. Remember, Dear Ones, that Light knows no resistance nor interference, and there is no destructive quality in individuals or collectively that has any, or tries to give any resistance to the Power of the Release of the Light. When that Radiance is sufficient, it knows instantly when it touches It that it is powerless to longer act.

So will you not feel *that* in your individual Application for yourselves, and in the Service you wish to render. Then you will gain the confidence and power within yourselves that is the Release of that Limitless Energy which the "Presence" holds ready at all times. Remember your Higher Mental Body is the Discriminating, Selective Intelligence that knows what is required and releases it.

It is not omnipresent, Dear People. It is not a thing in which there could be the slightest uncertainty, but your Higher Mental Body, being the Wisdom of the "Presence" acting, then will release whatever is required for your freedom and your blessing. Therefore, as you feel that confidence in your Application, you will absolutely have no difficulty in gaining your Freedom and your Victory in the Light.

I could not help but smile to Myself this morning in your young people's gathering here. You are *all* young people. Really the Light within you blessed ones knows no age! Why accept the appearance? Do you know, Blessed Ones, that it is the mass pressure, the mass creation, mass sense of age that causes individuals' hair to turn grey and the appearance of age to begin to find its expression through the human form? Sometimes, true, shock causes hair to turn grey; but outside of that, the general activity of mankind when they come to certain years is to open their arms and

welcome in the sense of age, when if they would say to that appearance: "You have no power! Get out of my world!"—it would settle it.

I ask you to watch, Beloved Ones, in the coming years and see how many people will change their hair back to its original color, and all lines will disappear from the face. You have already seen thousands and thousands of people where the lines have disappeared from their faces completely. That is because harmony has been established in the feeling world. Nothing in the world makes the face become drawn and haggard like continued anxiety.

Remember, Beloved Ones, you are no longer at the mercy of the discordant forces of mankind, even though you have helped to create them. You are positively not subject any longer to their action upon you. Do not accept it, oh, I plead with you! In the Knowledge of your "Presence," feel you can have the feeling of Security and Protection that will sustain and bless you forever.

You see, we Children did not have to go through what many of you are going through; and as we were able, with Beloved Saint Germain's Assistance, to look down our Life Streams, it just so happened that—it does not sound quite correct, but for the sake of explanation I must use it—it just seemed to so happen we had rendered Service in past lives that made it possible at this time to have this Assistance. Now you do not know,

Dear Ones, any one of you, what the Service of the past may be which you have rendered that might make that same thing possible for you.

That is why the Messengers have urged the people always not to limit themselves even by the appearance world today, because you cannot tell, you cannot know how quickly you might enter into the Fullness of that Freedom and Perfection. But if it requires more time than you expect, please do not be discouraged or disturbed when you know the Glory of your Victory is absolutely certain. Then what does it matter if it takes a few days, a few weeks, or a few years? Why, it is of no consideration, Dear People. However, when you definitely know the Goal is in sight, the Powers of Infinite Light carry you foward to that Goal with no uncertainty. The only thing required is your love, gratitude, and harmony within your feeling world; and the very Light of Life will carry you forward. Then if you put intensity in your feeling with the Call, think how much more quickly you will go forward to the Goal, the end of all pilgrimages on Earth. Dear Ones, mankind has surely struggled long enough.

I want you to realize, Beloved Ones, the love and gratitude that the whole World owes to Blessed Saint Germain. Mankind, even in their greatest love and gratitude, cannot yet even imagine the magnitude of that one Great Being's Work. It is so magnificent!

When I have seen—notice this, Beloved People—when I have seen those Great Beings bow before Saint Germain in honor to the Services He has rendered the Earth, then you will understand how great is that Service. If you knew the conditions that Blessed One went through in His final initiation into that Freedom and Victory, you would think your efforts are nothing in comparison, and truly they are not. Your experiences are angelic compared to what He went through to attain His Victory.

So rejoice, People of Earth, that you are the most fortunate of beings on this Earth today in having been so privileged to live in physical bodies at this time—to understand and know and, by the Powers of that Presence of Light, gain your Victory now with the least resistance the World has ever known. While the greatest chaos reigns, yet in the Freedom and Activity of the "Presence" are you having the greatest Privilege mankind has ever had, because mankind has never had such Assistance.

Therefore today, may this Radiation and these Great Ones who have moved through the room touching, pouring out the Radiation that is required by each one—while you have been sitting here in the room, They have been passing through the room doing for you all possible for your Freedom and Assistance. Try to feel and accept the Fullness of Its Sustaining Power

acting in you, Beloved Ones.

In the Fullness of the Love of Our Hearts, We enfold you with Our Strength and Courage—that which is required of Us; and We are so happy to render every Service within the Power of Our Beings for blessed mankind and the blessed young people of America. We never stop moving among them giving Courage and Strength, and pouring through the Radiation here, there, and everywhere. We never stop night or day, because We know what it means now!

This Victory once won, is the Victory of Eternity for mankind. I ask you beloved ones who have this Understanding of your "Presence," for every political appearance that seems discordant or undesirable, in the great Power of your Being, call to your "Presence"; and in the Name of your "Mighty I AM Presence," say to that appearance: "You have no power! Be thou dissolved now!" Then, Beloved People, you keep released the Powers to govern those activities.

I wish to repeat one more thing. Whenever anything irritating causes you to want to say something unkind, remember it is the claw of the sinister force's hold on you, through your own human creation, that wants to deprive you of your Light and Freedom. Just remember that, and you will have no difficulty in governing it. When you see it is that thing that wants to deprive you of your Freedom, then you always have

the Power and Strength to say to that thing, "Be silent! and get out of my way forever!"

We have watched the many Students of America who in firm determination say to those things: "You have no power! Get out!" And you see how they recede. But don't forget to say, "Be thou dissolved"—because human creations need to be dissolved and consumed —and you will begin to feel the release.

I say to you, Beloved Ones, I ask you to watch it when this Class is finished. You will have a Courage and Power acting within your feeling world that will amaze you. Accept It and let Its full Power act and give you the Victory of your Freedom, by the Power of that Radiation glorified—assisting and blessing those among whom you move with that Courage and Power, through the Power of Radiation. Oh, Dear People, you have no idea how when you are filled with the Courage, Power, Glory, and Joy of your "Presence," you pour forth that Radiation. You have no idea how It will touch others and give them the Courage and Strength to go on and win the Victory, even though they have not heard of this Work or understood It. Still, in the feeling world It is acting. Therefore, rejoice in your mastery, in the sending forth of that Power of Radiation, in the acceptance of your "Presence" that fills the World with Happiness and Freedom. I thank you.

DISCOURSE III

April 22, 1938

DETROIT, MICHIGAN

Beloved Friends and Students of Detroit, how great is Our Rejoicing today in having an opportunity to come among you. And will you allow Me tonight to call your attention to certain conditions which you can govern to bring you where We are today?

Remember, just a few years ago Rex, Nada, Pearl, and myself were in human forms of limitation quite similar to your own! Today We are wholly Free Beings. Now please hold this point, as I continue to talk to you, definitely in your consciousness. I had no more idea of the Freedom that stood before me at the time I first heard of It and this Good Messenger came to Mr. Rayborn's home, than you have tonight of your Freedom. Yet We stand wholly Free Beings in the Octave of Light, so transcendent that I tell you frankly, words fail utterly to convey to mankind what their privilege and right is. Yet We are there and all the human denials in the world cannot change it, but the person who can believe that—oh, I do not mean in your intellect, but in your feelings—will have touched the mainspring of Life that will breathe into your

world the Freedom of Life. You know how the mainspring in a watch breathes; so does your vibratory action of Life breathe into your world its Freedom.

Do you know, Dear Ones, that in your attention to your Great Presence of Life there is a rhythmic breath —not in the physical form, but in your feeling world —there is a rhythmic breath just like that [motion of hand], moving all the time, a magnificent thing. This is the first time this has ever been touched upon before the Students, but I want you tonight—because We are going to enter into a powerful activity here, and you precious people and those who choose to come under the Radiation of this Class for twelve days, will find your Freedom.

Now this is not just a promise, but you are destined to be Free if you will give your attention and hold it upon your own "God Presence," and know It is the Power of Light that goes forth which knows no opposite. Dear Ones, how We long to see the Students get this; and yet so few have this firmly in their feeling: that when they make the Call to the "Presence," it is the Power of Light that knows no opposite which goes forth. When I think of these beautiful young people no older than Myself, some of them younger, I say to them especially, at this moment look at Me. I do not mean the Messenger—you probably do not see Me, but I am here just the same—but look at Me with your

feeling eye. You can do that, and your physical sight will say, "Well, where is He?" Right here!

Now look at Me with your *feeling* eye, Beloved Ones; and let Me, through that Stream of Light by which you are looking at Me through your feeling, pour back to you that Power of Freedom which My Life that has gained It, is. What can I pour to you more than My Life? And it is My Life which I shall pour into your feeling world tonight with the Power of Freedom, of Victory; for Victory and the Goddess of Liberty are pouring forth Their Rays which I shall utilize to render this Service to everyone here and every one of the sincere Students in Detroit this hour, for We are not limited to just those present.

Oh try to feel, Beloved Ones, tonight as I am looking at you, a Ray of Light from My Being goes forth into the feeling world of everyone. It is all quite natural, and therefore, to every sincere Student in Detroit that same Ray of Light goes forth, because I am not limited in that Power of Light and can project a thousand, ten thousand Rays. And each one is just as powerful and efficient as the others. Therefore, when I say I am pouring forth to each one of you as the requirement of your being demands, then I am also pouring to all those absent, the same thing.

Now then, remember, Beloved Ones, this which goes forth is a tangible Substance of Light. It is not just

a rate of vibration, it is a Substance that goes forth into your world; and if you can accept that in your feeling and let it go forth into action, then a Power, a Joy, a Courage, a Strength that you have not yet experienced, no doubt, will take place in your world of action.

Therefore tonight after this Meeting is closed, before you retire, raise your hands to the "Presence" in the privacy of your own room and say: " 'Beloved Mighty I AM Presence!' I accept all Your Power. Give me the full Feeling that I need to gain my Freedom through my Call to You! You take command of my mind, body, and my feeling world; and charge it with Your Limitless Energy, with Your Mighty Directing Intelligence, with Your enfolding Invincible Power of Protection!" As you do that, you will feel the change. I guarantee you that there is not one of you who will not. Then call your "Presence" to charge that to be eternally sustained; and use your power of qualification to anchor firmly in your world for action, everything that you require.

Then as you feel that Serenity—oh, won't you watch your feelings as you do these things and see how magnificently they act? Then as you do that, you will find a confidence present in your feeling world that you have not had there before. This is a definite, powerful action.

Dear Ones, won't you please, every night before you retire, keep charging your bodies and your feeling world with Limitless Energy of the "Presence" so you won't be tired, irritable, or exhausted? When you get tired you get irritable; but if you keep charging yourself with the limitless energy of the "Presence" there would not be that impulse or a sense of loss of energy, and you would not find that old habit or impulse of irritation trying to drive in.

Now We have seen this as We watch the activity among the Students—and, oh, once you realize how We love you, how We watch every moment for an opportunity to render a Service to one, many, or all, to give them that Strength and that Courage which We know belongs to them, and which We have acquired now and in which We are not limited in any way.

Therefore, you see the Unlimited Assistance that is being offered you today—never before in the history of the World, but it is real! We are Tangible and have Limitless Power with which to assist you, but We cannot do it until you make your determined effort yourself. That effort is not like going out and performing a daily, distracting, exhausting physical labor. Your effort is a great calm, firm Call to your "Presence" of all Life that beats your Heart.

Dear Ones, you of the Students, how many of you beloved ones really fully understand that your "Presence"

through that Ray of Light, beats your Heart? Don't you see, Beloved Ones, that you have got to *feel* that, and know it definitely with Its Infinite Power of Action? Oh, I know you know it with the intellect, the head—but that is not enough. You have got to know it with the feeling, and then hold that steadfastly ever increasing in its joyous receptivity—until you begin to feel that great Expansion of the Light. Then you will feel that Light go forth before you in any emergency with whatever is required, taking Its Dominion and harmonizing everything before you where you move.

We have watched It, and with the Students who are earnest, sincere, and determined, that Light, that Substance, that Energy goes out before them just as tangible to Us as the physical body through which It is pouring. Now I am saying this tonight to try to get you into a deep, strong, more powerful feeling of this powerful Substance of Light that goes forth before you at your Call for any given objective or service. You must feel It, Dear People. You must feel that the Power which goes forth is the Substance of Light and, knowing no opposite, It cannot help but perform that Service which you require.

We rejoice in Our beloved ones who are so earnest. And We rejoice, Precious, Beloved Young People of Detroit, that you have the courage to stand forth in

your Acknowledgment of the Light. Let Me say a word to you tonight. Beloved Young People, there will be many in the human octave that will ridicule you just yet; but on the other hand you have the Great Host of Ascended Masters, the Legion of Light, and the Cosmic Beings who are your Friends! Which do you want? The Beings of Light and Freedom and Purity, or the human friendships, many of which will drag you down to the depths? You have Free Will and choice, Beloved Ones, to decide; and remember, the human gratification of the senses is only a fragment in a lifetime in comparison to one hour full of consciousness and feeling of your "Presence." That is the vast difference between the Light of Perfection and the human sense gratification.

Now then, what makes the change between the human senses—which are but extensions of the finer senses from which they come—and the finer senses? Now you know, or perhaps you do by this time, that in the Godhead there is always the Trinity of Action. Therefore, what is the difference? Your power of qualification which is a feeling within you! It is invincible, and it is all-powerful in its action, so far as your individual world is concerned.

Therefore, as the young people today understand that the "Presence" of all Life which beats their human Heart, makes them a Part of that great Perfection,

then with purity in their thought and feeling, and obedience to that great Life, Its ever-increasing, intensifying Protection and Purity will flow forth into their worlds. Then all that touches their worlds will love to bless them and help them.

In making the Call for the Ascended Master Friends to be raised up everywhere—which is one of the most powerful things that every earnest, sincere Student should do—how does that come about? Now notice, these are practical Laws, every one of them. How does that come about? By your power of qualification as you call this ever-increasing, intensifying Energy forth to act in your world.

You know, that "Presence" as you observe the Chart here—that "Presence" is all-wise and all-powerful, and is the Fullness of the Godhead individualized in action in your world. Then think what it has been to have forgotten that the "Presence" was there! Tonight I am trying to offset everything in your feeling world that has endeavored to hold your attention upon the conditions that seem to be real in your outer world. Let Me remind you that everything that outpictures through those physical bodies has but one cause in the Universe, and that cause is within your own feeling world. *There cannot be an outpicturing in the physical body that was not generated in your feeling world!*

Therefore, tonight, as I am pouring this Mighty

Current of Energy and Substance into your feeling world, so charge and qualify It now while I am talking to you with Its eternally sustained Purity and Perfection that will act within your world, ever producing more of Its kind to give you the Courage and Strength to stand against the whole world, if need be, with your "Presence"—just as the Messengers have had to do.

Think of it, two individuals going forth in the world of mankind, upsetting—so to speak—every human concept; and yet They were able to stand against the world, and today five hundred thousand people have the blessing and benefit of Their courage and strength. Now you in your individual world can be the same thing, because the same Power that gave Them Strength and Courage to stand alone against the world, gives you the same Power, Courage, and Strength to stand against your world, or that which you come in contact with. And remember, your attention here [pointing to the "Presence"], leads you into Eternal Freedom. Your attention on the world of human beings, if it should get upon the wrong human being, will drag you to the depths.

We know quite well, Beloved Ones, how many of the Student Body are hoping and calling for some outstanding Manifestation of Our Presence, and yet in your midst constantly are Miracles after Miracles—

so-called—performed: in the mighty healings, the mighty freeing activity, the change in your feeling world, and that courage and strength that is tremendous. And yet because those are activities within your own human body, the feeling world, you are so prone to accept them as, well—quite ordinary. Far from that, Dear Ones! They are most extraordinary because they are changing and transforming your world into one of Dominion and Perfection.

Therefore, as the Messengers did, say to all this human creation—anything that appears before you that is less than that Perfection: "Get thee hence thou powerless human creation. You have no power to touch or act within my world! 'Beloved Mighty I AM Presence,' take command here and hold Your Dominion! Produce Your Perfection in my world and action!" Then hold steadfast to that.

For your encouragement let Me say this. Among the group that are here tonight there are some who have more immediate answers to their Calls than others, perhaps—well, should the person who does not have such quick response be discouraged? Why, not at all! On the other hand he should be greatly encouraged, because it means that it is giving him an opportunity to release greater Power, Energy, and Light from his "Presence" to first charge his body, then out into his world, and perform Its Service and hold Its Dominion there.

Please do not look upon your world of action in the human octave again—not once—as labor, as difficult, or as problems. Look upon it as an opportunity to compel you to call forth and release from your "Presence" Its greater Power, Intelligence, Energy, and Activity to take Dominion over the condition that confronts you. Then you will find it disappear. And after a while something else will come along and then, just as the Messenger waves His hand, will you be able to wave out of your world by this increased intensification of the Vibratory Action called forth from the "Presence," everything less than Perfection. It is quite as easy as it sounds. It only means your unyielding attention in refusing to accept the appearance as real or having any power, and then holding it where the Power flows and remedies all conditions and takes Dominion in your world.

It is important that you notice every little Victory that you gain! Oh, not for any human exploitation, but it will give you such courage, such strength of action within your human form and your feeling world as you never can conceive.

I remember in the mining school when I was there, many problems came up, and I knew not a thing about them or how to solve them. It is curious to Me now, and you will be interested in knowing—especially the young people—the one thought and feeling I had. Not

knowing how this Inner Light was acting from within me, I did not know I was being prompted. In my schoolwork and examinations when something came up, I said in my feelings, "Now there is an intelligence within me that knows how to solve this!" That was my one dominant thought during all my school years; and the marvel of it was, as soon as I took that thought and feeling, sometimes within a minute or within a few minutes, the solution came just as clear as crystal—and my associates, the boys in school, used to say to me, "Bob, how in thunder do you get these things done so quickly?" I never revealed it to them. My answer was to them always, "Well, I know where there is a problem, there must be a solution." That is as much as my feeling would allow me to say to them. But do you know, Beloved Ones, I was voicing a good part of a very great Truth, because in every problem, so-called, is the solution—but you do not see it!

That is why Life is the most magnificent thing in all the Universe, Dear People. Life is ready to release Its Infinite Powers into action in and through you, at any given moment. And look at the magnificent things that were done through the Messenger. He, like myself, knew not a moment before, that such a thing was possible. These things in His experience are real, Dear People, and should be the greatest encouragement in the world to mankind for their strength and power

of achievement.

Now let Me return again to that point where Beloved Saint Germain released me from the body at the mine and took me to the Cave of Symbols to meet my mother—think of it, my mother whom I thought had passed on through so-called death. Beloved Saint Germain, without a moment's preparation or warning, sent word to me to retire early, which I did. I went to sleep, and then was released from my body and taken to the Cave of Symbols with that Marvelous Being as escort; for while He sent the two individuals to be my escort, yet was He my real escort, as I have come to know since. Then when I arrived there fully conscious, I met Nada, then my mother as the glorified Being which She had become. To me she was always very wonderful, but how much more wonderful in that glorified, Perfect, Eternal Light Body which She was wearing then and will forever. And strange as it may seem, after the first few moments of astonishment, just like a breath through my being, came the feeling of the naturalness of it all. How did that come, Beloved Ones, to me? Through the Power of Vibratory Action which the Beloved Saint Germain was releasing for my benefit and blessing.

In that hour that I was there to visit my mother, such a transformation took place in my body at the mine that when I awakened the following morning,

I could scarcely realize that I was the same being that went to sleep in that body. That is the Transforming Power of Light, of Vibratory Action sent forth by an Ascended Being. Now tonight, Beloved Ones, I am rendering you in your waking conscious state a slight Service of a similar kind, and according to your acceptance will It be very great or small. If you can accept It with the Love with which I give It, and the Confidence and Assurance, then It will be a great Transforming Presence, Power, and Activity in your life, world, and your body.

The great Ascended Master whom you have come to know as Cha Ara, before His Ascension, had called forth first through outer substance drawn together, then through precipitation, what the world has come to think of—they do not comprehend it, but they have come to think of it as the Elixir of Life. That has been real throughout the centuries. He often gave that to people, and in a few days the whole body was transformed from racking pain into buoyancy, health, and happiness. That Essence, that Substance, entered instantly into the blood stream; and just as you have heard the Messenger speak of the Violet Consuming Flame going forth and seizing every impurity in the blood stream—when It passed through, the work was finished.

Now you today, every precious one of you, could

start using the Violet Consuming Flame, for instance, as if you swallowed It and then visualize that—mentally making the picture of that Violet Consuming Flame going through your throat into the stomach, cleansing and purifying, then on in and through the intestines, seizing every impurity that was there, cleansing and purifying and holding that dominion there. Why, Beloved Ones, you could free yourselves from any condition that has ever beset the physical body quickly.

We want you to come to feel that full courage, acceptance, strength, and confidence in your own Application, so that the moment some disturbance starts within your body, you call your "Presence" first into action to take out of your feeling world the *cause* of that; then charge forth, from the feet up, your Violet Consuming Flame. Or if necessary, swallow It! Does that sound peculiar? Oh, don't think that! Dear Ones, the Violet Consuming Flame can enter into your throat and through your interior just as tangibly, and remove every impurity and imperfection there. It means that you must be firm and determined! Oh, you cannot do it with just a haphazard manner and get the result.

Don't talk about these things you hear today to other people until the whole accomplishment is there, finished and complete. Wait until you know you have the Victory over it, because human suggestions, Dear

Hearts, turn so many people aside; and if they are false and you believe them, then they act in your own world through your belief.

Now Beloved Ones, let Me urge you about three different things in your Application. First, while it is absolutely imperative to use the entity Decree to keep your world free from discarnates gathering about you or intruding or affecting your world, yet for goodness' sake, don't become entity conscious or give yourself the suggestion that every little thing that affects you is an entity. Watch out for that, because you can so hypnotize yourself by that thing that you create a condition through your own feeling which has the same effect.

Now then, in your Application, know that it is the Power of Light that acts through your feeling to stir the feeling into action. That is the acting Presence and Power which, by the Purity, Power, and Perfection of the "Presence," you call forth. Then what is it in you that gives you the full power of acceptance? Is there anything in your body to act but the Power of Life that beats your Heart? Then whatever ability you have of acceptance is the Light of your "Presence" acting, is it not? What gives you the energy to move your body? The Light of your "Presence"! What gives you the Intelligence with which to think? The Light of your "Presence" anchored within your physical Heart.

Remember, that between you and that Great Individualized "God Presence" from out the Great Central Sun, the Heart of God, is your Higher Mental Body, magnificent in Its Splendor—your Discriminating, Selective Intelligence that waits and has waited throughout the centuries for you to know It is there, and then through the Call to your "Presence," to give It the opportunity to charge forth into your world everything.

Look, Beloved Ones, you are not dealing with just your own Call. Your Higher Mental Body, who has been waiting throughout the centuries, will become the Authority in your world once you give It the chance. Do you not think It will use every opportunity—the slightest—to exert Its Energy, release Its Powers of Action, Energy, and Intelligence into your brain and through your physical body? Therefore It is as anxious as you are, perhaps more so, to produce Its Perfection in your world—Its Health, Its Happiness, Its Harmony, Its Strength.

Therefore, Beloved Ones, please feel from this hour henceforth, with great firm Determination and Allpowerful Acceptance, that everything which acts through your body to produce action, intelligence, achievement, happiness, courage, and strength is the Light of your "Presence" beating your Heart. Then do not let your power of qualification clothe that any longer

with any discord in your feeling, or with any consideration except Its All-powerful Action.

You all heard that, didn't you [singing sound like an electrical battery]? Everyone in the room heard that. Some of you first thought it was the mike. That was the Current of Energy from Chananda's Home in India where We spent so many happy days and weeks and months. Don't make any mistake, Dear Hearts, there is always a physical action here with that; but the thing that started it, is that Current of Energy.

Dear Ones, as the Great Presence of Life enables you at your Call, to more and more harmonize yourselves, there will be hundreds of the Groups in America that will have those direct projections into the room, through which they will have the evidence of the Presence of Life under powerful enough direction to satisfy anyone. In the Gobi Desert are natural currents through which any individuals, regardless of the expansion of their Light, may speak to each other more than three hundred miles apart. Those are natural currents. This Current tonight was a consciously projected Current of Light and Energy. I wish you could know just how wonderful It is. Oh be of good cheer, Beloved Ones. All that your Heart craves or desires will become, through your Call to the "Presence," a constant proof—Invincible—of the Power of Light and Its Dominion in your world.

The Messengers so often hear the signal from that wondrous point of Light in the Pacific Ocean northeast of the Island of Suva; and tonight you are the first audience in America to have heard this, in just this manner. It should be of great encouragement to you in Detroit.

To our beloved, precious young people, how precious they are. Oh, what it means to Us to see brave, strong young people ready to turn to the Light and let Its Great Blazing Presence cleanse and purify and perfect their worlds. Oh, it is Wonderful! It is Wonderful! You know—perhaps I am impulsive, but I would like to hold each one of them in My Arms in that Purity and Power of Light, enfolding them with Its Mighty Courage and Strength, and carry them on and on into that great Eternal Victory of the Light!

You are Children of the Light, O Beloved Ones; for all that beats your Heart is Light. You might think it is your blood stream, but it is Light. All that gives you energy and power is Light, the Light of your "Presence." Therefore, in all the glory, enter into that Light. Let that Light expand Itself within you, hold Its Dominion there, and send you forth the Victory of Life everywhere.

Again, remember Beloved Ones, I love you more than you can love each other. My Love is pouring forth to give you the Strength and Victory of that Light

which you really are. Nada, Pearl, and Rex are here assisting Me in that great Service. And think of it, Beloved Ones—I want you to think of it, and not let a day pass from now until the close of this Class and as long afterwards as you like—remember that We Children only a short time ago stood in limited bodies like your own. Yet today We are Free forever!

Think of it, Rex who is the possessor of tremendous wealth does not any longer require it; and yet He goes to the mine and to the ranch, and they do not even imagine that He is a free Being. They see the greatly perfected body and sometimes when He has been there, have said to Him, "Rex, what in the world is this change we see in you?" "Oh," says Rex, "I am just trying to behave Myself!" That is His answer and they accept it; yet He goes and directs the affairs still in the physical world. I say this to you that you may feel how *real* Ascended Beings are! They are not something far off or transparent, so that you cannot touch Them; but They are right here with you to render that Service which you must have.

Beloved People, there is not a human being in America today that could gain the Victory without Their Assistance—not one, so be grateful that you have come to know of those Great Ascended Beings of Light. Look at the Magnificent Service that was performed by the "Presence" of this Good Brother before

you. Those things are real, and David Lloyd is the eternal proof of it! Good heavens, Dear People, if He were to stand forth in the tangible body for only five minutes and release to you His Gratitude for that Service rendered through this human form, then would you almost Ascend at once!

Dear People, the great Power of Light has got to give you that Assistance and the Power of Conviction within you that releases you from human doubts and questions, and sets you free in the full Power of the Light that beats your Heart. That is the only real thing in the Universe!

How forms are changing in the human octave constantly! All things of form change. You build your buildings and they disintegrate, they disappear; and you replace them. For instance Delhi in India is the seventh city built on the same spot. Mexico City is the seventh city built on the same spot, and when that first city was built, Mexico City was at sea level. Today, the present city is five thousand feet above sea level.

Dear Ones, behold the Activity of Life everywhere in Its Magnificent Splendor and Dominion; and yet human beings, with the greatest Power in the Universe, go on accepting limitations of human creation when they could be free at once. Beloved Ones, do not accept any more human limitations because you have

made mistakes. Don't feel you must live in them any longer. Call on the Law of Forgiveness for any mistake. Then call the Power of your "Presence" into action to take Dominion and hold It there forever. Then stand by It, unyielding, until the outpicturing of that great Perfection is there forever. It is within your ability, within every one of you, to do it!

Think of it, individuals today in accepting the race consciousness and feeling of age take on that appearance; and yet there are those among mankind who are seventy years old that scarcely look more than thirty, right today—showing that the Light was strong enough in them to not accept feelings in their feeling world of the acceptance of race consciousness, which gives you the sense of age. Of course the race consciousness is that you are an old man or old lady when you have reached sixty or seventy years, yet that Life which beats your Heart is just as young as It was at sixteen. Then your power of qualification is what has made that appearance, is it not?

Oh, Beloved Ones, I know you are grasping this tonight in your feeling world, and I charge it to hold sustained its almighty action within you so that tomorrow morning when you awaken you may feel the full Glory of your Eternal Youth sustained! And you precious young people with your beautiful faces and forms, charge now your Great "Presence" to hold that Youth,

Beauty, and Perfection in those physical forms forever, until you have made your Ascension! Then you will annul the race consciousness that, by the appearance of the World before you, would produce the appearance of age in your physical bodies.

You who have the appearance of age, how quickly you could change and transform it, too, if you would. Oh, it has no power to hold you longer, Beloved Ones. That energy which gives you action, that Light which beats your Heart is but One Presence and Power—Eternal Youth! Try to feel It as the Dominion in your consciousness, your feeling world, and your body; and let It outpicture Its Beauty and Perfection, which It is. You probably would not believe the years that are over this body of the Messenger, and yet He has limitless energy. He used to get tired the same as you do; but when that mighty Current of Energy is intensified, there is no lack of energy or strength or power of action.

Just as We are here now—We could go on until sunrise tomorrow morning and not one of you would feel tired, or not one of you would feel the sense of your weight upon those chairs, if We chose to do it. That is the Power of Light under conscious direction, which every one of you can experience if you only will.

Beloved Ones, tonight in this Service that has been rendered you, cherish it within your Heart as a Sacred

Moment. Don't discuss it tomorrow. Don't talk of it to anyone, but just let its great Power flow forth. Then each morning as you awaken and start forth, say: " 'Beloved Mighty I AM Presence,' project Your Mighty Radiance of Light before me; harmonize everything I touch this day!" Then see how quickly you will find that Light taking Its Dominion in your world of action; and things that might have been unpleasant, you will find smiling back at you.

As you give forth, so shall you receive. If you pour out love, kindness, and blessing, then shall that love kindness, and blessing flow back to you—and, notice, from those who once sent you the opposite. Now that does not mean that you must not be firm against the human conditions of the outer world that would govern and control you, but it means that in that outpouring of Divine Love, kindness, and blessing is that firmness which is the Commanding Presence over human qualities. That is the thing to be sure of in this Activity of this Light. Don't think for one moment you must make yourself a doormat for any human being —not at all. But that does not prevent your pouring forth that great majestic outpouring of love and kindness to every person, place, and condition; for in that is the Great Stream of Light which brings back to you Its Gifts of Beauty, Supply, and Perfection.

I tell you it is magnificent, Beloved Ones, today, how

many thousands and thousands of people in America are coming to find truly, through their experience, that their own "Mighty I AM Presence" is their Treasure-house, and that in their attention to that "Presence" is the Limitless Supply from Its Treasure-house which flows into their world and brings Its Dominion there. Try to stand firmly by It and experience the Joy and Happiness which It brings.

I give to you the Love, Blessing, and Protection of the Ascended Masters, the Legion of Light, and the Great Cosmic Beings—that according to the sincerity of your Call and the acceptance of Their Reality in your feeling world, will your Freedom come quickly or require time, as the human sense consciousness knows it. But to the degree that you can put aside all human concepts, turn with your face to the Light and the Presence of Life, the "Mighty I AM," and then accept the Assistance that the Great Beings of Light offer, will you quickly find you have entered into a world of Dominion and Light, filled with the Perfection of all that you require for physical use, and through the Action and Power of Light.

I extend to you the Love and Blessings from the Great Host of Light; and in your city where so much is needed in harmonizing, cleansing, and purifying, may you as outposts of that Eternal Light of the "Presence" let Its Great Radiance flow forth to flood your

city and perform as great a Service as was recently performed in Washington, D.C. May the Glory of that Light flood your beings and your city, and glorify everyone with the Understanding of the Source of Life, their "Mighty I AM." Then call It into action and let It take Its Dominion to bless your world with Happiness and Perfection. I thank you.

DISCOURSE IV

May 17, 1938

NEW YORK CITY, NEW YORK

Beloved Ones, try to feel tonight My Great Happiness and Enthusiasm. Saint Germain has asked Me tonight to do My best to release through that Mighty Power of Radiation, the Happiness that every one of you needs.

I seem to have reached that point of limitlessness in My Expression of Happiness. Every day that Happiness, it seems to Me, grows greater; and when We see in some small way that We can convey that Happiness to Our blessed brothers and sisters of the Light, for such you are—oh, feel it! Feel that you are Beings of Light, Dear Hearts; although you have experienced unhappiness in the past for various reasons, oh, please dismiss it. No longer has it power to hold or bind you in your Great Presence of Life. It cannot do it if you just won't let it.

Try to understand this one particular point; and if it is necessary on your return home tonight, make a note of it to keep you reminded: anytime something confronts you that would create a disturbance of some kind, instantly remember your "Presence" is the Power

instantly on guard that will prevent it, that will dissolve cause, effect, and record of that. If it has come from some past condition in your experience, then that Activity will instantly dissolve and consume it; and if it be from some outside condition, then the Power of the "Presence" will repel it.

I want you to realize, if you will tonight, that here is a point of discord—over here is a point of harmony. When your attention is there [pointing to point of discord], you are accepting the discord that is there. All you need to do is change your attention over here to the point where the power of happiness and perfection is, and instantly you are absorbing, accepting into your world the outpouring of that happiness. And why? Because here at the point of discord is but human creation, and it has no power except the Life that individuals feed into it by their attention. Over here is the Power of Happiness which is Eternal—"the Light of God that never fails." Its Power is an ever-increasing Activity and is the Authority of Light.

That is the difference, Beloved Ones, between putting your attention on something limiting and discordant, or over here on the Power of the "Presence" which holds all Perfection and all Power of Activity within your human form to accept a condition or reject one you do not want.

You are the choosers in your world, Beloved Ones,

of how this energy shall act! Oh, if you continue to allow your attention to go from one point to another, how are you going to direct that energy in constructive power of action? Now remember, Precious Ones, it is not difficult. You can look at that wall or you can look at this wall. There is not anything in the world that can prevent it. Then if your attention has in an unguarded moment become fixed upon limiting discordant things, turn it to the "Presence" and say, "You have no power there."

In your Decrees when a body of individuals like this tonight—I was watching definitely for the action when you said to human creation and repeated it three times, "You have no power." My Dear Ones, could you have seen that Activity tonight you would know definitely that when you declare that with intense feeling—shall I tell you what has been released into action for the Students the first time tonight? I may not give you the full Explanation. It will no doubt be given during the Class.

There are a great many people who do not get sufficient feeling into their Call for the use of the Violet Consuming Flame. Now then, you are going to have assistance whether you want it or not. Whatever the Cosmic Light has chosen to do, I cannot at this time give you the Explanation of; but I tell you, Dear Ones, you remember that Rex said to you last night: as this

Radiance grows greater, people with destructive motives won't stay long.

Now I tell you, Dear Hearts, this is no idle thing. This Power of the Violet Consuming Flame is going into action with tremendous Power, in addition to your Call. And as I have called your attention to It tonight, please, every time you call the "Presence" into action to use It, remember—and you do not need to know why it is so, but just accept that you are having the intensified assistance of that.

How do you suppose the Great Divine Director dissolves the remainder of your human creation? By the use of the Violet Consuming Flame, of course. When They have seen the great earnestness among the Students, and yet so many not understanding—and I mean by that, they have not stood guard sufficiently over their own feelings to detect what is acting, so that they accept things in their feelings, and things that disturb them and make them feel their Application is not energized enough or strong enough to produce the results. That is not the case. There is not one of you in this room that could not produce gigantic results at your Call, but you would have to keep out of your feeling all questioning of it.

You see, Dear Ones, if you have made Application and then a half hour later you question its fulfillment, do you see you have annulled largely the power of its

action because you are the qualifier of this energy. If you left it alone, it would do wonders for you; but you won't do it. You still insist in imposing your qualification upon it. Oh, Precious Ones, if you would only watch this more closely—what is acting in your feelings—how much more quickly would you erase the whole thing.

There are just thousands and thousands of the Students today who are coming to the point where, just like that, they could sweep their hand forth and everything would be dissolved that has ever limited or bound them; and I want you to watch it. There will be thousands of the Students in the next few months who will just suddenly feel arise within them that great Power of the "Presence," and with one mighty sweep they will be Free!

I tell you, you cannot give attention to the "Presence," you cannot issue these Mighty Decrees as you are doing and have mankind stay bound. You cannot do it, it is impossible! Now, *We* see the results. You do not, because the Purification, the great glorious activity is going on from within out; and that is the only way you can produce permanent results. Heretofore, you have been gathering from without in; and now you are reversing the whole situation, and you are pouring out. All cleansing, purifying activity is taking place within your feeling and mental world;

and then as that is completed, the flesh has to outpicture the Beauty, Purity, and Perfection which is there, because that is the Power of Light in your body.

Oh, Dear Ones, it is so magnificent and is so simplified once you get the clear idea of it; and I plead with you, do not let it feel complicated to you. Again I say to you: Why do you suppose these Great Ones compelled this to come forth in a simple language that even a child can understand? How the unkind critics have often criticized that language! There is no puny human being who is the authority over what an Ascended Master shall say and do. I marvel at it—I should think they would be so ashamed in their limited imperfection to sit in judgment upon a Being that is wholly perfect, because They want to use your own slang. When mankind get out of themselves the silly pride and egotism of what they think is authority in the World, then they will be ready to turn to the Ascended Masters and, with bowed head and bended knee, acknowledge the Supreme Presence of Life and let It cleanse and purify them—and they too will become those Great Beings of Light and Perfection.

Oh Dear Ones, you precious Students which you are, don't for anything in the world let a moment's pride, egotism, or any condition of that kind have action in your world. It just deprives you again and again. Did you ever know that there is a very great

humble dignity? Do you know that? When you behold an Ascended Master in the Tangible Body for the first time, you will know what My Words mean to you tonight. There is humble dignity, the greatest in the Universe; and if any one of those Great Ones was suddenly to stand forth visible before you, one would be as humble as a little child—unless some destructive forces attempted to act, and then as that Form straightened and the Light blazed forth from those Eyes, would you know the Dignity of Life.

Life in itself, Beloved Ones, in your very veins and beating your Heart, is that dignity, is that happiness which every Heart is craving; but because mankind has not understood, it continually keeps accepting the appearance world of limitation and conditions of disturbance until that energy cannot produce what it naturally is.

Do you not see, Beloved Ones, that this Life which flows into your body and beats your Heart, of itself is that dignity, happiness, and power of Life which knows no opposite? And then to think that mankind has so forgotten that, that in their allowing most undesirable qualities to clothe that energy as it goes forth, it then returns bringing more of its kind to them.

These are the things that mankind must understand, and you must not mind if We keep this before your attention. It is the most vital thing in the world!

The Messengers have preached harmony in your feelings for four years, and will keep it up for fourteen if you can't get it because, Dear Ones, you cannot be free unless you see those things, those qualities within yourself, and eradicate them by the Power of the Light that beats your Heart.

How much do you think your Higher Mental Body loves you? You think you love each other sometimes, but think! Think of the Ascended Masters and your Higher Mental Body. Think of the Activity for your Presence: It never for one minute has a single thought or feeling except just pouring forth Its Love and Blessings to you and through you. And when It cannot get through unqualified sometimes if there is too much disturbance, It just withholds the energy. Then you feel all wrung out.

Oh, I know all about these things. Just think of it, Beloved Ones, only just a few years ago we Children were in limited bodies the same as the rest of mankind, and when this great so-called Miracle took place, We found Ourselves so free and able to render such a wonderful Service. Oh, Dear Ones, buckle on your armor! Do whatever is necessary to maintain harmony in your feelings so that your "Presence" can pour forth Its mighty cleansing, purifying Power, Its harmonizing Presence so that you can go forth Free, wholly Free!

Many of you are standing at the doorway of that

perfect happiness, and of course it brings the limitless supply of everything you require. Oh, don't you see it; don't you feel it, Dear Ones? I am sure you do.

This is quite a serious thing with individuals, but it is certainly comical to Us. We see individual actions. Oh, they are so enthusiastic and so dynamic, and all of a sudden something pops up in front of them and instead of saying to that appearance, "You have no power!"—they say, "Oh dear, what am I going to do?" It is true, very true, Dear Ones. But that is the moment you are off guard. Many later straighten up then and face the thing and throw it out. You know there is not one thing in this world, Precious Hearts, that can terrify you. Then what do you suppose it is? It is just yourself. It is not the thing or the condition that deprives you, but just yourself.

It is very wonderful, Beloved Ones, for in this repetition, hundreds and hundreds are gaining that perfect confidence in themselves and their Application; and they are seeing more and more clearly these little things. So many little things that they have paid no attention to whatsoever, have built into that structure which brings terrific fear. Just here, there, and everywhere they have gathered those little things. They have taken them into their feeling world and they were not aware of it, and all of a sudden it comes forth.

Do you know there is no cause for fear in the world?

Saint Germain gave me one of the most amazing lessons at the time referred to in the Books, when He asked us, the quartette, to sing. I had never sung in public, and for a moment I just was terrified at the very thought! And when He said to me, "Bob, don't you trust Me?"—well, that was a little too much. With His spoken Word, I afterwards knew that whole thing—cause, effect, and record—was dissolved within me, for I never had it again. Now that is just the way with your "Presence." It can release Its Power of dissolving Energy into your body and your feeling world which will dissolve cause, effect, and record.

Now may I ask you just a frank question? Have you ever been tired of issuing those Decress or making the Call to your "Presence"? Do you know what that does? In those Words you are gathering a Power and Momentum of which you have not the slightest concept today, but We see that acting within your mental and feeling world. We see that Power gathering, and We have seen a number of times where the individuals had gathered it to a point where, in just one more surge, that great Power would have released and they would have gone forth Free! But they listened to some unkind gossip, some destructive expression concerning the Light; and that swept into their feeling world and down they went.

Dear Ones, I trust you can feel with Me tonight the

vital importance of this. If you knew what five minutes listening to some discordant gossip does—it does not make any difference what it is about, but some destructive, discordant conversation which you naturally term gossip—if you could see what that does in your feeling world, Dear Hearts, you would no more tolerate or listen to it than you would pick up a rattlesnake that would strike its poison into your veins. I tell you, in that you would only lose your body, but you make records that mankind have built and built for centuries! And then think, today in so short a time, so many thousands of people are being set Free!

Do you know—now don't be discouraged when I say this—do you think that is wholly by your own Application? Oh no, no, no, Dear Hearts—but your earnest Application has opened the door to that Assistance which the Great Powers of Light are giving you. And oh, could you but see daily the great surge of Energy, the great Light Rays that go forth when you are feeling just a little bit down! Haven't many of you in that down feeling, all of a sudden just come up like that? I know there are those that have experienced it, because I have seen it done with many.

What a Service it is to render! We who are Free, as We watch among the Students and see those who are needing encouragement and strength, then by the projection of a Light Ray We enfold them like that—

and they feel that great Strength, Courage, and Happiness again. Dear Ones, no one ever won any victory in anything by crumpling up before the appearance of any kind of disaster. They never did. And I say to you, Beloved Students, suppose you failed a thousand times in the beginning of your Application, why would that be any reason you should discontinue It when you have gone through thousands of centuries building this thing that has put you in such limitations?

Think of it! Today you have the Powers of Light at your command! Then why feel one moment's discouragement because your Application has not fulfilled all your desires! Because if you were to analyze yourself you would see how many times irritation and disturbance drove in, qualifying and clothing that Energy as It went forth to do your bidding—and therefore, It could not do it.

Oh, Dear Ones, I know well enough it is not easy when you are surrounded by discordant limiting conditions or individuals who are constantly pounding at you doubt and distress and falsehoods concerning this Work, this Light that is the Freedom of the World and mankind. I know it is not easy; but if you will learn to be silent in the presence of those individuals, and then with great firm Inner Determination call forth that Light and say silently: "Mighty Light, go forth! Dissolve this human quality! Silence this thing that is

driving at me the falsehood of human creation! Go forth, Mighty Power of Light! Fill my home, fill my conditions, and silence this human thing that is here." You are not harmonizing individuals, but you are silencing and dissolving those qualities that disturb you.

Once beloved mankind awaken to give freedom to each other, then will mankind know such happiness, and then will the home life of mankind be restored to the great purity and perfection which it once was. Today, in the great chaos—and I say this to you ladies and gentlemen—the great chaos that has driven into the consciousness of mankind and its feeling world, why has it tried to destroy all the blessings and sweetness of home life? I did not know that such things existed in the world until Our Freedom. Our home life was so beautiful, so harmonious. We never knew what it was to have any kind of discord; and yet when I see today—and shall I say to you that ninety percent of the conditions of unhappiness and discord in the homes is consciously projected!

Now here is a point I wish you, every Student, tonight—if you will please hold close to it and remember it: a great deal has been said about discarnate entities, about mankind consciously projecting discord to each other; but do you know that one of the most subtle things in the world is individuals going about among their fellowmen with a seething vortex of resentment,

hatred, anger, or some condition revolving like a trip-hammer in their feeling world—and then they come among mankind. Do you see what that does? Do you see how you make yourself responsible for every particle of that which is absorbed or accepted by someone else?

Dear Ones, these are Mighty Laws; and unless mankind has the explanation of Them and tries to understand Them, how are they going to correct it? You cannot correct a thing in the world unless you understand why it is so. When a condition exists, if you do not know what is going on, you don't see the need for its correction; you do not see and know how it is creating havoc in your life. That is why We try with such Infinite Patience and in such detail to cover these points in the quiet stillness in these Groups, so that all comprehend more fully the qualities, the conditions, the activities with which everyone is in contact every hour of the twenty-four.

Let us begin from the greater and come down to your individual—your physical body for instance. Around the Golden City in the Etheric Belt is a Belt or Force that not one single thing in the Universe lower than Its own vibratory action can penetrate under any circumstance. Around each Planet is its own Belt, its own Radiance of substance finer than itself, through which nothing can penetrate—coming in or going

out—except what is projected by the group of Ascended Masters who are the Governing Power of that Planet. Likewise the Great Ones, the Governing Power of the Golden City, have created that Belt around there, which no discordant thing or anything else lower than Its own vibratory action can penetrate.

Yet today, in the marvelous information that has been given you, showing how you can call the "Presence" to produce this Tube of Light—you could absolutely move in a charmed world within that Tube of Light if you would insist with firm determination that your Call to the "Presence" has produced It, and would keep that up. But then you cannot afford to let discordant feeling come within your feeling world.

If you would understand—and in doing that, the Tube of Light would become so Invincible that you would not feel a discordant thing from the outer world. Now believe Me, Dear Hearts, when I say this. This is no idle talk: that Power going forth, that Focus—when you call your "Presence" to produce the Tube of Light—that "Presence" is Infinite Love, Wisdom, and Power; and that which goes forth is Self-luminous, Intelligent Substance, which is Light and knows no opposite. Then how can It fail to act about you? And as you hold your feeling harmonious, that will get stronger and stronger and stronger; and you will have less desire to be disturbed, because the outside source

of it will have been cut off.

That is why, Beloved Ones, with so great a Love—oh, you cannot imagine how We want you to have this Freedom. The Ascended Masters who have so long been in that great Freedom, They see and They have Great Infinite Patience; but We who have so recently been set Free—oh, with such tremendous Happiness and Enthusiasm We charge and pour forth because We are not limited, We are not lacking in Energy or Powers. Sometimes when Rex, Nada, Pearl, and I have walked through the Classrooms—why, I tell you, sometimes I have thought We were releasing Energy enough to lift the roof off! And I tell you, Detroit showed the proof of it; and it is going to show it more and more if I have to call the Powers of the Universe into action.

These Children of Earth are going to be Free, whether they want it or not. When We have this Freedom with scarcely any effort, and when you are making the effort you are and are sincere—no matter whether you are understanding fully or not—I insist that you have that Freedom. And believe it or not, Dear Ones, as long as you will stand steadfastly by your Presence of Light and make your Application, be it humble or great, then I tell you, that Power shall release to give you every Assistance and all the Courage and Strength that is possible for your achievement.

Please do not ever doubt it again, if you have before.

I tell you this thing is going to cease. When there are thousands of Students in America today with such earnest enthusiasm and joy in their Application—I do not care what the rest of them are creating, it has no power to touch these Beloved Students; and I will blast every destructive thing and creation before it shall continue to harm and affect these Students. Now believe it! We mean business, and I hope you do as much!

Beloved Ones, I know this is a very delicate point to touch upon, but I am going to say it whether it is or not. When individuals—it doesn't make any difference to Me whether it is husband, wife, friend, brother, sister, or whoever it is—when there is one human being who thinks he or she can dominate another and make a mop rag out of that one, I tell you it is too much; but that condition exists in many parts of the World, and in thousands of homes. I want to tell you if that individual—whether feminine or masculine—would stand up and say to that force: "You have had your day. Now shut up!" and mean it and feel the Power of the "Presence," that destructive thing that has browbeaten and beaten down blessed, timid, humble individuals, would do it no more.

This Power of Light that beats your Heart is Supreme! You don't have to be unkind and perform a tragedy, but you can assert the Power of your "Presence"

and make that human destructive thing be silent and shut up. It is a pitiful thing existing in the World today. Dear Hearts, there is no human being in existence that should try to dominate another.

You notice how the Messengers leave every human being absolutely free. Of course there have been a few half-sane individuals that said the Messengers were trying to become dictators. Well, the Messengers *are* keeping the Work of Saint Germain clean and pure; and mark what I tell you, that Beloved Saint Germain's Work of the centuries will be kept clean and pure and there is nothing of mankind's creation that is going to get mixed up in It! That Work is the Freedom of every human being on Earth who will apply It and forget everything else, but the people who try to mix It up with Tom, Dick, and Harry and everything else, won't have Freedom.

Dear Hearts, you might just as well face yourself and your world. The Great Divine Director and Great Ones —and They know—have said to the Students if they would forget everything else they had studied, they would have their Freedom very quickly. If they do not want to do that, it is their own business; but when those Great Ones have said that, it should be Authority enough to try it out for a while.

This sounds like a dictator—but Dear Ones, Our Love is so great that when We see and know what will

produce your Happiness, Freedom, Supply, and Perfection, do you blame Us if We put it to you in plain truth? We have got to do it if you are going to be Free. It is not that We are trying to deprive you of anything, but *give* you everything. This Application of Saint Germain's will produce it if you do not allow other things to come in and intrude.

Look at the Messengers—They were willing to forget everything else on the spot. When this Messenger returned from those experiences, They wiped out everything in Their lives that They had ever studied or thought of; and Their Freedom is at hand. They have accomplished what no other two individuals in America or the World have ever accomplished.

That is why, Dear Hearts, tonight when I find the opportunity, I try so earnestly to make it clear and have you understand what the seeming necessity is, in order for you to have your Freedom more quickly. We want to give you every Assistance. Tonight I think I shall tell you—will you count the number of evenings in your Groups and then count the days in the Classes, and then understand the Mighty Elements that are being charged into your feeling world to give you that Assistance which everyone needs and will have, with their acceptance, to give them their Freedom quickly.

Dear Ones, never in the history of the Earth has so much been done for mankind. In all your earnestness

I want you to feel deeply that your Application brings forth the Power of Light which knows no opposite and only asks the harmony of your feeling world to let It come forth and build and build with great rapidity, until all of a sudden that Great Power becomes so Great that It just flows forth and your whole world becomes one of Happiness and Harmony.

My Happiness is so great tonight in being able to convey this with sufficient positive force to dissolve and consume so much that has been disturbing you. You may not see it just now, but before the end of the week you will see it. Take advantage, Dear Hearts, and in the remainder of the Group Meetings charge yourself night and morning, that your "Presence"—or through your Higher Mental Body, It enables you to comprehend, accept, and hold firmly in action every Quality that the Ascended Masters have given forth into your feeling world for action. You will get so much more powerful action out of it, so much quicker results.

If at any time doubts or fears beset you, just straighten yourself and say to them: "Now I can look you straight in the eye and tell you that you have no power. And I mean it with the full Power of my 'Presence'! Now, can you do anything against my 'Presence'?" It knows it cannot, and you will have no back talk. Dear Ones, I just tell you, you have got to be firm and strong in the refusal of acceptance of these appearances anymore.

If something suddenly looms up in front of you that seems terrifying, say, "Hold on just a minute, you are outside of my world," and then call instantly to your "Mighty I AM Presence" and the Ascended Masters to dissolve and consume that thing, cause, effect, and record, no matter where it comes from. You will see how quickly you will be absolutely free from any touch of it; and in this firmness you are gaining, you will find just the same as the Messenger does, your one Call will do the work.

In the action that is required today, feel the full Power of your "Mighty Presence" in action every moment. And if you ask your Higher Mental Body to stand guard over you, prompt you, and make you alert to every condition, and cause you to understand what is necessary on the spur of the moment—why, you will soon be acting in perfect accord with all your "Presence" requires to dissolve and consume conditions, and set yourself free from them. I tell you, I do not care if those conditions have existed for centuries, they have no power as soon as you turn to your "Presence," call on the Law of Forgiveness, and ask that they be dissolved. That moment they have no power to affect you and your world. Oh, please feel it.

I assert to you tonight again, did you see with the All-seeing Eye within you, the Service the Great Divine Director has rendered to your city of New York—never

was a greater Miracle performed on the face of this Earth than that, up to this date. Because the need was so great, and because He wished to establish a Mighty Focus of Light as was described to you on Sunday, it had to be done—or your city could not survive.

And great praise, thanks, and gratitude to you blessed earnest, sincere Students in your city and environment, for the wonderful Service rendered! It has seemed to you possibly not so much, but oh, it is so much greater than you can possibly comprehend as yet. So please accept Our Word for it, until you see the fullness of it yourselves. It is great! And could you see the great Intensity of the Work of the Students in the Groups and individually since the last Shrine Class in Los Angeles, you would be amazed. It is increasing so tremendously, and there are scarcely any of the Students that have not increased the intensity of their own releasing power.

You will remember that there were a great many whose human creation has been wholly and completely dissolved and consumed by the Great Divine Director; and those individuals—oh, they might not feel any great change outwardly, yet the Power released at their Calls is a hundredfold greater than before that was done.

You see mankind is so impatient to see some great marvelous Manifestation that they sometimes forget

that they are looking for the Manifestation instead of the Light. Don't do that. Don't worry about the Manifestation, Beloved Ones; it will come fast enough and be great enough when you have given sufficient attention to your "Presence" and the Light.

Oh, don't worry about what is going to happen, but just go on in great Adoration and the Call to your "Presence," and let your "Presence" govern all that. Then one day when you least expect it, some great tremendous thing will rush forward into action. Then you will be satisfied forever.

Do you know—of course you don't—the Messenger had a letter today. You see I am reading His letters—and this individual said: "Why do I doubt this and that, . . . when I have had Manifestations of the 'Presence' enough to satisfy the most sceptical?" Can you imagine—an individual who has had all that proof of the Law of the "Presence"? I am using this an an illustration.

Now this is the point! What is acting in that Blessed One? I went on purpose to investigate, because it was so unusual, and I found that one was scarcely using the Violet Consuming Flame at all. Now Dear Ones, mark what I tell you: when something is continuing to try to intrude, it is through subtle suggestions of feeling, either within yourself or elsewhere. And if you will use the Violet Consuming Flame with sufficient

intensity—I mean by that, call the "Presence" to do it, and then you in your intensity of acceptance, feel that charge through your body—you will find those things will cease to be.

That is imperative. Mankind has got to do it if they are going to be free from what are many times just little things which suddenly intrude and are disturbing. Be firm and unyielding, and don't forget those two things: *Refuse acceptance of every discordant limiting thing; and say to those things: "You have no power!"* It does not make any difference if you have said it a million times; if you keep it up, one day it will smash down all resistance of destructive forces whether it is your own creation or someone else's. There is nothing that can stand before that Great Command!

Do you know what that is? I wonder, do you? When you say to the appearance of limitations or disturbance, "You have no power," do you not see it is the Power of Light—your "Presence"—voicing Its Great Command there for you, to keep you free from the effect of those conditions. It matters not whether it is your own creation or somebody else's; that has nothing to do with it. It is a Great Command going forth to silence that thing; and once you understand that, you will only require one Command like that to set yourself Free!

Do you not see, you could not have the Intelligence, you could not have the Power, you could not have the Understanding to issue a Mighty Decree like that, except through the Power of your "Presence." Don't you see the human could not do it? Furthermore, when you do say that, it is the Power of your "Presence," the Power of Light that has issued that Mighty Decree for your Freedom. Try to feel it, Beloved Ones!

I know you feel it. Rex, Pearl, and Nada are here tonight with Me, and I convey to you Their Love and Blessings. Let Us help you into that Victory; We want to so much. And if someday you get just a little bit in the dumps, just send Me your thought and feeling—and if you do not come out of that in a hurry I will be surprised!

Saint Germain very often smiles at Our great Enthusiasm. You know, it is said that youth does not always have discrimination; but thanks to Him We do have It now, and that Enthusiasm shall never cease. And when We can project a Light Ray to any one of you precious ones and give you Our Happiness, Enthusiasm, Joy, Strength, and Courage, oh, can you know the Happiness that it gives Us? No words can describe those Mighty Activities.

I have been quite tempted sometimes when individuals feel a little down, to give them a good sound slap on the back; but I know that it might frighten

them, rather than give the assistance I am endeavoring to give. One time many, many years ago, when this Good Messenger was still eating meat and He had gone to a restaurant and had a nice juicy steak, when He cut off the first bite the clarion Voice—and He thought everybody in the block heard it—said, "This is your last meal of meat!" He thought, well if that is the case, I will go on and finish this. He took a bite; and the longer He chewed it, the larger it got. Finally it got too large to swallow, so that was the end of the steak. Dear Ones, many, many people have wonderful promptings, but they so soon forget them. So watch!

I do not mean that you should jump to every kind of conclusion—not at all; but watch with great calm serenity for these Inner promptings, as they are very apt to come through your feelings gently, but sometimes forcefully. Watch for those promptings and call to your "Presence" to prompt you. Your Higher Mental Body will do it for It knows the need of your Call.

If you don't call, you won't get them, except as the general expansion of your Light finally brings them forth into action. However the result is worth every effort of many lifetimes, Dear Ones, to come into that Freedom.

If you could know how the Messenger feels towards you, Blessed Ones, when He has that great Serenity and Freedom and wants you to have it so much—yet

He knows that it must come through your Application and your acceptance, and He must be patient until you see and feel clearly and stand guard, calling forth the Inner promptings to make you alert and aware of all that is required, so that you give that sufficient Obedience to the Light to let this quickly be done.

I rejoice so greatly at the Achievement of this night, and may every one of you join Me in that great rejoicing, gratitude, praise, and thanks to the Great Presence and Power of Light that does everything so perfectly, so beautifully and eternally; for all Accomplishment of the Light is a permanently sustained Activity and never has to be redone. Therefore, every step you gain in the release of the Powers of Light stands there firm and unyielding until more steps are gained and finally you stand upon the pinnacle of Life, looking back upon all that has been; and then turning your face to the "Presence," looking back again say to that creation, "How could it be possible that once thou didst bind me in thy limitations?"

Remember! you are Ambassadors of Light—the Powers of the Presence of all Life in action at your point in the Universe. As you call Its great Commanding Powers forth into action, is there anything that could refuse It, could resist It, or prevent Its Perfection coming forth into action and expression? Remember, there

is nothing that could do it! Therefore, in the confidence of your own Call, feel It deeply. No matter what has been, know from this hour forth you are the Victor of your Call. It is the Light of your "Presence" that answers, and you cannot fail in a single thing.

My Love and the Love of those Great Ones present goes with you, breaking down every barrier that has ever confronted you; and if you will join your love to Ours with a dynamic Power of the Action of Life, then everything discordant shall disappear from your pathway, and you shall walk as in the evening of Happiness, in the morning of Victory, and in the Powers of the Freedom of Light. I thank you.

DISCOURSE V

May 28, 1938

NEW YORK CITY, NEW YORK

Beloved Friends of the Light, what a Joy it is to find you together in the Glory and Happiness of all that your "Mighty I AM Presence" and the Ascended Masters are bringing to you.

I congratulate our Beloved Brother of Light, Donald; for what He has said today will be an eternal record, and may He feel that hold him so close in the Glory of the "Mighty I AM Presence"—that Great Light of God—so that He may soon join Us in the Glory of that Great Eternal Freedom; that We may walk side by side in the Great Power of Light, pouring forth to Earth what she must have at this time.

Our Joy, Beloved Students, is an ever-increasing activity in Our Lives. As We come in contact with you and the conditions in which you move, We cannot help but be reminded how recently we were in those limited bodies; and Beloved Ones, remember you do not know what your Great Presence of Life might do for you at any moment in your intense devotion and adoration to that Presence of Life. I urge you again this morning to give full power to your own "Mighty I AM

Presence," and then let Its Wisdom do for you what possibly you could not even imagine today. I tell you, the time is at hand when the Light of your own being may do any so-called miraculous thing.

There is no limit now to the Beloved Students everywhere. Remember, you have besides your own sincere effort more than five hundred thousand people who are making these Calls. And do you not remember that everyone who makes that Call is adding to your own effort? You are *one* as a Body of Students, Beloved Ones. Your thought, your feeling is calling to the same Great Presence of Life, and that is how it has been possible for the Ascended Masters to do what has been done up to the present time. I assure you, if you were to see with the All-Seeing Eye within you and understand in detail all that has been done, you would think it the most incredible thing that has ever been accomplished on Earth—and so it is!

We cannot take the time because of the requirements of the Messengers; but if We were to talk to you for eight hours a day for twenty days, We could not convey to you the Achievement of the Ascended Masters, the Legions of Light, and the Cosmic Beings in the past six months. It is so far-reaching, but We can only utilize the time at hand.

This Victory in the opening of this Class, We trust, will mark the last attempt to directly interfere with

the Work. We smile, really, at human attempts to interfere with the great Power of Light. It only shows how very ignorant mankind is and what the Power of Light and the Cosmic Light mean, which the Great Ones are telling you about. It is no imaginary thing, but a Mighty Substance and Intelligence that is being released into the surface of the Earth, in which everyone is being enfolded. And remember, everyone absorbs some of It; but you who are calling so earnestly to your own "Mighty I AM Presence" and to Us, think how much more tremendous you become as a mighty attracting focus to draw this great Outpouring of the Cosmic Light around you, into your body, to help in the dissolving of the discord that has been generated through the centuries.

The Great Divine Director has rendered you a never-to-be-forgotten Service in this Class. I may not say more than that, and shall leave it to Him to say more if He wishes; but every opportunity is watched by Them most carefully, not only collectively but individually, that every possible Assistance be given, so that They may release more Light from within Themselves, within yourselves. For in that is substance from the human octave, which They are able to amplify and give a greater release to those who have not yet come to know of this Great Light.

We thank and bless our blessed friend who has made

this Radio Broadcast from the Classes possible, and the blessed, blessed Students here who have completed their part of that. Oh, Dear Ones, if once you understand, or shall we discard that and say *when* you understand the Power of your own Light to draw to you everything you desire—for it is not out here, Beloved Ones. The appearance of it is here, but the Power is here [pointing to "Presence"] that draws to you these things. Won't you remember that?

It is so powerful that if you gain the full feeling of that now, it would be only a matter of hours, days, possibly weeks at most until your intensity of feeling would draw from your "Presence" such Intelligence, Power, and Energy that all conditions in the outer world would conform in harmony and the releasing of money, happiness, health, and supply of all you require. It is not a matter of questioning, but a power of applying the Law which you have come to know. Therefore, Beloved Ones, stand unyielding, unwavering in your mighty Application.

Now let us this morning just get this point so firmly within you. What is it that is making this Call? How and what is it that is issuing these Decrees? Do you think, Beloved Ones, that it is just the human form? If you do, then that is where you are still being limited. If you realize that the Intelligence, the Energy that you release is the Power of your "Presence" which

knows no opposition to the Light, then you will see how your Application is All-powerful—how it is compelled to produce the results you require.

May I be able to pour forth such a conviction of this into your feeling world that you will never lose it for a single moment! If you don't watch your feeling—many of you as yet—you will find the feeling is inclined to accept that the outer is still responsible. It is not. It has made mistakes, true enough—but the "Presence" doesn't mind that; but when you allow the feeling of the outer to accept that *it* is doing something, then you are obstructing the way.

Just realize in every minutest part of your Application: "Now when I begin to make this Call, it is my 'Mighty I AM Presence' whose Intelligence, Energy, Light, and Power is acting; and that is the Energy, Intelligence, and Power by which I am able to make the Call. Therefore, it is my 'Presence'—Its Mighty Intelligence and Energy—that is making this Call. Therefore, there is no opposition to It!"

Do you not see how practical, very practical, it is once you gain the full conviction that in every Call you utter to your "Presence," it is the "Presence" acting; it is not the outer. Through the outer the Intelligence, Energy, and Power of the "Presence" is making the Call. The "Presence," then, is making the Call and is also answering it. Do you not see how, then,

all appearances of requirement contain the answer, because it is the Power of the "Presence" making the Call, and the Power of your "Presence" answering it.

I want you, so much, to gain the Full Acceptance, Consciousness, and Feeling of this; and you will not have difficulty then in having the answer to your Call. There is only One Power, One Intelligence, One Energy to act, and that is from the Presence of all Life, the "Mighty I AM." And while all of you have an individualized Presence of God within you, yet the Great "I AM" of each one is *one* in Quality and Perfection. Therefore, We can justly say that the "I AM" of all of you is One, while still individualized. You are *one*, all of you, insofar as your Energy, your Life, your Intelligence, and the Substance which you use is concerned. It is but the One individualized and acting for you according to your qualification of It. Therefore today let us feel that.

Do you wonder why We are urging and urging and urging you on? Because you are so near the Goal. You are so near the complete Victory wherein you will have the full feeling of your Commanding Presence of Light to govern everything in your world, and hold your own feeling so harmonious that no person, place, or condition in the World can have the slightest effect in irritating or disturbing you.

Of course I am known for My Enthusiasm *(applause)*,

but this is not over-enthusiasm—it is the real thing! And that is why I am calling your attention to It at every opportunity, because Dear Ones, you are the Victory of Light. When We see that which is just ahead of you collectively and individually, it is not an easy thing to hold back. It is like the onrushing of a mighty avalanche, only this is wholly constructive. But Beloved Ones, it's only a little further until that great avalanche will release into the world of mankind; and I trust that by the time the Messengers return to you, that great avalanche will have completely released.

The Messengers' tremendous Call to the Great Divine Director and the Mighty Astrea has set a Power indescribable into action in your city. *(applause)* And We have joined in the qualification of that to release and set free the young people of your city. *(applause—audience standing)* You have no idea, Beloved Ones, just now, quite what that means; for the future of America and that almost immediately ahead, require a certain release of the Youth of America. And as We have observed these blessed, blessed young people thus far who have become so intensely interested, loyal, and firm, I want to say for their encouragement, the Great Divine Director has Power you know not of, which He has chosen to use with you in that Victory—the Ascended Master Youth of America. What a magnificent thing! What a magnificent expression! What a magnificent

Radiation and Power those qualities release. No words can describe it.

Therefore today in all that is coming forth—and perhaps the Messenger won't just appreciate what I am going to say; but I urge you, Beloved Students of America and the World, as soon as these Songs of His are available, use them as often as you can in your individual life and your world. You will find they carry a Power of releasing Freedom that is not reached so far by anything. *(applause)* You will never know how the Power of the Goddess of Liberty goes forth through that Harmony, and the Power of Victory through the song "Victory."

And as soon as these are available, Beloved Ones, let them do their perfect work for you. Once you understand fully what the Power of Vibration means, and how tremendous the harmony of Music is to dissolve and lift you out of limitations when the right vibratory action through Music is given forth—and it is not so long until mankind will come to understand that, and especially the Students everywhere. They will see and feel the change in the vibratory action within their own bodies; and that day you come to know who the Great Tenor is, will you know what that means to the World. *(applause)*

Shortly or by the time the Shrine Class comes into action, you will find two of the most glorious surprises

for you. Wonderful!—so may I just whet your appetite a little? Why do I do it? Not to tease you, but so that in that great expectation you may generate a Power when That is before you, that will suddenly be released to bless you beyond your fondest imagination. That is why sometimes We call your attention to things, because remember your Blessed, Blessed Friend David Lloyd—you will never know what a Friend He is until you are Ascended—He never stops one instant in the twenty-four hours, in what He is doing for the people of America. *(applause)*

Words do not quite convey to you yet what it means for One so recently having attained the Ascension, and there are no words to explain to you just the Inner Action of the Law. That is why We Children are able to do certain things and be of Assistance to the Great Beings of Light, which just are not describable to you, but yet they are the combination and the release of Force, Power, and Energy into the human octave that is so imperative at this time; and that is why We were released from the human limitations.

Remember you do not yet, Precious People, have the full meaning of the last chapter of *The Magic Presence.* The Messenger has reminded you many times to read it, but still you have not the fullness of what is there. I give you just this much—these same Words are there: When the Great Divine Director said to Us, "We give

you bodies such as the outer world has never known," that was to hold the connection in the human octave for the Service that was to be rendered. You will get it, don't be discouraged; but that last chapter holds a Secret, Beloved Ones, that once you feel—don't jump at conclusions, but just feel It, within you individually. It is quite possible that at a certain point of attainment and Expansion of your Light, He may suddenly reveal It to you in so many words, as far as those Words can explain. In the meantime, rejoice in It.

We think We see a means of accomplishing certain things for the young people of America. And when We find out definitely to just how great an extent We can accomplish this, We shall let you know. But never in the history of the World has so much been done—and necessarily, some experimenting to see how certain forces can be established to act within the feeling world of mankind which will produce certain definite results. This must be done unknown to the outer activity of the consciousness of the individual so that there is no resistance of any kind. I do not mean that it would not be done willingly; but the majority would begin to revolve upon it, and that is not always well.

So remember, Dear Ones, with all the joy of your being that you are never alone again. The Great Power of Light is watching over you like a mother her infant, because it means so much not only to you, but to the

achievement for America and the World. This Cup of America must be maintained; and knowing that the Light is All-powerful and We have your willing cooperation, I rejoice in the cities where so much discord among the Students—it's just foolishness, because one opinion doesn't agree with the other—is going down so rapidly. Oh, I am so grateful. We are all so grateful!

Oh, Beloved Ones, don't let the human feeling or opinion cause disturbance of any kind. If two people who do not agree would just be silent and wait, the first thing they know, everything that has been discordant would be at the one point of Perfection. But as long as you try through discord in the outer to correct a thing, to bring two points to one point of harmony, you cannot do it. It only builds the opposition. So don't try it.

Just be so happy in the Adoration of your "Presence," and if someone else doesn't agree, say, "God bless you," and run along. Don't you see then how nothing in the world can disturb your feelings? That is the most important thing in your world today! Then the Great Power can come forth and release to you so-called Miracles inconceivable, but it must be maintained long enough for that momentum to get flowing.

Just look at our Blessed David Lloyd who through those long years gained that momentum of expectation;

and when He was suddenly confronted by It, the whole Power of His being was released and the Achievement was within the hour. Oh, who of you shall say that the same thing shall not be for you—if not in your Ascension, then in the Perfection of all things in the outer world. That is the Joy, and do you not see that there is not one thing that should ever irritate or disturb you when you see this Goal before you and know that harmony maintained in your feeling world is the wide-open door to It quickly—not a long period of time, but *immediately* you may have the full Glory of It.

Let Me say to you, oh Dear Ones, whatever the human habits may be within you, don't fight them; but just call the "Presence" to take out every undesirable desire, and be so firm in it. And all of a sudden you will find they have disappeared.

I think within the year, possibly within the coming six months, a great change will take place in the understanding of the medical world and the doctors so that they will no longer encourage excesses. The sinister forces have kept upon mankind the abnormal sex desire. It is the last claw upon humanity. One moment's Adoration to the Great Presence of Light can give you more joy than all sex gratification in a lifetime. That is what mankind is going to come to understand, because that is where most of the rebellion comes in the feeling of mankind. They feel they are

being deprived of something. Instead, they are receiving the Joy, the Perfection of Life which nothing in the World can give them but the release from those excesses.

Therefore, Beloved Ones, if it be smoking, drinking, or whatever the condition is, just with a great calm firmness call the "Presence" to take out of you that desire and replace it by Its Satisfaction and Perfection. It is easy. It is not difficult; but as soon as you begin to battle a thing through the outer feeling, you will more often bind it to you than get the release.

Therefore, just settle your feeling and say with very great firmness in your feeling: " 'Mighty I AM Presence,' take this desire out of me, and replace it with Your Satisfaction and Perfection," and you will never have difficulty in getting rid of the undesirable desires and habits. You have recently been told that the place habit forms is in the clothing of density around the Points of Light within your physical structure, your flesh body. And remember as your Light expands in the cells of your body, then that desire must inevitably loosen, because when it is dissolved it is no more. And your Application that you are using now with great intenseness—"cause, effect, and record"—oh, what it means to you, Beloved Humanity! To remove a thing without its record is only partially complete, but when you add that phrase by your power of qualification,

it is magnificent. It is the thing completed, and that is what everyone is coming to know and understand in their Application. It is the completed thing that closes that chapter in the human life.

Oh, it is so wonderful; it is all so glorious. And as We see you going on and approaching closer and closer that great Goal of Life, oh what a magnificent thing it is! Remember, so recently we were right in bodies like yours. If it can be done for Us—which it was—then why cannot it be done for you? Oh, don't ever feel rebellious because it has not been done, because if you do, you shut the door. Like one man in Washington, D.C., two years ago came to the Messenger and said, "Why if You can do this, why can't I?" Finally after long urging the Messenger told him why, and He has not seen him since.

Therefore, Beloved Ones, remember that there is no longer a battle of Life. There is no longer battle between the intellect and the Heart in your Acknowledgment of the "Presence." The Heart has Its dominion because there is where the Light of all the World is anchored in the human form. Just feel it. Rejoice with all your Heart, and just let It do Its perfect work. Oh, don't ever feel rebellious to Life because you have not yet been liberated from limitations—that would just close the chapter for you; but with all rejoicing in the Heart just say to those appearances, even though

you haven't a dime in your pocket: "Oh you human creation, you have scared me for the last time. Run along. You have no power! 'Mighty I AM Presence,' take command of this body. Do Your perfect work through it. Take out all feeling of limitations. Send it forth directed by Your Mighty Directing Intelligence, by Your Activity; and give it the Power of Life." You would dissolve anything, and you would have the courage and strength to go forward in the name of Life, the Power and Intelligence of your "Mighty I AM Presence." And there would not be a human thing that could deprive you longer or stand between you and the release of the Treasure-house of your "Presence" of everything you require.

We love you, We bless you, We thank you for your sincerity and devotion to the Light. Go on and on and on into that full Power of Its Glory, until that day when you stand with Us and We shake your hand. And Donald, may I shake your hand by My Energy through this human form, until the day when We clasp hands face to face and know the Feeling, the Glory of Eternal Freedom.

I want the Youth of America to know that Rex, Pearl, Nada, and Myself clasp your hands even though you don't see it—with Our Mighty Strength, Courage, and Energy to help you on to the Eternal Victory of Life. I thank you.

DISCOURSE VI

September 2, 1938

OAKLAND, CALIFORNIA

How I love to say, "Ascended Master Youth of America"! Can you feel with Me for a few moments all that that means? Now remember in my capacity and action before My Freedom I lived and acted within the outer world, never dreaming of the Majesty, the Beauty, and the Great Wisdom that was so soon to become mine; and only yesterday in some matters of discussion, I was reminded of my activity in the Mining School, just out of Denver—to think that in becoming a mining engineer, the thing that would sometimes seem to be the opposite of all that means spiritual attainment; but yet I found wonderful associates really.

Of course I did not know it then, but I know today it was the Light within my own Heart that was drawing me and attracting me to the conditions that meant My Freedom.

I want to give you today just a little touch of my own experience in coming in contact with Mr. Rayborn. When I sent forth my application, little dreaming of all that was going to mean to me and in my service, and when I finally met him, I am frank to say,

although I did not know what it was—when I shook hands with him and felt that tremendous power of kindly radiation going forth from him, then intuitively I began to just feel a little and understand his success and all that he had drawn about him.

I am speaking of this to you today for a very definite reason, because according to the feeling sustained within you of kindness and the Power of Divine Love and Harmony do you become Ascended Master Youth of America, a mighty Magnet drawing to you not only the Perfection of your own Life within your own Life Stream, but all from without that you contact. Do you realize what that means in your association with the outer world—to call forth the Perfection of Life instead of human qualities, through that Stream of Energy that is within each individual's Heart? Do you realize your responsibility and your joy and the Service, not only to yourself but to your fellowman, in calling forth that great Perfection, instead of human qualities?

And I suggest to you, Beloved Ascended Master Youth, do not place yourselves in positions where temptation offers its clutches. It is much easier to avoid those things than to rush into them and then conquer them after they have started to go into action in your world.

A very peculiar thing—and this, so far as I have been able to observe, is the most rare thing. Even in

my contact with my fellow students in college and in my contact with the business world afterward—and of course among mining men you would scarcely expect to find a great deal of Perfection so far as the high Ideals were concerned; and yet, as I know and see today how Rex and Nada, Pearl and myself were sheltered—you will never know how much. Of course the blessed Mother of Rex and Nada was watching over us and, in that All-, Far-seeing Eye saw what was coming, long before we in the outer were conscious of it. Seeing that I would be drawn into Her family, into this Mighty Power and Radiation of Saint Germain, naturally She poured forth Her Radiation.

Of course you who have read the Books know that long, long before I ever dreamed of such a thing, my sister, Pearl, was being taught by Beloved Saint Germain. I used to wonder how in the world that child was so contented, because our aunt, with whom she lived, was not such a happy individual. And then when I found that Beloved Saint Germain had been teaching her in the Tangible Body for years, it was a memory I shall never forget. My Gratitude to Saint Germain, yet today when My thought returns to it, is unparalleled.

Therefore to you—Rex, Nada, Pearl, and Myself are the proof to the World! And if you don't believe We are real, that We so recently lived in physical bodies

like you, then dismiss it from your minds—because We did! And I want you to realize that perhaps I may be overstepping My bounds, but I am going to say it anyhow. Among the Ascended Master Youth whose attention has been called to this Great Presence of Life thus far, had you ever contemplated how many of them might be almost as ready for their Freedom as we were? I say to you Ascended Master Youth, don't pass that by. You don't know in the outer what the Light within you knows, and what It is able to do through you and for you.

Thus if you will understand and by your attention—oh, what a magnificent thing. If Saint Germain had brought forth nothing else in the World but just what your attention, your physical sight, your vision, and your qualification do, He would have rendered a Service to the Earth unparalleled through the ages. Mankind is living this constantly, but heretofore by the qualification was absolutely undoing all the Perfection that Life would naturally have brought to them through this natural flow through the body.

I say to you now, Ascended Master Youth—and make no mistake about this—you can have, you can maintain perfect health in your body by calling to the "Presence" and by the conserving of your energy. And you will not ever know pain or distress in your body if you will do that. It is imperative.

Therefore, I say to you, We who have so recently moved in physical bodies like yours and are now in the position to see and know definitely and exactly as in mathematics, what results certain feelings and activities produce—then you will understand how you are dealing with an absolute, definite Law, a Law of Life that cannot be changed. Whatever feeling you put forth from your feeling world is what is going to act in your world and through your physical body. If it is inharmony, then you will outpicture discord in your body and failure in your business, no matter what your attention is upon. Whether you are an artist or in the business world, as long as those qualities—criticism, condemnation, and discord of any kind act in your feeling world, they have got to outpicture through your action and in your body.

Many of you are beautiful Ascended Master Youth with a beauty that in the conditions of the outer world today is rare and is proof to mankind absolutely of the Light that is within your precious Hearts. It is worth everything in the World. Hold that beauty, Beloved Ones, and let it grow greater, instead of diminishing it by the waste of your life energy through every conceivable means; for anger, criticism, and discord of every kind, as well as the waste of your sex energy, will take away your beauty and buoyancy and Perfection. Stand firm in the Power of your Light.

Today, with the Assistance they have, mankind is in a position to again become Gods and Goddesses by the Power of their "Presence" pouring Its Mighty Radiance through them. And I rejoiced, rejoiced very greatly at the remarks of Donald, for I tell you it is so true: the only real Happiness comes in your adoration to the Presence of all Life, the "Mighty I AM," and the Perfection It releases into you and your world. Outer things of amusement produce momentary happiness—at least you think it is happiness, but only when you have experienced the happiness of feeling the outpicturing, the pouring forth and releasing of Love to mankind from the Great "Presence" and the Ascended Masters, will you know what true happiness is.

The Messengers who are before you, and Donald, are beginning to realize that They had never known real happiness in the World until They began this Work. There are many things in the outer world that give you, as the expression has become so prevalent, a "thrill"; but oh Dear Ones, forget that thrill, won't you please. There is that suggestion of mankind among the youth of America to want a thrill. It is a most dangerous thing. Do you know what that means as understood among mankind today? It means action of human qualities, and I am sure you do not want it.

What you want is Ascended Master Qualities. And the name you have accepted for your youth of America

is the most magnificent thing in its vibratory action that was ever given to mankind or to the youth of any nation—the Ascended Master Youth of America. It should and it does—please notice it every time you voice that into the atmosphere—it brings a power of Radiation that the Ascended Masters have long, long hoped to give to the young people of the World.

Remember, you are the example to the rest of the World of the Beauty, the Perfection, the Outpicturing of those Qualities which the Ascended Master Youth are to represent; and if you do something as an Ascended Master Youth that is disgraceful, unkind, or the outpicturing of very discordant human qualities, then again mankind looks upon you as a representative of the Ascended Masters.

I want you to feel that, oh, with no strain of responsibility—not that, for We would not have you feel that for anything in the world—but just with joy. And whatever you may choose to fix your attention upon, dismiss from your vocabulary and from your feeling world the old terminology of work. Now please do that if you want to be happy. You can serve to the limit of your strength, physically speaking, and be absolutely happy and free from exhaustion. You do not have to feel the conditions; and it is only by the qualification that mankind has put upon these outer experiences, that it acts with the mass accumulation in your feeling world.

Therefore, I say to you beloved Youth, feel in all that you do, that you are rendering a Service to the Light. That is true, but look what it does for you. The minute you feel that you are serving the Light, remember your feeling is your powerhouse; and the minute your thought goes forth, "Why, I am serving the Light!" the Light returns in Its Limitless Energy to sustain you in that Service. You cannot know exhaustion as you take that attitude of action to Life, that you are serving Life.

And remember, Obedience is the greatest thing in the Universe! Don't feel that you can take the reins and do anything in the world that you choose in the outer, and if it be something discordant and impure, that you will not pay the penalty. You will pay it, and a thousand times more quickly today than you would have fifty years ago, because the Cosmic Light is taking Its Dominion on Earth. And while it is absolutely imperative for some time yet, for mankind to make the dynamic Call to dissolve and consume every discordant thing among mankind, yet try to feel in the face of any appearance in the outer world, that the Victory of the Light is sure.

Be just as firm and determined and sure in your feeling that human creation has no power. Then in your own Life Stream will come that Courage and Confidence which repels from you anything that would

retard or limit your progress in any way.

Now let Me suggest this. You know the condition that has existed in America and the World today in the lack of employment, so-called. Now Beloved Ascended Master Youth, don't you accept that into your world for one moment. It does not make any difference what the rest of the world is doing; you have the Authority and Power in your Life Stream to bring yourself into the desirable employment you wish to have, and there is nothing in all human creation to prevent you from doing it. Mankind who do not understand this Great Law will experience the other, but that is not your fault; and that is no reason you should be out of employment in your Service, just because the mass of mankind has accepted that there is not room, there is not employment.

That is why you have to be staunch and firm against the mass suggestion. Don't accept it. You don't have to be out of employment just because the mass of mankind believes in lack. Therefore, if you take your stand with the Powers of Light to produce Perfection in whatever your attention is fixed upon, you will have that in spite of anything if you will stand by it. And you may be sure that We will do everything in Our Power to give you that Assistance.

Do you want to know—you will have to get this in your feeling world because words don't convey it—

just how Rex, Nada, Pearl, and I felt after we came in contact with Saint Germain? I mean in the Cave of Symbols. We thought we were having Supreme Happiness, but do you know that it was only a fragment of what We are actually experiencing today? Think of it, to be able to go anywhere in the Universe and gain your knowledge firsthand. Will you try to feel that for a few moments with Me, because We are constantly going everywhere, seeing, knowing, feeling, and being all that We wish to acquire.

Here in the human octave you have to gather from the intellect, and you don't always experience it in the feeling; but when you have the combined action of the Feeling and Power of Life acting in the Trinity of Action, then you know all that it means to you. We are experiencing that today, and the fullness of that Joy and Happiness is complete. Therefore, I say to you beloved ones, in all the joy and happiness that you wish to express, remember they remain alone in your own Life Stream to be called forth by your attention to the "Mighty I AM" and the Glory of all that holds for you.

Now it has grown so late I must discontinue. Remember that the Joy and Blessings and Freedom of all Life holds for you, is in your attention sustained to your "Mighty I AM Presence" and in your mighty Application of the simple Laws which It has brought

to your attention. As you do that and stand by It, you will have the Glory and Perfection of all Life holds for you.

We hold your hand, Beloved Ascended Master Youth of America, in the fullness of all Life permits Us to release; and bless you, to hold you steady, give you Protection and Mighty Directing Intelligence to bless your lives forever, and I thank you.

DISCOURSE VII

September 24, 1938

SEATTLE, WASHINGTON

Beloved Ascended Master Youth of America and Beloved Students, it is always Our Great Joy to pour forth an assisting Radiation, and to—I trust during My short talk with you—give you just a little idea of how important you are to Seattle—you who have stood so earnestly in the Light. But before I continue will this boy over here [Earl Williams], come and sit down by Me? *(applause)*

I congratulate this blessed Ascended Master Youth of America that his Light chose to have him represent Me *(applause—audience rising)*; and by My Currents of Energy through the hand of the Messenger, I shake his hand and call that the memory of that which he so earnestly endeavored to represent will find its full expression through him.

And we have another blessed youth whose Light can reach very great heights, our blessed one here [Bob Donaldson]. *(applause—audience rising)* May the fullness of his Light find Its full expression and bless all he contacts. Nada and Pearl wish Me to be sure I do not neglect the young ladies *(applause)*, but there are

so many of them that are so lovely that I cannot very well take each one individually, so I congratulate all of them in their blessed Light.

Now Beloved Ones, seeing that so many really do not comprehend what the Expansion of the Light really means—intellectually you try to understand it, but in the feeling there is not the full response or comprehension. Here at your Heart Center where your "Mighty I AM Presence" is focused, is the first point of Light always. You might think, even in looking at the Chart, why not the brain? Why is not that the point to be illumined as well as the Heart? Because the anchorage of the Light from your "Presence" is in your Heart and not the head. It passes through the head, and that is the reason the intellect runs away with itself; it gets all puffed up over nothing. And I want to tell you, Beloved Students, as sure as you let your intellect govern you from what it gathers from without, you will find yourself up against a blank wall sooner or later. You cannot afford to do it in this understanding of the "Mighty I AM Presence."

It is your Heart that is the Power that acts, and your intellect must give obedience to It. If there is arrogance in your intellect or deceit, then your Heart will not release Its Light. Now the reason for this has been the accumulated habit of mankind believing that they had to operate through the intellect, because they were

gathering information from the outside world. But My Dear Ones, that is human opinion; and don't you see it has shut off from mankind the greater flow of the Intelligence from their "Presence" that knows the Perfection of Life, because in that flow or river of Light from your "Presence" into your physical body is the Intelligence of the "Mighty I AM" who knows, and the intellect that gathers the information from without cannot know! It is impossible.

You know the information you have gathered, but you do not know the truth or what part of the truth is in that intellect and the information which it has gathered without. That is why I say to you in all kindness—I refer to a gentleman in Los Angeles who has studied all over this World who believes he has a fund of information intellectually that is astonishing, but he is not able to apply the Law even to supply his finances.

Now the intellectual power he has gathered from without amounts to nothing, because it shuts off the power of his Light that flows forth into his world of action to be the magnet to draw the things which he wants and should have for use; but instead he is today being a leech upon the Students when he should be man enough, by the power of his Application, to call forth from his own Treasure-house, his own "Presence," the things he requires.

I tell you it is vital, it is important that the Students understand this because, Dear Ones, you are soon coming to the point—you don't know this, but I do—where that is going to confront you. The Cosmic Light in Its ever-increasing impulses or pulsations to the Earth, is going to compel mankind to see wherein their mistake has been.

There have been so many—really not Students, but who claim to be—that have secretly spread the idea among the Students wherever they have had the opportunity: "Well, I know more than the Messenger! Why, I have been an old occult student and I know more than that." Well, that is a great mistake on their part. The Messenger will probably not like this, but I have got to say it anyhow. My Dear People, this Messenger standing before you has an understanding so far beyond any person in America today, that if He were to release it, I tell you it would sweep the egotism of mankind from the face of this Earth. *(applause—audience rising)*

Now I want you to understand this because We see the opportunity and We want to do so much in this city and for you; but because of the demand for the protection of America and also Europe and the need to prevent these conditions coming from Europe into America, there has been no time to give forth other information that would be of great value to individuals

personally in their own private Application—it cannot be done. This Work is more important! This protection has got to be given first.

And you beloved Students and Group Leaders, as you value the expansion of your Light, do not ever go forth and say that you know more than this Information which Saint Germain has given forth. If you do, you will regret it as long as you live, and that means far beyond this embodiment. The Messengers do not care anything about what you say, but your own Light cares; and don't think for one second that you get away with anything that is within your feelings. That is there and makes a record that any Ascended Being sees and knows. We don't care one thing about what the lips say; but We care about—and you should care about—what is making the record in your feeling world. That is the thing you are going to have to answer for. You can say a lot of things with the lips that do not amount to anything, but when you with deep feeling release that feeling, that makes the record; then that is the thing you are going to pay for.

That is why I say today, be humble before this Great Presence of Life, first your own "Mighty I AM" and then the Ascended Beings; but be absolutely positive toward human discordant forces. And if someone comes along and says they know twice as much as you do, be sure they do before you accept it.

Why, above every one of you is the greatest "Presence" in this Universe, the greatest Intelligence; and all it requires is your humbleness to It, your firmness to outside human conditions and individuals to hold your feeling so harmonious that the full power will quickly flow forth to instruct you, and cause you to comprehend these majestic instructions which Saint Germain has brought forth. Just because they are simple, don't think they are not important.

This fundamental or foundation that Saint Germain has brought you is the thing that will carry you to eternal heights and hold and sustain you there. *(applause)* But I want you to realize today—because it is so important here in your midst to realize those conditions—to realize that no person's motive is hidden from their Higher Mental Body or the Great Ones. Try to understand Me when I say that even as you sit here, written in the radiance around you is your inmost motive and thought. It is not easy for people to realize that, but to Us it is an Eternal Truth.

You can no more prevent the record of what your intense feeling is than anything in the world, because it is there; no change of intellect will prevent it. Now take these two illustrations: suppose you release an intense feeling, then you make the Call through the intellect without being backed up by the feeling, to erase that. That feeling, because of its greater intensity—

and being your powerhouse—would remain there in spite of your Call because the intellect will not erase it; it must record the feeling released and the Power of the "Presence." That brings forth that Power of the "Presence" that does erase it.

Now that is very important; and you precious young people, if you understand that—and I ask you to please try to understand it since you will be confronted from time to time with similar conditions. If you understand when a mistake has been made either intentionally or otherwise, that you do not have to continue in that; but with a great intense release of your feeling, you call your "Presence" to erase that, cause, effect, and record—then the substance released from your human form will enable the "Presence" to erase this because you, being the decreer of your world, have asked that it be done.

Now I say to you, Beloved Ones, in asking the "Presence" to use the Violet Consuming Flame to dissolve and consume all your mistakes of the past centuries, unless you will release intense feeling—in other words, intense desire—for that to be done, you will find getting it done is a long process; while with a great release of intense feeling and a great desire to have that done, you give forth the substance which the "Presence," through your Higher Mental Body, brings into action to produce that exact result. That is how you

can accomplish things so quickly and with such great power if you understand and utilize clearly these simple things. But don't forget your feeling is your powerhouse—and no matter what your intellect does, unless it is backed up by the feeling, it will produce but fragmentary results or none at all.

I want to say to these precious young people: We have often been present with you in your Group work, and the magnificent manner in which you conduct your Group Activity is beautiful beyond words. Your silent attitude, your refusal to discuss anything before, during, or after your Group Meetings is a magnificent attitude toward Life. It means you are carrying back to Life your full earnest intensity and command for Freedom; and I tell you, if the older people would only understand—and oh, how I plead with you, STOP your silly, nonsensical discussion of discordant things. You will never have your Freedom in the world as long as you continue to do it. And when you come into your Groups, Precious People, come there to render that Service to the Light. Do not discuss anything of the outside world if you want to have and produce magnificent results from your Group work.

Dear Ones, that is one reason I congratulate Mrs. Fowler. The magnificent work she has been doing is because of the silence and absolute refusal to discuss discordant things during Meetings or afterwards.

People come and go in silence. I tell you it is a magnificent thing because, Dear People, you have no idea, you do not perhaps think there is any harm in it; but if you—two or three people within the Group—start to discuss something unpleasant before your Group Meeting or after it, you have allowed to intrude the quality of that element of your discussion into the magnificent Radiation drawn forth there to bless you. Don't you see how absolutely mistaken it is to do it?

We want you, if you will, to be so absolutely concerned with your own Purification and Perfection that you won't have an opinion about another person. *(applause)* And remember the pretense of the intellect does not amount to anything unless your feeling is true and sincere, Dear People. Don't go on trying to think you can smile with your face, while the feeling is not to do it. You are only deceiving yourselves, Precious People. We love you enough to tell you the Truth. And as sure as you live, one day you will see your great, great mistake.

Dear People, why should you be concerned about another person when your whole activity is the Service to Life for your own Freedom? And as long as you try to tear another person to pieces, you can be sure one day you yourself will be torn. "Let him who wishes to draw the lightning to his brother remember through his own soul and body will pass the bolt." That is a

quotation from *The Lost Prince,* but it is a mighty thing. Remember that, Precious Students.

You can become so wonderful because your Light is great; but don't have any secret motives, don't criticize or have an opinion about each other. Go on and on, and remember your own requirement is to cleanse, purify, and perfect yourself and your world so that you may pour forth that great Radiation and Blessing to all you contact. This is the only way. You cannot get anywhere until you do.

Beloved Ones, once when the Messenger yesterday touched upon the point about the time and the energy that mankind had wasted even in this embodiment, I was present; and Beloved Ones, one tenth of the energy wasted during this embodiment, with the Understanding that is before you today, would have brought you into your complete Freedom. Think of it! One tenth the energy that you have used would have brought you into your Perfection. Now then, is it not time for us to determine to silence the human that wants to say and do unkind things, so that we may keep the feeling harmonious to let the Powers of the "Presence" do Its Perfecting Work in ourselves and our World? That is why, Beloved Ones, the Ascended Master Youth of America today are grasping it.

The Messenger has had two or three letters recently wondering why sometimes the Ascended Master Youth

come into this Understanding and then turn aside. Are you strong enough to hear the Truth? Many times it is because they see the inharmonious example among the older people and they think, "If that is what the 'I AM' is doing for them, how can I hope to succeed?" Beloved Ones, your responsibility to Life, to your associates, is more than you know.

I love you so tremendously that I am utilizing this opportunity, Beloved Ones, to put the Truth plain and unadulterated to you, because I tell you—now look before I go on at the magnificent release that has come to your city since the Messengers were here the first time, the removing of the communistic control, and all that thing which would have been the destruction of the city as sure as the World!

And people who lean toward communism a little criticize the Messengers for referring to communism. Well, it means all the "isms" there are, because nazism and fascism and all those kinds of things have come out of communism which originated in Russia. Now it is not a matter of individuals, but it is a matter of the conditions set into action by the black magicians who want to destroy America; and they found an opening in Russia. It might have been somewhere else, but it happened it was there. They spread it all over South America and over every country in the World for twelve or fifteen years before the outer manifestation

began to find its expression.

Now, Beloved Ones, the whole inner motive is being exposed to the whole World. It is not a matter of individuals, but a matter of the quality that was acting through those individuals; and I can tell you that seventy-five percent of blessed, blessed mankind who have been drawn into that with the promise and belief that they would come to have relief and release financially—that was the thing which drew them into the clutches of that nefarious activity, depriving them and their families of food and shelter and the money that they required; and that is responsible for the unemployment today in America.

Therefore, you as Students—oh, you do not see, Beloved Ones, that you *cannot* see! How could you see the inner motives of things and the conditions that are producing these outer results? You could not do it unless you saw with the All-Seeing Eye. Then, *you* could not know, but the Great Ones know. And Precious People, won't you let Them assist you when They do know these great Inner Activities? If you will only believe Them, They will help you to see and know; and from your Call to your "Presence" will come the full Understanding inside yourself of these Truths which the Messengers have given, and which Saint Germain has brought forth. Unless you do that, it is impossible to help you.

Now, in the nucleus you have here, with the determination you have had and with that assistance that will be with you now after the close of this Class tomorrow—why, My Dear Ones, there is not anything you could not accomplish! If you will realize—as the Messenger has poured forth so earnestly—in your Call comes forth the Power of Light that knows no opposition, not any human, discordant thing. The human discord cannot fight the Light, don't you see that? There is no battle in the Call to the Powers of the "Presence" to come forth, dissolve and consume the human qualities and conditions; there is no battle, but just the Power of Light.

This is just the same as when you turn the light on in this room when there is darkness and the darkness disappears. It is exactly similar when you call forth the "Presence." Its Currents of Light and Energy pour forth into the human octave, and the same identical thing follows: the Light dissolves those conditions and qualities. The Perfection of Life will be there if individuals will make the Call and stand by it.

If these two precious boys (the two previously mentioned) will allow Me, I shall pour forth My Currents of Energy through them and lift them to the Heights. *(applause)* And why do I say that? Because there is nothing egotistical or dominating within their feeling world. Their humbleness to the "Presence" is the

requirement, and if they will make the earnest, sincere Call in the silence of their own chambers, then will they rise in the Power of the Light of their own "Presence."

I am just using that as an example this morning to show you what every individual can have. If every individual, every "I AM" Student in America today would be determined, earnest, and sincere about the Powers of Light, Someone would be sent to hold that Mighty Current steady, flowing in and through them until the Purification and Perfect Activity took place and the Light expanded and took Its Dominion in the feeling world of those individuals. And they would be a power of Divine Love and Divine Order and Divine Justice on this Earth, because there is only one place in the Universe you can call this forth from, Dear People, and that is your own "Mighty I AM Presence."

Think how the attempt has been made to distort the magnificent laws of your land, which were originally meant to hold the blessing of Divine Order and Divine Justice for mankind. Your Constitution—there has never been such a record made as that! And Dear Ones, when We saw those individuals going out the other night, criticizing and condemning because they were asked to salute that Flag, Dear People, it is individuals like that who spread treachery and discord among mankind. A human being in America who

refuses to honor that Flag should be removed at once. *(applause)* Why do I say that? Not to govern individuals, but because that Flag represents more to the World than you will ever know. How often We have wished that all the people of America might suddenly see the Inner motive and what produced that American Flag!

Therefore, I want you to see and know how grateful We are, for your sake. We are Free, Beloved Ones, but when I see the Great Power of Divine Love, which the Messengers call forth direct, pouring forth through Them to you, it is an unparalleled thing on the face of the Earth, because only as you know from the Inner standpoint the great need of America and Her people today—and the time is comparatively short when this work must be finished, depending wholly upon the conditions that are released from mankind. I cannot tell you it will be so many days, so many weeks, so many months; but according to the Light released from individuals making the Call to the "Presence" is that and will that be governed.

I tell you there are certain things concerning this recent hurricane on the eastern coast—the Law does not permit the explanation of it, but Dear Ones, remember mankind in a locality is responsible either for making the Call for Protection or, by discord in their feeling, for releasing destruction into their midst. Now

the discord and vicious falsehood spread in Boston condemning the Messengers and Their Work and the attempt to interfere with it, is what let that come to the eastern coast.

In San Francisco the gravest danger was threatening; and if the Messengers had not come to the western coast when They did, San Francisco would not be what she is today. Now the people who withdrew from this Light and became so vicious were responsible, because they made this focus for destructive forces. Dear People, when you feel discordant, for Heaven's sake don't do something that is going to affect a whole city. If you make yourself a focus for destructive forces, then you are responsible for what happens to that city where you are. That is why these blessed people—what a pity they cannot understand that because they feel discordant toward an individual and become a focus for such fierce, vicious feeling, they make the opening for destructive forces to act within that city.

The Messengers have tried to make clear to the individuals how important that was and how, when people become irritated and feel unkindly, they pay no attention to it. It is one thing without this Understanding to respond to destructive forces, but a vastly different thing when the opportunity is before mankind in this Knowledge and then one willingly goes forth and creates or makes himself or herself a focus

for destructive forces. That is a far different thing, because when once mankind has had the opportunity to understand the Work which Saint Germain has brought forth—so simple a child can understand—then when they willingly go on and do those things, then the responsibility is a thousand times greater.

Now I am explaining this so that you may all take your attention—Students, Group Leaders, and everybody else—off of every other person in your city. Call to the Presence of Light for your own Purification and Perfection, in order to make each one of you a Focus of Light in your city here; and direct that Power of Light to hold It sustained for the continued perfecting of the city, because it can be made one of the most beautiful in America because it has the surroundings. And really, Beloved Inhabitants of Seattle, you do not quite realize how fortunate you are; there are no direct gas belts under you *(applause)* that might give you undesirable aerial navigation. In that respect you are very fortunate.

Will every earnest, sincere Student here in Seattle, take a little slip of paper and put it up in your room with the Mighty Astrea and the God of the Air's Names written on it, that whenever you walk into your room, you can see that and keep yourselves reminded that before you retire each night, call to those two Great Beings for Their Cleansing, Purifying, Perfecting

Activity in your city, for the Protection of all aerial navigation and activity.

I am going to take the full responsibility for this which I am going to say to you. You have seen the great perfecting activity in your transportation so far, your streamlined trains, and the comfort and convenience aside from your aerial navigation. From Our standpoint, it will be a comparatively short time until you will find almost the whole of America as one spot because of your aerial navigation. And you will find your fresh vegetables taken from one part of America to the other in a few hours. Let Me say that with the incoming Cosmic Light, when your middleman is removed between your producer and consumer and the Divine Law is set for their service, then you will have removed the controller of your prices—and Divine Order and Divine Justice will reign among your producers and your consumers. Peace on Earth will reign forever among them. *(applause)*

The opportunity for distortion in your commission activity today is the thing that binds the producer, and causes sometimes thousands of tons of fruit and vegetables to go to waste when mankind should have the blessing of their use. When that is removed from your midst—and it will be, I assure you—then will mankind have the great blessing. *(applause)*

And I say to you, Blessed Ascended Master Youth

of America, you can do wonders—for instance, take your Group right here in Seattle, the Ascended Master Youth who are giving such magnificent obedience to Life: when you issue your Decrees, will you take that up in your own special activity and call for Divine Order and Divine Justice between these activities—the producer and consumer. Call for Divine Justice and Divine Order to descend and take Its Command, remove all obstruction there forever, let the people who produce have what belongs to them, and let the consumer have the blessing; then all will have the right compensation for their efforts in every way. That shall be done, and I shall never rest until that condition exists in your America. *(applause)* And remember, I do not have to stop to eat or sleep. *(applause)*

Is it not wonderful to be able to gather the Essence of Life as you go along? *(applause)* I am speaking now about outside of your own Source of Life. My Dear People, do you realize that the atmosphere which you are breathing in every moment has such great Perfection in it, that if you were to call the full power of your Selective Intelligence into action, you would breathe in the Fire Breath of God, the "Mighty I AM"—and Perfection would be in your bodies.

Now do not go off on to some breathing tangent, but remember the natural breath. That reminds Me, Dear People—and you have a lot of it here—call for

the dissolving of all numerology and astrology in your land. Dear People, it is a most misleading thing. Don't do it. As if a number had any power in the Presence of your Great God Presence, the "Mighty I AM"! As if a Planet had anything to do with you, the God Being that governs the Universe! Don't yield to those things, Beloved Students.

And remember what Saint Germain said: astrology is responsible for more indirect murders than any one thing in America today. Now remember, Dear People, why do people cling to those things? Because they think it brings food and shelter to them—when if they were to stand and call to their own God Presence, the "Mighty I AM," which is the Treasure-house of their world, they would have such abundance of money and everything else in their use that they would not have to try to use those things which bring tragedy to mankind.

Now Dear People, you in Seattle here need to be on guard over this more than any place, perhaps, in America. Astrology puts the suggestion into mankind of limitations—that there is something outside of you that is more powerful than the Life within you. This is the greatest falsehood ever uttered, and the person who claims that a number can affect you is uttering another great falsehood.

Beloved Students, in the Name of your "I AM Presence" do not yield to those things if you want to be free.

The Messengers have said very little about these things in the recent months because so much else is required, but you here in Seattle must be protected against these things.

I ask you, Beloved Students, just one thing. Take your Chart and look at It; and then decide if there is any Planet in the Universe, any number that is mankind's own creation, that can affect that Power of Infinite Light. You know it cannot. So don't succumb to human suggestions that say there is something outside. That is why the Messengers have said to you that spiritualism, astrology, numerology, or anything that draws your attention to the outside thing as having power to limit your world is a tragedy for mankind. Therefore if you yield to it, the responsibility is yours.

I do not say what you should do, but I am telling you the Truth of Life. If you believe for one instant that your "Mighty I AM Presence" is there above you as the Messengers and the Chart have described to you, then you know astrology, numerology, and spiritualism are not true; that they are human creation brought about by the black magicians to limit and hold mankind in bondage.

Now if you want to go on doing that, you are Beings of Free Will; but I have fulfilled My part of Life to you in telling you the Truth, which I know absolutely to be. Did you ever in your life know of an activity—ever on

Earth in your experience—when the teacher, the messenger, or whoever it might be, asked people not to come if they could not be harmonious to the Truth of Life? People reach out and try to claw students to them. It is reversing the activity. Human beings must be given freedom even though they intentionally go on and make mistakes; sometimes the fiercer the mistakes, the sooner they will turn and come back to the Presence of Life.

Now I ask you, Beloved Students—and why do you suppose the Messenger has asked every earnest Student to never sleep at night until they have contemplated that Chart? For the very reason that It keeps the information, the truth, the vision before them that there is no power in the Earth that can govern them but their Presence of Life. Therefore all outer things that mankind has given power to, will have no power in the acknowledgment of their "Presence"—except the Perfection which It is. And that is what mankind needs today, because the habit of human creation has made mankind believe everything else but the Power of the "Presence," the Power and Presence of Life. Therefore, they are in the conditions today because of that; and if you want to be free, you have to change it—you have to reverse it.

Therefore, I say to you, Beloved Ones, in all Our Great Love for you, if you care to listen to Us and give response, then you will be free; but you cannot do it if you go on asserting your own opinions and desires,

believing We do not know.

Do you remember, Beloved Ones—you whose Hearts are great—in your childhood how often your parents pled with you not to do certain things, and you went on and did them and paid the penalty of discord and unhappiness through the lack of obedience? The Great Goddess of Liberty, who is your Cosmic Mother of America, is offering you that same thing today. She says: "My Children, My Great Mother Love enfolds you in your loyalty to America, in your obedience to Life. Won't you give that obedience and have the Blessing and the Perfection of Life which Life so much wants to give you?" But you must be left free, quite free to choose.

I want you to feel, for I must soon stop—just let us be still for a few moments and allow the Great Goddess of Liberty to pour into your feeling world Her Blessing as the Cosmic Mother. And will you—no matter the number of years over your head—feel as a humble, obedient child before Her Great Presence, and let Her fold Her Arms of Light about you and hold you forever in Her Mighty Radiance. *(silence)* Thank you so much.

My Dear Ones, My Heart bursts with joy; for Gentlemen, I congratulate you in your ability to accept that as you did just now. You were actually humble as a child, and may that feeling forever expand and bless you with its mighty activity in the Presence of the Cosmic Mother, the Goddess of Liberty.

I want our Ascended Master Youth of America to know how great Our Love and Blessing is; and as you continue your work here, your marvelous Group work, We will try to find means to bless you more and more in your Call to Light and Life, to the "Mighty I AM." And in your earnest sincerity the Heavens of Life's Perfection must open to you and flood you and your world with Their Perfection. I urge you, Beloved Ascended Master Youth, do not let human opinions or anything intrude to mar the harmony, the great Perfection, and the quiet which you have at this time and have had in your activity. Just in that great humbleness to the "Presence" and that great obedience of each of you to Life, let the Great Wisdom of the "Presence" hold that mighty Harmony so that you may be the Mighty Focus of Light for Seattle and its future.

Group Leaders of Seattle, try to feel your responsibility. Don't have an unkind feeling to another individual, but just go on knowing that Life is watching you, your every move. And to the degree that you pour forth Divine Love and Blessings to all, will you find in return Its Mighty Enfolding Presence will bless you. Remember, the individual whose motive is wrong—whether that one is a Student or Group Leader—will one day find himself or herself outside the Glory of the Light of the "Mighty I AM." Do not deceive yourself; the great Law of Life makes no mistakes, is no respecter of persons,

places, or conditions—but the Law of Life acts according to what is acting in your feeling world. There is no escape. All the calling, all the decreeing won't change it unless you change the motive in your feeling. Therefore, the motive with intense feeling that is held within your feeling world is the decreer of what is going to act there. So I say to you in all Love and Kindness, turn to your Presence of Life and ask It to so cleanse and purify you, so govern and hold self-control in your feeling world that only love and kindness pour forth to bless everywhere you move. And then how quickly you will find that the whole force of Life and Its Light will find action through you and in your world; and you will know then what it means to pour forth Divine Love and Blessings to all wherever you move.

Ascended Master Youth of America, We pour forth Our Love and Blessings to you without limit, and in your great loving response may the Power of Light hold Its Mighty Focus until your lives become filled with the Perfection of Life and the Limitless Power of Its Radiation and Blessing to all mankind wherever you move without limit.

I thank you and bless you forever.

DISCOURSE VIII

October 8, 1938

CHICAGO, ILLINOIS

Beloved Students of Chicago and Beloved Ascended Master Youth of Chicago and elsewhere, will you believe it when I say to you that I am just as happy as you are? *(applause)*

You don't quite yet understand, Beloved Ones and Ascended Master Youth, what this homecoming of the Messengers means to the entire World. From the time the Messenger left Us in India in Chananda's Home where Our Great Freedom came—from that day to this, seeing from the Octave of Light all that had been going on in the minds and feeling world of mankind, I was perhaps one of the most determined, outside of Beloved Saint Germain, to see the victorious return of the Messengers to Chicago *(applause)*; and it has arrived. Furthermore, it is established and, if My observation be correct, for a long time! *(applause)*

Since we are one family in private Dictations, you may not know it, Beloved Ones, but this is the last barrier *(applause—audience rising)* that has gone down before the Powers of Light. It is a magnificent Achievement—oh, not just for you, not just for Chicago, but

for all that that means to America.

In all that you meet in the outer world, Beloved Ones, please remember you are really not dealing with individuals or personalities, you are dealing with a force; and whatever is less than Perfection is a force acting, Beloved Ones. It is not always intelligent, but it is a force qualified that is acting through the accumulation of human discord. But you must remember, Beloved Students of the Light, that in everything which confronts you, the first thought and feeling that should arise from within you should be, "That appearance has no power!" *(applause)*

Why do I urge you so intensely about this? Because if you saw the activity of the energy which you release that stops that thing instantly where it is—and then as you call the Power of Light forth to dissolve and consume it, you have stopped its action and made it helpless—so to speak—while the Power of Light seizes it, and it is no more.

That is why I say to you, Beloved Ones, as you come to understand this Great Law more and more, you will see how there are just a few definite activities that, asserted with dynamic power in the acceptance of your "Presence," stop everything in the human octave of discord, and make it helpless until the Powers of Light take it away. This is as definite as when you hold a substance before you and turn upon it the flame of

a blowtorch and it is consumed. It is just as tangible and more powerful than your blowtorch which consumes almost instantly, because you must understand more firmly than ever that all discordant forces have no power except that with which they were charged by human qualities.

Therefore, the Power of Light is a thousand times more powerful than human accumulation of any kind. That is what I want you to understand if you will, Beloved Ones; and you will have no difficulty in handling the conditions that confront you. Those conditions that you have had in the past have really no power except when you feed your attention, when you feed your own Life into the appearance to come back and so-called harm you.

My Dear Ones, I tell you that this one point, if you really comprehend it, will set you free positively. An appearance in the outer world cannot touch you, cannot reach you except when by your attention you feed your own life current of energy into it. Do you not see that? There is not a thing in the outer world of discord that could reach you except if it got your attention and held it long enough for your current of life energy to flow into it. It comes right back because the power of your attention is the authority of your world.

Therefore, when the Messengers plead with the Students throughout America to keep your attention off

discordant things, it does not mean you do not know about them; you must see what is to be done in order to correct it, but that does not mean you allow your attention to feed into a thing until it begins to feed back to you again. That is so important to you. And Beloved Ascended Youth of America, you who are the Torchbearers of the future, if you understand the simplicity of these few fundamentals, you will make yourselves a Power of Light, and no discordant force will be able to touch you ever.

Remember, Beloved Ones, first the communistic element from Russia that spread its poisonous breath everywhere throughout our colleges and institutions of learning, and at one time was almost gaining its victory, today has no power! *(applause)* It has no power among our Ascended Master Youth and the rest of the youth of America. Rex, Nada, Pearl, and Myself, and the Great Host who have joined Us in the Assistance of the Ascended Master Youth of America, will wipe it out! *(applause—audience rising)*

Beloved Students, remember your great privilege in wielding the Scepter, the Sword of Blue Flame, which you have in your Mighty Decrees in the calling forth of Perfection. That is as definite as if you took in your physical hand a Sword of Blue Flame and directed It to dissolve all discordant conditions. These Decrees are the mightiest thing in the world that mankind can

use—and all mankind can use It; there are none that cannot where they are calling to the "Presence" to release the Infinite Power of Light. Even a little child can do this, and does do it with Infinite Power of Action. Therefore, as you dissolve the discord that has been accumulated around you, and you stand forth in the Full Feeling of the Victory of your Life and your Call to It to release Its Power, then you will have found your Freedom forever.

I say to you, Beloved Ascended Master Youth of America and Friends, it is not as if this were but an activity of this lifetime, but It will do for you in this lifetime what nothing else could in the World, and It is *Eternal* in Its action—please understand that. Whatever inch or foot you gain in the acknowledgment of your "Presence" in setting yourself free, holds forever sustained in Its Mighty Activity until you gain further. *(applause)* Therefore, you cannot slip back in anything you have called forth into action by acknowledgment of your "Presence." It stands there, the Victory thus far until you gain another step.

Therefore, Beloved Ones, I say to you one of the mightiest things in the entire Work to Me is that those who care to decree for their Ascension in this embodiment—if for any reason they did not free themselves and accomplish It in this embodiment—would find that mighty impelling, compelling Force of that mighty

desire and Decree would compel It to take place in the next embodiment early in life. You are dealing with the Infinite Power of Light, Its Eternal Activity setting you steadily and surely Free as nothing in the World can but your acknowledgment of the Presence of Life, the "Mighty I AM."

Therefore, I say to you beloved people, there is nothing in the World that should ever discourage you. Suppose your Application has not produced all you would desire. Good Heavens, you were centuries and centuries accumulating it; and when you are being set free in a few months or a few years at most, is there anyone who would not have the courage to go on until the Final Victory arrives? Think of it!—your Messengers, standing before you, in four years have set Themselves Free from every accumulation, and stand forth ready for the Ascension at any time. *(applause)*

Now pardon Me if I digress just a moment and refer back to the beginning when I started to tell you why the last barrier has gone down in the so-called seeming opposition to this Work. The *Examiner* reporters who came to the Messengers last night and were permitted to take Their pictures, and the article in the paper this morning which many of you have seen —while it is not the correct understanding quite, yet it is kindly; and it is only the forerunner of what the newspapers will do for the "I AM" in the future. I ask

you to watch it! *(applause)* And let Me tell you, Beloved Students, for you ought to know it: in all the criticism and condemnation of Hearst, he is one of the most loyal, staunch defenders of the loyalty to America *(applause)*; and one day his papers will stand back of the Messengers with all the truth that there is. *(applause)* He sees and knows about the loyalty of the Messengers to America and Their mighty defense of America! *(applause)*

You observe how absolutely fearlessly They have gone forth in the face of everything. When in Seattle, Beloved Ones, They put forth to the public the mighty Truth about the fiendish dope that has been spread over America; and those people, if they had dared, would have annihilated Them there. But They are fearless and those people know they are dealing with a Power of Light, although they do not understand it. So do all destructive forces in this Universe know they are dealing with the Power of Light—the Ascended Masters, with whom they cannot cope! *(applause)*

Let Me tell you, Beloved Students of Chicago and elsewhere, some of the moving pictures that have come forth are a magnificent example of what awakened mankind will do in putting down all destructive activities. That moving picture *"I Am the Law"* is the most perfect, magnificent thing showing how mankind,

arising in their fearlessness, put down the racketeers and destroyed them. And there are others. Remind yourselves, Dear Ones, quite often, that the Power of Light taking Its Dominion on Earth will one day change everything and bring the moving pictures into that for which they were intended. *(applause)*

Remember that the desire of humanity is the thing that rules the World; and when enough of the American people begin to make the Call for the perfect pictures to come forth as mighty instruction to mankind, then the demand of the people will compel the producers to produce those magnificent things like *Unveiled Mysteries* and *The Magic Presence,* that will reveal to the World the Octaves of Light and hold that Dominion forever. *(applause)*

Therefore, I say to you, Beloved Students, be fearless before mankind. You have nothing to be ashamed of in your Understanding of the Mighty Laws of Life, the "Mighty I AM." Do not be afraid that your Power of Light cannot silence all destructive forces about you—It can! So call It forth with determination, and let It do it that you may stand Free.

Beloved Ones, I cannot help it when I come into your midst like this, I am so vividly reminded that it is only just a few years since Nada and I and Pearl and Rex stood in limited bodies like yours. Good Heavens, Dear People, we did not know anymore than

you this morning that such a possibility as our Freedom in the Ascension was possible. Even when we went to India, still in the outer activity of the mind and feeling we could not conceive how such a thing was possible. So why not give the Powers of your Life, your "Presence" that is Limitless, the Full Power of Its Activity in and through your physical body, and see what It will do for you? Who of you can say to Me today what your Presence of Life could do through you at any given moment?

Don't you see it is impossible for your outer physical body to know what the Powers of Light acting in and through you could do at any given time? It is impossible. You cannot possibly know. Only the Ascended Masters who have gained that Freedom can possibly know what the "Presence" can do! Therefore I say to you, be of good courage and strength in your Call to Life, for you are steadily and surely forging ahead; and after dissolving and consuming every particle of your accumulation, then one day when you stand forth in a little greater Victory than at the present, you will feel the Glory and Power of the "Presence" flow into action. Then as you see everything harmonize as you move forward, you will see the Power of Light acting through your glorious Presence, the "Mighty I AM."

I ask you, Beloved Ones, observe! Oh Dear People, for God's sake don't let anything in the outer world

cause you to think that We are not real. We lived in Wyoming and I was a mining engineer, a lad out of college. We went in our physical bodies to Europe and India and in so short a time were Free, and yet not one of the Students yet can say what the last chapter of *The Magic Presence* means. Don't be discouraged; you will, all of a sudden. I insist on it. Let Me give you just a tip. Those words there that state We were given bodies such as have never been known in the outer world—read that line and get its Inner meaning.

That is why I say to you, not one of you has the slightest concept of what your Power of Life, the "Mighty I AM" could do for you at any given moment. And behold, when this Good Messenger met David Lloyd on the side of Mount Shasta—and do not get any idea it is not real—He had no more idea of the Service about to be rendered there than you—such a thing was beyond imagination. But look! When the humbleness is there, when the willingness is there to allow the Powers of Light to act, then will the Presence of Life do for you what the imagination could not even conceive of one moment before.

These experiences recorded in *Unveiled Mysteries* and *The Magic Presence* are real, Dear People! They are no figment of imagination! Everything there is *real*, the Mighty Truth of Life. And when you understand that and gain the full meaning of that, then will you

understand and have a Power acting within you, you never dreamt was there.

Therefore, I say to you beloved Students of Chicago, My rejoicing is equal to yours in the great Call to the Ascended Master Friends that have been raised up here in your city to clear away every seeming outer obstruction—while there really never was any, yet the appearance world had to be met and had to see that it had no power. *(applause)* (Betty, be sure you get those words exact.)

Therefore, Beloved Ones, you stand in the open doorway to the Victory of Life. Enter in as We did, into that Cave of Light whose Blazing Presence dissolves forever every human element about you. And think, today and for some months the Mighty Divine Director in releasing the Golden Liquid Light into your feeling world has been performing for you a Service. While it has been a little less than that which acted within Us when We entered the Cave of Light in India, yet in the outer world He is bringing It to you in the happiness and comfort of your own home and the Mighty Radiance of these Classes. Oh, please understand and feel what that means to you. It is real Substance, Dear Ones; it is not a thing of imagination. Don't think that your imagination is working overtime in accepting this Mighty Truth of Life. It is *real*, the realest thing in the Universe! And therefore I say to

you Ascended Master Youth: Straighten your spines and let Us help you to hold the Victory of Life sustained, until by your own Application you feel Its Full Victory and Dominion acting within you.

So many people have wondered about Us, have wondered about Mr. Rayborn. How is it that he could make the Ascension when he had a ranch of thousands of cattle, and a mine employing hundreds of people—again the human trying to be the judge. If you will put down human judgment and let the Power of your Light through you explain the Truth of Life, you won't stop to wonder why things are thus and so.

But I say to you, Beloved People, live as the Messengers have told you. We never condemn nor criticize you. When you are ready to face about and say to your Life: " 'Mighty I AM Presence,' I call on the Law of Forgiveness for all my mistakes. I want to correct them. You take command now and stop all this silly nonsense, and carry me forward in the Victory of Your Light"—what do you think the Presence of Life would do when It has waited for you throughout the centuries to issue that mighty Edict of your own Life for your own Freedom?

That is why I say, do not try to let your outer human concepts judge what could be done for you. Please do not do it, but go on in your Mighty Adoration or Call to your "Presence" to pour Its Mighty Perfection and

Dominion in and through you, and then be patient. There is not any two of you just alike in your feeling world in this room today. The old statement that no two people are alike is quite true, and even your accumulation is not the same. No two people are alike. No two people have the same requirements. Therefore, do not think you have to do what someone else does, but forget everything else except the Glory of your Mighty "Presence" and Its Mighty Perfect Action through you. Then Its Radiance will pour forth to give such a Blessing to those you contact, you could not imagine it. Then you are allowing the Powers of Life—Perfection—to act untouched by your qualification, your judgment, or your human concepts of what It should do.

Oh, who of you can advise Life? Don't you see, Beloved Ones? How could you hope in your intellect to advise Life as to what It should do? Call Its Perfection into action and let It do for you what It will, and what It can do—and beyond your fondest concepts.

Therefore I say to you, Beloved Ones, in the fullness of all you wish to have, all Life wants to give you, can you ever conceive of anything more gracious, more glorious in the World than the Source of Life that never condemns a human being—never says, "I told you so"? The Ascended Masters never condemn, never criticize, seeing all the mistakes of mankind which

They are compelled to look upon; yet never once have They said or felt one critical thought or feeling toward any of mankind—that belongs to the human octave.

I say to you beloved Ones of Chicago—to all the Students of Chicago as well as the Ascended Master Youth—until you refuse to have a thought or feeling about your fellow Students of anything but love and kindness, you are obstructed by your own feeling. You cannot afford to have any unkind feeling about a person, place, or condition if you want to go forward quickly into the Light.

Above all, I stand amazed when some of the blessed, loyal Students sometimes feel critical toward the Messengers because the Messengers are so firm in holding to what They know to be right and the greatest Blessing to the people. How can they feel critical toward these Beloved Messengers who are giving all, and remaining on the Earth and giving the Blessing and the Freedom to mankind? They know what is required and They are firm and unyielding—it doesn't make any difference who it is. Therefore, Beloved Ones, love Them! Bless Them as you never did in your Life, for all mankind. *(applause)*

Do you not see, Beloved Ones? In this glorious atmosphere let Me try to convey to you how it is not ever in the World a person, place, or condition; it is a quality of energy acting with which every one of mankind

has to deal. And as long as you blame some person for something, you are qualifying your own energy with that discord or imperfection which you see in the other individual, which must outpicture through your own flesh. In the Name of God, your "Mighty I AM Presence," I charge every one of you to see that point and the necessity of standing guard over your feelings!

You have heard so often—I mean those who have been more often with the Messengers have heard—the Messengers pleading with the Students everywhere to govern their feelings and forget other individuals. It is so important, Beloved Ones. And if you would only realize that you are dealing with qualified energy, you would not have the slightest feeling toward any human being, because you would know what they do is their own affair and what you feel is yours. Unless you correct your feeling, you will never in the world have your Freedom!

Dear Ones, you are very kind to stand all this time, but during that time you have been receiving a Mighty Blessing which I am not permitted to explain at this time. Won't you be seated.

Beloved Ones, I want you to realize, if you will, what it means—I know, I went through the experience too—when you are working, so-called; and not understanding the Law especially, you get tired and exhausted and your physical body slumps. Do you know

what that does? Instead of resting you, it makes you more tired than ever, because it causes a pressure and shuts off the flow in your circulation and the nerve fluid through your body. One day every "I AM" Student in the World will no more allow their spine to slump than anything in the world. The minute you do that, you tighten every vertebra and shut off the full flow of the nerve fluid through your body and through the ganglia or centers of distribution within your physical body.

Dear Ones, one day you will learn to stand straight and feel the full flow. It does not make any difference how tired you are; when you have done that enough, you will find you have forgotten to be tired. And in the Call to the "Presence" with the spine straight, this energy will flow through undisturbed. Then you will think of your activity as a Service to the Light—as a Service and not work. Mankind has charged the word "work" with all kinds of exhaustion. It is not true. That which you have called work is a Service to Life; and once you dismiss from your mind the idea of work, the feeling of work, then the Powers of Life will flow forth and renew you constantly, and you will never feel that exhaustion.

Just think, the Messengers for four years have not known what it is to stop. They do not know what it is to be exhausted. Your Precious Lotus more than two

thirds of the time does not sleep more than two hours a night—because She loves you, because She loves the Students. She loves humanity and puts forth the utmost of Her ability to give to you that which will bless you the most. *(applause—audience rising)* Great as is your love for Her and the love of all the Students of America and the World, you do not yet comprehend, Precious, Precious Ones, all that your Precious Lotus means to you. Her dauntless, Invincible Application is the most magnificent thing We have ever witnessed in the World. And it is ceaseless. It never stops! *(applause)*

Dear Ones, wherever you go and whatever you meet, put down as a poisonous serpent before you any vicious, unkind gossip toward these Messengers and the Light. *(applause)* Say to any individual that starts to pour that into your ears, "Silence that gossip right now!" *(applause)* That is the only way you will ever stop that vicious human thing. When individuals are depraved enough that they don't want to give the obedience to Life, then they try to drag you away from your Ideals by trying to discourage you in the Light. You would not let a serpent creep up and strike you with its poisonous venom if you knew it, would you? Yet when individuals come up to you and spread vicious gossip about individuals—whether it is about the Messengers or someone else—in your thoughts, that

is worse than the poison of a serpent. That only goes into your body; but this goes into your feeling world, and you do not know it. That is why you should keep out of your world all vicious gossip of every kind and annihilate it, and then be Free!

There has never been anything on this Earth that has come forth one-hundredth part so magnificently as this Light, which is the Freedom of all mankind who will accept Its Freedom, study and apply It.

Therefore, Beloved Ones, I say this at this time—I presume it will be taken up in the Class, but the Mighty Astrea, the Archangel Michael, and the Mighty Divine Director are rendering a Service and will render one during the remainder of this Class in Chicago, even beyond that which was done in Seattle. *(applause)* Chicago will now become the real Heart Atom of Light where it began. *(applause)* And you of Chicago, go forth blazing the Mighty Light of your "Presence"—not so much in what you say, but in the mighty determination that the Powers of your Light shall flow forth in the Radiance of your bodies and take command of the feeling world and activity about you; and hold yourselves harmonious and obedient to the Powers of Life.

Beloved Ones, My Love and Gratitude is very great for this opportunity to talk to you today, and for the Service that has been rendered. I am very grateful for

it. And may you, ere many days, realize and feel the full import of what has been done for you in this room today.

Therefore, on behalf of the other Children, Myself, the Great Ascended Masters, the Legion of Light, the Great Cosmic Beings, and the Great Cosmic Light so recently releasing Its Mighty Blessings—Their Mighty Blessings enfold you in an Intensification and Powerful Activity, intensifying your Calls for Freedom, your Calls for Perfection, to take greater command in your life and feeling world now, and pour out Its Mighty Activity into your world of action to hold you within the Glory of Its Radiance and Harmony, and bring Its Mighty Blessings into full action in your life, world, and activity wherever you move.

I thank and bless you forever. *(applause)*

DISCOURSE IX

November 19, 1938

TENAFLY, NEW JERSEY

Beloved Ones, what a joy it is to be present with you, giving forth the Radiation which We always do at these times, and to enfold these Beloved Children in that Radiance. The Divine Director will by His Projection of the Light Rays project that Liquid, Golden Substance into their feeling world which should within three years bring such Perfection into their Life and activity, such courage and strength that will make each one the Dominion of the Light through the outpouring of Divine Love and Kindliness.

While it is absolutely necessary to be tremendously positive to human qualities, yet always remain humble before your Presence of Life and before the Ascended Masters. They are the only Ones who know what Perfection is, because until you have experienced It, you cannot possibly know. One may discuss It, one may think of It, one may even vision certain activities of Perfection; but until you are there, have tasted the glory of It, you cannot possibly know in the human octave just all the Perfection of Life means.

But since you are ready to accept the Ascended

Masters' Radiance, the Ascended Masters' Substance, the Ascended Masters' Direction for your assistance, then you have placed your attention upon the right Activity, upon the right Source that will one day bring Its ever-increasing Perfection into your world of action, all that your Heart has desired.

Have a motto, maybe several in your schoolrooms to keep the children reminded that the motive acting in the feeling, or in other words the attitude of the feeling acting within the individual, is the decreer of how the energy of Life is going to act for that one. If the motive and attitude be right, Life will charge the quality of Perfection into the energy going forth from that individual, which is an ever-increasing activity.

Beloved Children, remember that as you hold the right motive in your feeling world, Life, being by far more powerful than any human quality, will take command. It will keep charging and building into your feeling world this Dominion of the "Mighty I AM Presence" and the Light which every human being in his Heart really wants. The human desire is an activity of the human intellect—and when I say the "human intellect," I mean the brain activity.

I presume you have not had explained just what is taking place when reference is made to the human intellect. I want you to get a clear idea of it. There is

a force field in the structure of the brain, just the same as in the cells of the body. While it is somewhat different in the brain than it is in the cells of the body, yet a similar condition is acting. There is a force field in the brain which is charged with human qualities —the same as that surrounding the Points of Light within the cells of the body. The force field comprises what you term the human intellect. It is a gathered force which is qualified energy acting through the brain structure of the individual. It has been qualified by the reports of the appearance world which has not taken into consideration the Source of itself. It has accepted from the outside world the qualities of human conditions—all of which are more or less distressing, and all are limiting.

When you give your attention to the Presence of Life, your "Mighty I AM," you are causing to be held in abeyance these human qualities of the force field within the body and within the brain structure. As you do that, call forth Perfection through your attention to the "Presence," and then directly to the expansion of the Points of Light within the cells of your body. You will find a trinity of action taking place which brings the results so much more quickly within the entire human form, the intellect, and the feeling world of the individual.

Try not to feel that this is abstruse. These are things

which need to be understood in the School. You are dealing with a direct Current of Light. As you give attention to your "Mighty I AM Presence" above you which beats your Heart, you will have more and more of Its Perfection. To the degree that you silence and hold in abeyance the human desires will your Perfection come forth more quickly.

Let us enumerate a few human desires so you get the idea clearly. For instance, any kind of discord, criticism, condemnation, or having an opinion about others is the thing that starts a feeling revolving within you, which after a while builds into a habit or becomes temporarily a dominant action in your Life. If you will give your attention to the "Mighty I AM Presence," giving obedience to Life—which is harmony within your feelings—the Points of Light within the brain expand. Then, as the "Presence" pours forth this greater Intensity of Light, there naturally comes the expansion of the Light within your brain and body. In this way, the force field which has been charged with human discord is dissolved.

Since the atomic pressure of the human discord of Earth is so tremendous, one has to be very firm in holding the human desires inactive until the time when the substance within the atmosphere of Earth is dissolved and consumed by the Great Beings of Light. This time is coming very near. After the substance

within the atmosphere of Earth is consumed, dissolved —cause, effect, and record—then you will find it is just like a great shadowy garment has been dissolved and you are released from it. It will be almost like you stepped out from a shadowy world into one of brilliant sunshine.

Humanity is struggling under this garment, the shadowy garment of its own creation; and you who are Students today are the most fortunate of beings since you have begun to learn how to call the "Mighty I AM Presence" into action to dissolve and consume the accumulation of your own, and hold in abeyance that of others whom you might contact. Then you will find a happiness impossible in any other way, a courage and confidence in your endeavor, which holds you so steady.

As Mr. Rayborn so ably stated, each individual then becomes, through the Power of his "Presence," like an instrument of great hydraulic pressure. If you children do not undersand that, let Me explain in a few words that hydraulic pressure is a tremendous force of water going through a great hose which forces water upon a given point. That pressure is sufficient in western mining to break down the side of a mountain, even to release great boulders weighing tons.

This is the pressure of the Light in the "Presence" through Its Currents of Energy which go forth at your

Call and become a great hydraulic pressure from your Heart into your world of action, dissolving and consuming all discord or similar obstructions and releasing the pure gold of Life into your world. You see We love to use those terms since I was a mining engineer, and since we in those days before our Freedom were living in the world of mining activity. How marvelous and apropos it is to compare many of the activities that we use in the physical world to the higher Activity of Life which is a consciously directed Power of the Light Rays—as powerful as the hydraulic pressure of water against the side of a mountain. And when you understand that you can release from your "Presence" this Ray of Light focused with Its mighty Power as definitely as a hydraulic pressure to enter your world, go before you, and clear from your pathway every human quality, every seeming obstruction from any source whatsoever—then you are dealing with a Power of Life that knows no obstruction in any way.

To the degree you are conscious of this and consciously call It into action definitely with firm determination will you find that Activity going forth into your world before you, making easy your studies, clearing your world, and gaining a momentum so that when you go into the world of action as an individual governing your own life and world, then will you feel a confidence, a power, and an authority of the Presence of

Life which will give you the Mastery over, above, and upon all that you choose to fix your attention on as a Service to Life.

Therefore, your opportunity, Beloved Children and Beloved Friends, is the greatest in all the embodiments in which you have lived. You must all know that there have been many, and in so many lives there has been so much that needs to be dissolved and consumed.

Now at this point let Me remind you, Beloved Children, that all that is accomplished through your Call to the "Presence" becomes an eternally, forever sustained achievement—accomplishment—and never has to be redone. Therefore, you are engaged in the activity of the dissolving and consuming cause, effect, and record of whatever the accumulation of the past has been.

No one place in the activity of Life throughout the Earth has this conscious activity of the action of Life ever been brought to mankind. It has been possible for certain feeling to dissolve certain qualities, but they would not remain so because other causes were set into action. Today when the cause, effect, and record of the thing that has been disturbing is removed, it means that is removed from your Life forever. It will not again act in your Life because you have removed the cause. Then the feeling world cannot grasp upon anything to again set the same cause into motion.

I say to you as grown beings, do you realize today what a tremendous thing that means in your lives? And I think you are going to feel while I am talking to you this morning, the absolute necessity and perhaps a little clearer reason why the Violet Consuming Flame is absolutely imperative in your life—because It does dissolve at your Command, cause, effect, and record of everything that has been your own creation, everything that has been projected in your world. Now do you not see if you will call the "Presence" to use the Violet Consuming Flame with great intensity, It cannot harm you in any way. It will dissolve the discordant records.

Therefore, within two years it has been made possible to have all this—cause, effect, and record—dissolved. Then you are clearing forever from your pathway every particle of obstruction that you have accumulated through the centuries—*cause, effect, and record.* I cannot impress that too strongly upon your mind! You must be conscious that all cause, effect, and record is dissolved and consumed; then you are forever free of all that quality. And again let Me repeat that since you have been freed from the record, the feeling cannot reach out and take hold and reestablish anything of that same quality. It is a powerful, definite action, Beloved Ones.

In establishing your school activity here, if you in

charge, the teachers, and all the children will issue that Decree twice or three times a day—it only takes a moment—to have the Power of the Violet Consuming Flame—and remember it is the "Presence" you are calling into action to do it—dissolve cause, effect, and record of every discordant thing that you have ever drawn about you in all the past, then you have set the Power of Light into action to perform that service. Call It to be sustained with all Its great intensity until every particle of It is achieved. Then as you from day to day issue your other Decrees for whatever you might desire to have act, then you will find that calls into action the necessary intensity for not only the outer activity, but for keeping this record aflame with Its mighty Activity, Presence, and Power.

We see so clearly the greater necessity; and for the next few months or possibly a year and a half, the Group Leaders, the Students, and the Schools must be firm as the Rock of Gibraltar to the Light and refuse to accept any appearances. And I say to you, Beloved Ada, have no fear of this condition which has been threatening. It is all a bluff, it has no power; and as you issue that Mighty Decree with its Invincible Power, that human thing must be silenced forever. But you must be firm, Blessed Students, against human viciousness. It does not make any difference what the source is, what the reason for it is, be so firm in

knowing *it has no power!* Just like you threw a bomb of Light into that thing, it dissolves—and if necessary, dissolves all human viciousness. It is much better that they be released from the body than to continue to build such viciousness.

Beloved Ones, I say to you of the School here, hold that Mighty Power by your Call and by your visualization, that Circle of Blue Flame around your grounds and around your school to keep dissolved any wrong sex desire that might attempt to be projected into your midst. The last throes of the black magicians are forcing that feeling throughout America, and the number of people that are being beset by that wrong, abnormal desire is astonishing; so I warn you today, you must be strong and on guard against it until this substance is dissolved and consumed from the Earth. Then mankind will have relief naturally and easily from this abnormal desire, but until that time it is imperative to be dynamic against it.

I want to make clear to you here today that marriage in its proper order is a Divine Activity of Life under the present conditions that exist; but if it is not entered into with pure desires, it becomes an activity of the destructive forces which ofttimes try to shut off the Light of individuals. During the recent Class in Chicago, a boy and girl were married, and no sooner were they married than he went off to Canada

feeling no responsibility to his wife or anything like that. Now that kind of condition is a sinister thing projected at those blessed individuals; and unless dynamic action is taken to prevent that kind of thing among our young people of the "I AM" throughout America, one tragedy after another will occur.

Now I tell you, the grown-ups must use the greatest discretion. Do not under any circumstances urge young people to get married unless they will call with all the earnestness of their being to their "Presence" to see that the right individuals are brought together that can harmonize. Each one should feel his or her own responsibility to Life in that act. Marriage should be the most beautiful thing in the world, but if it is entered into by the human desires alone, then it becomes a tragedy in the life of the individuals.

So I say to you grownups, be cautious, be careful what you do, and wherever there is an indication of this, call the "Presence" into action with great earnestness and sincerity, and ask the Ascended Masters to stand guard over our young people and see that only the right action in this capacity comes about, so that they may be protected from this tragic condition which the black magicians have tried to drive at our young people everywhere. Unless the young people stand guard, I am ashamed to say it but the orthodox world is hoping to see—not all of them, but many of the

vicious individuals are hoping to see—conditions take place that would bring disgrace upon the "I AM" Students and the Schools; so you have all these things to stand against. *They have no power,* except that you must be aware of what you have to contend with. Then you, by the Power of Light, can hold yourself Invincible against them!

Please do not let this go out in a general way; but the Goddess of Light, in council with the Activity of the Great Central Sun, is calling for a certain Activity to the Earth that never has been. Seeing the necessity, and the protection required for the people of Earth, She has made this request in order to allow this to come forward more quickly. If it is granted, or shall I say—of course in Our World there is no such thing as "if"—but *when* this is granted . . .

Mrs. G. W. Ballard: "I add my Call to Hers to bring It to pass quickly!"

Bob: Thank you. Will you and those in charge of the School voice your Call from the physical octave?

Decree by those present: From the physical octave of Earth we add our Call to the Beloved Goddess of Light's; and in the Name of Mercy to the humanity of Earth, we ask the release of the Power for which She calls. May It come with the speed of lightning, be eternally sustained, and ever expanding. And we accept its answer now!

Bob: Thank you very much. I cannot impress upon you too strongly how necessary it is to know what you require and make the dynamic Call for It. You see, mankind—and even the Student Body—does not yet realize that unless you know what is to be done, how in the world are you going to call for it to be done? Now your general Application, of course, sooner or later would govern these points; but if you are informed of the imperative requirements of the moment and then you make your dynamic Call for that result, do you not see how then and there it is done, whereas otherwise it may be months or years before the general Application would release you from the condition that is existing.

I know it has not been possible for Saint Germain to reveal many of these things. But as the conditions are dissolved more and more and He has more time to go into the details of things, then your attention will be called to one thing after another; and you will find in the momentum you have gained, as He calls your attention to these certain activities, with one swat—excuse Me if I use that expression—you will have the thing done, through the momentum you have gained.

So do not be discouraged because you have not yet been given information that will come forth—I mean little details so far as your individual lives, Application,

and requirements are concerned—because it has not been possible. But as these other things are accomplished in the national activity, then these things will be given. Then you won't have to keep thinking, revolving, or repeating them; but as you give one mighty Decree for a certain thing, you will know it is finished. And as you go on to another, it is finished.

Then it is like you go out into your gardens, and you go into a row of plants and unearth one thing after another. You pull the roots out. That is all there is to it. There is no further growth; there is no further accumulation. Just so will you pluck out by the roots these habits and qualities or whatever you are calling to have released. You don't have to give it any further thought or consideration. Therefore, it keeps your mind from having to revolve upon these things. Sometimes an uncontrolled feeling upon your part can revolve, and you do not know it. You can revolve a thing in the feeling without the intellect knowing it, or a thing that has been unpleasant.

You will find when this substance has been dissolved from the atmosphere that there will be scarcely any inclination to revolve discordant things. And I say to you, Beloved Ones, do not discuss an unpleasant thing any longer than it is necessary to gain an understanding of it and what is required. Cut it off just like that, the minute you have come to the understanding of

what is to be done. Do not discuss it anymore—any unpleasant thing—because if you do, you gain a revolving momentum of that. This is so important.

Today a very beautiful and very wonderful Activity has been released into your home here. Remember this is God's Home, the Home of the "Mighty I AM," the Home of Light. Lotus, will you take Mr. Hall's hand; and Mrs. Hall, will you take Mine.

Great Presence of Light—O "Mighty I AM," Great Host of Ascended Masters, charge into these two individuals Thy great Peace, Thy great and mighty Directing Intelligence, Thy great Kindliness that allows no disturbance of any kind to arouse any kind of feeling; but through the Outpouring of Light into the School and to the students, hold that loving Kindness that is the dissolving Presence of Light, the "Mighty I AM" at all times—that holds everything in such happy, joyous obedience to Life that the Fullness of Its mighty Action takes Full Command and holds It sustained forever. We thank Thee it is done.

Oh, there is so much I should like to talk to all of you about today, so many wonderful things. You do not see them yet, but be patient until the day when you see the outpicturing in the human octave of all this mighty achievement. With Those who have spoken these words before, I say to you—adding My bit to Theirs—the achievement since the Messengers arrived

in Chicago has been the most stupendous thing ever on this Earth! Do not think this sounds sacrilegious; but it is so much greater, as the Beloved Ascended Master Jesus has said, than at any one point of His Activity, that He stands many times in absolute quiet pouring forth His Radiance to the Earth and to Saint Germain for this gigantic Achievement.

What a glorious thing to look forward to when the Goddess of Peace will once again be in charge upon Earth in the Hearts and minds of the people, the Goddess of Purity once again restored to Her Throne upon Earth pouring forth that Purity of thought and feeling to mankind, and the Goddess of Liberty with Her Scepter of Dominion! What a great and mighty thing —the Goddess of Light holding the Dominion of the Powers of Light through each one embodied. Try to feel all this means to mankind.

I am sure even the Students do not realize what groups of individuals like this mean, dotted all over America. As they are daily making their Calls in their Mighty Decrees going forth, that is established in every Group to hold an Activity of the Light there. I say to you, be on guard, Beloved Ones, because there will be individuals trying to intrude into your Groups—seeing the kindliness and sympathy, as they think, of the Students and the Group Leaders. They come in with only one desire, and that is an immoral desire.

Stand guard! Make your Calls constantly for every such person to be shut out, because that is the condition.

Now remember, Beloved Students and Group Leaders —and Saint Germain wants the Messengers to take this up in the Class here—every individual who has an intense immoral activity within his or her being and a determined desire to gratify it, must be kept out of association with the Students until that one applies the Law and dissolves that desire to the point where he or she can govern it. To admit such a thing into your midst is inviting the powers of destruction—just like many times blessed, beautiful souls have married individuals, thinking to redeem them. Usually it doesn't occur.

Therefore, remember every human being has their "I AM Presence," and if they are willing to give It attention, It will restore them to Its pristine Purity and Perfection. Until they are ready to make the Call with determination, all your Calls in creation cannot impose it upon them. Therefore, to allow an immoral individual to come into your midst means disaster if you allow it to continue, because that individual, under the present condition, will throw the miasmic influence and desire over you which will cause each one to begin to feel that. And unless you understand it, you are very apt to yield to it. Then that which has been a beautiful, marvelous activity is drenched with

a substance of destruction.

Beloved Ones, only as mankind realizes that the energy of Life should come down only to the dividing point between the Divine and the human—from your Heart area down, you are human; from your Heart area up, you are Divine. If you yield to human desires, you drive the energy down, which means dragging yourself into more human limitations. If you return that energy as it comes forth, back to the Presence of Life, the energy itself will lift you one day into your Ascension, your Freedom forever from human qualities and limitations.

It is not a matter of any other reason in the World except the action of Light, of Life, of energy. If the energy goes into the Earth, it takes the body there. If the energy goes back to the "Presence," *there* It draws you into the Ascension. It is the Law of Life that is acting. It is not a matter of moral or immoral activity, but it is the action of energy, of Life. If it goes down, it is humanly qualified, for it does not go back to the "Presence." If it is Divinely qualified, it produces Divine Order, Divine Justice in the life of the individual.

Therefore, anyone—in fact everyone—must choose how the energy is going to act for them. Therefore, Beloved Ones, I just cannot refrain from referring you again to that activity—and all of you know without

My explaining, that woodsmen or those who are in lumber camps and those who are in mining have always been considered as being in the most depraved activity of mankind because of the associations, and because of the intoxicants which most of them have chosen to associate themselves with. But in Mr. Rayborn's activities—showing the influence of one man over several hundred—his influence was strong enough to hold in abeyance those desires. His slightest request was law to them, showing how you as a person in the environment, with the Outpouring of your Light, spread that Radiance of Purity and Perfection to all with whom you associate. And just naturally you will dissolve from their feeling world the undesirable desires.

Precious Children, remember as you call to your "Presence" for the Purity and Perfection of Life, then the Presence of Light pouring forth through your bodies from your Heart, your head, and your hands, is the Radiance going forth to bless all you come in contact with, either the grownups or those your age; and you become a moving Pillar of Light pouring Its Radiance forth wherever you move and to those among whom you move.

So if you will feel that and remind yourselves of it twice a day—when you awaken in the morning and when you go to sleep at night—then you will allow

the full Presence of Light to sweep into action in your life and world; and you will become that Action of Life, until one day Its Radiance becomes tangibly visible about you. As soon as this substance from the Earth is consumed, I shall expect to see hundreds of the Students who are so determined and so sincere, begin to pour forth such a Radiance that it will be physically visible to anybody. I want to tell you, Beloved Students, work for that; call for It! When once that begins to appear among mankind, the doubts of mankind will go down like they were hit with a sledge-hammer blow.

Be assured that Life, the Great Cosmic Light, the Great Beings of Light—all are quite as anxious as you are, to allow whatever Manifestation in Their Wisdom They think wisest to come forth—as the Great Law of Life permits—to give mankind the evidence of these things. And while there have been innumerable things occur, yet only a few of the Students accept them as unusual Manifestations; but they are occurring and will continue to increase and intensify. That is why I say to you, Beloved Ones, accept even the slightest thing as an Activity of the Cosmic Light of the Great "Presence" so that you gain the feeling of acceptance. Even suppose you made a mistake sometimes. Well, what of it? Haven't you made a lot of them? But a mistake in accepting the Manifestation is not nearly such

a mistake as accepting purely human mistakes. So you would do better to make many mistakes in accepting Manifestations and then find they had physical causes, rather than to miss one that was really a Divine Action. And if you find yourself sometimes mistaken, say, "All right, next time it will be real!" But do go on accepting those Manifestations. That is what will help to bring them forth.

A tremendous Power of the Light is being brought forth in New York City that will cause the dissolving of the Stock Exchange. I feel that that must be done to release mankind from the tragedy which has come through it. The black magician, you will remember, who established that has been removed from the Earth. Therefore the feeder of that is gone; only the momentum remains.

Question: "Was that not directly at the Command of the Archangel Michael?"

Answer: Oh yes. Don't think that We are deceivers, but We use many means to draw forth the black magicians; and the last five that were seized were so amazed. They were led to believe that they were having a clear pathway. Then all of a sudden they found it obstructed, and they could not go either forward or backward. So it is just the Action of Wisdom; and as you find the Power of Wisdom acting more and more in your Life, will you find a Happiness that is complete.

Always remember, Beloved Ones, how imperative obedience to Life is. That means sustained Harmony in your feeling, so that no longer your Power of Qualification acts except to produce Perfection; or in other words, you allow Life which is Perfection to go forth untouched, unqualified by any discordant feeling within you. Then Life of Its own volition will produce Perfection for you. Oh, it is so easy as We see it, so marvelous, and only requires so little effort on the part of the individual if the understanding is correct.

But remember, kindliness, oh, is so needed today in all things. It does not mean that that makes you less firm and determined for the right—thank you very much. I was just thanking the Goddess of Light. I have asked Her many times if I could say certain things. Just now She has given Me permission to say a few things.

My Dear Ones, if you could see that purest of Beings go into the psychic or astral world and release individuals there, and sometimes even carry them forth out of that night of blackness into the Light; then in spreading Her Radiance over them, sustain them until they become adjusted to It—individuals who were caught and bound there by the black magicians, not by their own volition. You have no idea—just as today many innocent people are imprisoned in your walls of the human octave, so have black magicians imposed

upon individuals and caused them to be taken from the Earth and held bound within their chains there. And now they are being released by great numbers. Those individuals are ready for the Octave of Light and have been, but could not have been released unless the black magicians were removed who were holding them bound. Oh, I know you feel with Me what a Service!—I think the most Transcendent, possibly, to render to the Earth. I dare not intimate even the conditions under which many of those have been thrown out of the body and bound in those conditions. It is not time yet to discuss this publicly, but hold this within your own sacred power.

This is a phase of the Activity which We have never mentioned before; but I want you as the Staff, the teachers of the School, and those in charge to realize and understand this, and why the Goddess of Light *is* the Authority for this great Tremendous Activity. As you know, She was the one who had that condition imposed upon Her and, through that, has been made Authority to release mankind.

Of course you will understand that when She touches a condition of that kind, any place Her Radiance touches, it turns instantly into pure White. It is not that She has anything imposed upon Her; but Her Radiance, wherever She touches, spreads Its Radiance over the entire form. So in all that you might be required

to do in your Service of the Light, remember the Greatest Purity in the Universe even, sometimes touches the darkness to dissolve it. You humanly should never attempt to do that, only those Great Ones who go to such extremes now to release the people bound in the atmosphere of Earth. Never in the history of the Earth have such things been done or has such release come to the people of Earth.

So today Our Joy is so great in pouring forth Our Radiance to you and establishing It here in the School, and may the Power of Eternal Light bless you with Its Perfection forever and hold you within Its Purity and Perfection, remove every desire of human qualities, and hold all within that Light that knows no opposite and is the Dominion over all human things. I thank you.

DISCOURSE X

January 2, 1939

Los Angeles, California

How We love you, Beloved Ascended Master Youth of America, and We see in your Hearts a mighty enthusiasm and great determination. Let Me remind you Beloved Ascended Master Youth, in that for which you have been calling, remember your mighty Call was answered in the Goddess of Purity coming for the first time to your city. For the first time in many centuries She came to the Earth in direct contact with your city. Will you realize all that She means to you?

If the Light within you had not wished you to become the Purity of Life which the Goddess of Purity represents, you could not have made the Call for Her Presence. She responded. Therefore, will you feel the full obligation to give the honor and respect to Her for whom you called?

Allow Me to convey to you today, Beloved Ones, how important it is to withdraw every human opinion, every human desire, from the conditions which have held mankind in bondage and limitation. I say to you, We who have been set Free, see and know the Laws that are acting upon you; and if you do not determine to

give full response to that which Life requires of you to release Its Perfection, then you cannot possibly have it, and you have no one to blame but yourselves.

Therefore, I prompt you with all the Love and Power at My Command. Watch out for human suggestions! There are people you will meet and you will find they will intrude into your midst every once in a while—of your age and older—who will try to drag down your Ideals. Do not let them do it. When you find any such person in your midst, whether that one be of your own age or an older person who is giving you suggestions of immoral practice, throw him out on his ear if necessary. *(applause)*

I tell you, Beloved Ascended Master Youth, you are making yourselves the representative Ideal for the entire World. Blessed Ones, do you quite fully realize it?—the whole World is looking to you in this Focus here for the Ideals of the Ascended Master Youth. We know that. While I would not wish you to feel an overresponsibility, it is a great responsibility. I want you to feel this morning all that this means to you, because if a few of you fail to live up to those Ascended Master Ideals and leave an example of disgrace of any kind to the World, do you not see, all the youth of the World will say, "Well, if that is the Ideal brought forth and they cannot stand up to It, why should we?"—never thinking for an instant that someone else's

responsibility has nothing to do with their own responsibility to Life.

Beloved Ascended Master Youth, the need of the example to mankind of the Highest Ideals never was so important in this World as at the present time. You are at the dividing line of the Light and shadows; the shadows are rapidly disappearing, but they are going to drag a good many down if individuals are not absolutely firm.

When anyone comes around you giving immoral suggestions, throw them out and wipe that thing out of your midst as you would a poisonous serpent. If one chooses in the purity of thought and feeling to marry and fulfill that sacred obligation, it is quite all right, and it is quite their own business; but for all of the Ascended Master Youth to think that they must follow such an example, regardless of discrimination, is a great mistake. This thing has swept over the Ascended Master Youth of our entire America, trying to drive into them the desire that, because someone else is married, they should also marry—regardless of consequences. Such is not the case. Wait, I urge you, Beloved Ones! Wait for the sure, definite prompting of your own "Mighty I AM Presence," and do not take the first impulse for granted. That is your great danger today, I tell you frankly; and unless you respond to the Ascended Masters' Directing Intelligence and use the

Discrimination of your "Mighty I AM Presence," you will find yourself in grave danger.

We want to protect you. We see the forces which are playing upon you, that you do not; and you cannot imagine Our great Love for you. Since Life was kind enough to Us to set Us free from the temptations which the earthly activity holds for mankind, then do you not think that We want to do everything to give you all the Assistance and Prompting within Our Power to help you hold the balance for the Perfection of Life, so that you may manifest It and bring the Happiness, the Beauty and Perfection which belong to you into outer action?

Ascended Master Youth, you can have oh, such perfectly beautiful bodies and faces at your age now, by calling forth the constant charge of the Currents of Life to keep Its Almighty Perfection flowing into your bodies. Not only that, but It will make you strong in your outer determination, which is the activity of the Inner Law of the "Presence." It gives you the authority and the Power to stand your ground in any condition, and to hold your Dominion through the Ideals which you know are right.

There is no one from a ten-year-old child on up who does not know and have the definite prompting if he is about to make a mistake; but because of the outer desires being strong, he often overrules the Inner

prompting and will not give obedience to it. People do that constantly. It is only by practice, guarding, watching, and calling your powerful Discrimination into action, which is your Higher Mental Body, that It can stand guard over you and do the things for you which are necessary.

I want you to know and remember that We four Children are just about your age. Do you not see, Beloved Ones, how kind Life has been again in setting Us Free so that We might, from the greater expansion of Understanding, give you the prompting if you care to have it. Why, We would not intrude anything upon you, Beloved Ones, for anything in the world; but We have seen, We have felt your Call, and it has been mighty intense to the Goddess of Purity! That is proof positively that you want to be that Perfection. Therefore, with your cooperation and with your obedience We will move Heaven and Earth to give you Ascended Master Protection, Blessing, and Strength to hold to your Ideals. Someone in the world of the Ascended Master Youth must be strong enough to do this, but you cannot be if you listen to human suggestions!

Now Ascended Master Youth, I would not wish you for one second to let down your guard because the black magicians have been removed and so many discarnate entities. There are still a lot of entities. Just

because the black magicians have been removed, don't think that the energy which they have charged has been all dissolved yet about the individual. So keep up your determination, keep up your Ideals, and hold them steadfast until the Mastery within yourself by the Power of your own Light has come forth into action.

So far as your outer activity in the world of service is concerned, if you will start now and call definitely for the "Mighty I AM Presence" to put you in your own right avenue of service and see you are abundantly supplied with the money you require—start in now. Even if you had a million, it does not make any difference; call forth that mighty momentum into action for you and every Ascended Master Youth in America because, remember, you have been given tremendous privilege here.

I sympathize a little with the other cities that have not had the privilege that you have had here—your climatic condition, your sunshine, all that is naturally helpful to the creation of happiness—and yet I want you to realize that you do have an opportunity here the other cities do not have in the East. And remember, you are not piled on top of each other here. Think of thirty-five or forty stories piled on top of each other in New York! Do you wonder the people do not know what they want!

Why, I tell you—before the Messengers went there

next to the last time in New York, if you had seen the confusion and chaos in the atmosphere of that city, you would have been terrified. That does not exist here; and I want to tell you that your condition of human creation here hovers largely close to the surface of the Earth. It does not extend in the atmosphere like it does in the eastern cities. Therefore, as you are upon the surface, call this Mighty Perfection into action and release the Power of Light and the Power of Radiation through yourself, and you will find that will be compelled to dissolve and disappear. I mean by your direct Call. I call your attention to it today. Call that Light and Energy down on the Surface of the Earth to sweep in and through your cities, and not just in the atmosphere, but on the surface of the Earth because that is where you need it—here!

As you continue to call to the Ascended Master Youth of America all over the United States, that will enter into the mental and feeling world of mankind, and you will give them the assistance and courage that will begin to draw them more and more into the Work, in the East. You will remember they were told in New York that they need Los Angeles very much, and that was no figment of anybody's imagination. They do, and remember you must have something to do with New York. You might say that was not any of your business; but since the Great Cosmic Light has connected

you with New York, there must be a reason for it. Remember, the Rainbow connects you. And that is the Cosmic Rainbow, Mighty Currents of Energy. I say to you—I cannot take more time, but I want you to feel that in every effort you make for Purity and Perfection, We are pouring forth that Sustaining Power and Courage and Strength.

I want to speak to the boys this morning. Upon you devolves a great responsibility. I urge you to be very careful in caressing others. These blessed young girls are your responsibility. Maybe you do not quite feel that but you are the masculine element, the positive element; and if you put forth a wrong suggestion through your feeling, which finds action in one of those pure girls, then you are responsible for the consequences. Call with all the power of your being for Purity of your thought and feeling and full command of yourselves.

It would be a wonderful thing if mankind were in command of themselves to put their arms around each other and over each other's shoulders and give encouragement and strength; but I tell you today it is a dangerous thing to do. Ascended Master Youth, Girls and Boys, guard yourselves against that. You are endangering everything, because it is so easy for it to go too far. Have the dignity of Life in your love for each other. And do not let the human creation, in order to gain its control over you, draw you into a thing that seems justifiable.

The Radiation of the Ascended Master Youth is not yet to the point where you are sure of yourself when you do these things; and if you will be careful about it and have a great dignity in your actions toward each other, you will find so much greater happiness, so much greater freedom, and so much greater sureness of your own self-control. Therefore, Beloved Ones, let Us help you and let Us stand guard with you to allow all that great Purity and Perfection of Life to flow forth so that you may be that amazing example before mankind.

And remember, the Messengers cannot tell you what you should do. We cannot tell you what you should do, except to point out the Law to you as They do; then *you* must call your "Presence" to stand guard and direct you. But Blessed Ones, please don't accept your first impulse as being correct, when you call to the "Presence" for direction. Wait a little and see whether you are having that direction from your "Presence" or not. Just because you call for it, does not mean you always get it instantly.

After a time as you continue to call and cleanse your atmosphere, then you will almost without exception receive the direction; but as yet when there is so much charged into the atmosphere, something else might intrude—some other suggestion—even as you call to your "Presence," and you might think it was your

"Presence" answering. Wait and be sure of it before you act. Won't you do that? You will have tremendous guard. You see, just because you have become aware of your "Presence" and call to It, does not mean the atmosphere is yet clear enough so you get Its clear, direct Action. Not that you could not, because many do; but be sure of it before you act. Then I am sure you will have great happiness.

I wish I had two hours to talk to you this morning *(applause)*, but remember your Power, your Authority in your Call to Life, to your "Presence" to hold you within Its Invincible Protection, Its Mighty Directing Intelligence. As you do that, you will find It will eventually come forth so there is no question as to Its Mighty Direction; then as you go forth, what a wonderful privilege it is to serve that Presence of Light.

Remember, do you quite realize—I think not—do you realize in your Call to the Goddess of Purity you have placed yourselves under Her Charge! I want you to realize that fully and completely. You have made a mighty earnest Call and She has answered. Therefore, you have placed yourselves under Her Direction, under Her Guard. Do not ever do anything that would mar Her great Light Projections to you.

I thank you and bless you with all My Heart. Rex, Nada, and Pearl join Me in Their Great Outpouring of Divine Love to you. Call to the Powers of Light that

that may be an ever-sustaining Power to guard, to bless and hold you within that Mighty Radiance until your full Perfection is there.

I must just say another word or two. Do you know that your Call to the Goddess of Purity brought you to the Royal Teton and you were there? Only in months to come will you begin to, through your feeling, understand what that visit has meant to you. May you give attention to it and gratitude for it, and may you stand forever the Victory of that Mighty Light within you. I thank you. *(applause)*

DISCOURSE XI

March 16, 1939

DENVER, COLORADO

SAINT GERMAIN:

My Beloved Ones, I just want to greet and congratulate you, and let you know how full My Heart is to see your ever-increasing harmony and love toward each other. And may I ask that you in Denver—Students, Group Leaders, and all—pour such love, kindness, and blessing to each other that all We wish to do may quickly be accomplished in your city and environment; for only in that, Beloved Ones, can the fullness of Life find its perfect expression for each one of you in your city.

Your city, since you are living here, is your home. You, as the center of your world, can hold such a power and Focus of Light that your city must become ablaze with It; and only as you have loving kindness in your feelings toward each other, can you hope to individually succeed or bring the Blessing and Power of the Light that is intended here.

I thank you and bless you, and feel so sure that not one of you will fail to remember My Words and, in great loving kindness to each other, praise and bless each other. No matter if there seem to be mistakes,

know that that is only a temporary thing and that your love and Call to the Presence of Life will make everything perfect at all times. I thank you for it, and I know within you all is the strength to do it.

To see the Radiance that has gone forth thus far from this Class—the substance and energy that has been given Us to use has been very wonderful. Oh try to be patient, Beloved Ones. Someday—I cannot tell you just how soon—you will know the reality of a precipitated banquet—not only will your food be precipitated, but the service will remain forever as evidence of the Power of Light to precipitate Itself into form to carry Its Blessing everywhere.

Beloved Ones, I know it is quite difficult for many who have not seen such a thing to realize that here in the Octave above you, what you wish to bring forth is always there at Our Command, ready to lower its vibratory action into a denser form to make itself visible to you, just as naturally as breathing. All that has seemed transcendent is just natural. Try to feel that. Then you will place yourself in a position where who shall say when your Presence of Life will see fit to gratify you with Its Power of Beauty and Expression, and bring into your hands and use direct from Itself, the Glory of Life.

Seeing the vast change in the color effect of the World since the Messengers went forth to carry this Light, is a joy indescribable. If you could see the change

through that color effect—that is one thing We need in the atmosphere of America. And what do you think I use this opportunity this morning to show you?—how the Cosmic Light and Cosmic Beings respond so readily and quickly to your slightest effort in this change of color that has taken place throughout America, the prismatic colors of the Cosmic Light! They are taking advantage of it and are intensifying it with tremendous power to hasten the greater change of the color effect to the Earth.

You will find within your home decorations, within your outer light effects, and in all conditions in which the light color is most effective, it will naturally take its action in the feeling world of mankind; and the demand through the feeling will bring about the glory of the further beautification by the Power of Light. It will render your cities beautiful and your homes, and make them a fairyland of color and beauty that will change much, Beloved Ones, in the feeling world and attitude of mankind.

So today I rejoice with you; and of course you know it is almost six hundred years since I began My determined Effort to assist mankind to change all, including the government, into the Ascended Master Perfection. My Courage is boundless today that We are proceeding with great Speed and Power in that achievement.

And may your joy and the intensity in your devotion to the Light, and your Call to Light for Its Perfection to take command—may this hold steady and unyielding as the weeks and months pass, until you will finally see that Almighty Momentum of the Cosmic Light sweep into action to produce Its Beauty and Perfection, Its Harmony, Its Power of Divine Love.

Oh, what a joy to see everywhere the Students standing firm against human gossip, refusing to accept it or listen to it; and to see the great, great added harmony among the Student Body everywhere! Oh, once they realize that *that* is the open door to the immediate Perfection of everything that every Heart desires, then someday—I hope not far distant—the Light will permit Me to stand in My Tangible, Visible Form and talk to you; then forever will disappear the doubts and fears of mankind. We long for that more than you perhaps, but We must abide in obedience to the Great Law of Life. You are fast coming to that realization, even many without knowing it outwardly, in giving obedience to that Great Light. May It bless you forever.

Now I shall ask Bob to continue Our morning's visit. *(applause)*

BELOVED BOB:

I greet you in the Name and Power of Light, Beloved Ones. I just cannot refrain from conveying My

Love and Gratitude and Praise to Our beloved ones for the rendering of that wonderful composition. As We were present, listening and watching the Radiance of Light and the color effect that went forth, how happy it made Us! And, oh, as you play and sing that, may it lift you into the Eternal Mastery of the Ascended Master Youth of America.

Oh, Ascended Master Youth of America, let us consider you all this morning. May you realize the privilege that is yours in your attention to the Great Perfection of Life. Remember, Beloved Ones, your "Presence" above you; the focal Powers of the entire Universe are in your "Mighty I AM." As you come to realize this more and more in your attention to It—it is all quite natural—then will you feel that ever-increasing intensity that will bring Its Perfection at your Call with greater and greater speed. And, oh, I urge every one, be not dismayed if your Application has not produced all you require or wish. It must come; only stand steady until the full outpicturing of it has the opportunity to come forth.

You cannot judge, you cannot see what there has been in the accumulation of your world which must be cleared away; and if it requires one just a little longer time than the other, then still rejoice that the fullness of Its great Power does find Its expression.

Mr. and Mrs. Rayborn are here with Us. Shall I say

what I have styled them to be? Father and Mother of the Student Body. *(applause)* And why did I do that? Because of the tremendous natural harmony that was there in their pilgrimage in this embodiment before their Freedom. Of course now, its power of intensity as They move among the Student Body is not easily described in words; only may I say that it is very great. I have noticed at certain points in every Class suddenly the whole atmosphere changes; and from that time on, comes a great love, quiet, peace, and harmony. They always have something to do with it.

And Beloved Ones, please, in the conditions that you meet in the outer world, of individuals that might be out of harmony with the Perfection of Life, please do not condemn. Please do not feel unkind toward them—not that you should not be very positive toward any discordant or destructive force in the human octave, yet you need not be unkind. I mean by that when you allow disturbance in your feeling world, you are not helping them, you are not changing the condition; but you are adding to the discord of the individual upon whom your attention is fixed.

Therefore, I say to you the remedy for everything in your individual life or your nation comes by looking upon a thing and, if it needs correction, by saying, "Oh, 'Mighty I AM,' this is a condition of long accumulation! Send Your Mighty Light Rays into it

and correct it." Then you will have no feeling of discord or resentment of the condition.

Now, the Student Body has not understood as clearly as I am sure they are going to, that whatever the condition, person, or place—whether it be in your individual selves, your city, the nation, or your officials anywhere—if you pour resentment and condemnation upon it you are intensifying the condition. I would like so much to have you who are here, to fix this so firmly in your consciousness that you will never permit your feeling to control you in the future at any time when this takes place. It is detrimental to you; it is intensifying whatever you want to correct, whether it is among your Student Body or whether it is in the city or the requirements of a nation.

Just now I cannot tell you—I am not permitted to tell—just what it is, but there are certain things under adjustment in your government at this time which Saint Germain is using great Power to correct. So you as the Student Body, please don't let one discordant thought or feeling go out to the conditions in the government that need correcting; but call the Power of Light every time your attention goes to the requirement and have no other consideration, so that the Power of Light may take command. Pour forth your Power of Divine Love which carries the substance that He requires to complete this action which We trust

will be very quickly accomplished. And when this is done, We may say many things to you that will give you great happiness.

In spite of all appearances in the outer world a mighty activity is going forth in its great perfecting power. Your Beloved Saint Germain—one day the World is going to know what His Presence in a nation means, and remember these words! *(applause)* Let Me urge you to call the "Presence" with even greater intensity to surge—notice the words "to surge"—and charge the activity of the Violet Consuming Flame about you and sweep out through your city.

You, the Students of Denver who are here, if you would all—not necessarily together—but if you would individually every night and morning, call the "Presence" and the Cosmic Beings to sweep the Violet Consuming Flame through your city and wipe out all discord, impurity, and imperfection, you would render a Service indescribable. You see, if you would do this regularly night and morning, it means one wave after another keeps going; and each time, it gains momentum and power in rendering this cleansing, purifying Service that is required. In your altitude it makes it much more effective and more easily done, more easily accomplished.

Therefore—*(silence)* Yes, Saint Germain says I may voice these words. We have not really dared to do this

before, but according to the Call and the activity of the Student Body will it to some degree determine the location of the City of Light to the westward. Possibly those words do not mean to you all they intend; however, just contemplate them.

And I want to say to you, Beloved Students of Denver, I have never known the Great God Tabor to rejoice in the accomplishment of the Children of Earth as He has done recently. You have no idea how the great God Tabor enjoys having you call to Him to govern conditions. *(applause)* He has said: "Now remember, We are just beginning in the gaining of the momentum of the future over conditions which will make you the regulators of moisture, of climatic conditions, according to the requirement of your environment."

Oh, My Dear Ones, do you quite realize what that means—that you as individuals within an environment could call to that Presence and Power of Light to regulate the conditions in the moisture, and the withholding of frost and conditions that would destroy your fruits and vegetables. And remember as these great Calls go forth and the Maha Chohan sends His Mighty Cleansing, Purifying Currents of Energy to remove that which has been destructive in the nature growth to mankind—remember nature itself never grew anything that would be destructive; but mankind, imposing its demands upon nature, compels it to produce these

things that have been destructive to mankind. Did you ever know that? Did you ever know that nature never produces a thing of itself that would be destructive to mankind, but mankind's feeling compels nature to obey.

The destructive forces of mankind are what have made your deserts. And do you know that in the coming time the deserts of the Earth will cease to be; they will be garden spots of the Earth in the change that will take place. You and I know you cannot fully comprehend all this means, but try to realize what these vast changes will mean. Oh, the happiness, the beauty, and the Perfection! We see that surging in the atmosphere already, and since this substance by the intervention of the Goddess of Light was dissolved and consumed, it is allowing the Power of the Cosmic Light to begin to surge Its mighty Activity in Its perfecting Power for that which must ere long come into form. Such changes in your flower and vegetable kingdom! We rejoice tremendously in Its perfecting Power to you. The qualities of all this which you require for use are steadily and surely changing into Its greater and greater Perfection.

So today rejoice, Beloved Students. Oh, stand so unyielding in your Calls for all that is being done; and aside from the blessing of individuals, oh how great is your activity for America. And Beloved Ones, could

you see as We did yesterday the Power released which went forth for the blessing and protection and changing of the conditions of America—released from your Student Body here in this Class—it was tremendous. Therefore, it is not always in numbers, but in the power and qualities that are released. And while your Class is not as great in numbers as some, yet you are releasing great power; and I congratulate you, Beloved Friends and Fellow Students of Denver, and those who are visiting here. Oh, it is magnificent.

We love you and bless you tremendously for your staunch, firm stand to the Light; and oh, Beloved Ones, put aside, refuse to listen to any gossip or disturbance toward this Light. It is the glory of the ages. It is the glory of your individual Freedom and the Freedom of those who know nothing about it. Because they do not, they feel unkind and make unkind remarks, just repelling It and keeping It out of their worlds. Oh, listen to no such thing; then go forward in the Call to the Light, and the Victory of your "Presence."

My Dear Ones, this is Life—it is Light, it is Reality, it is Power unyielding! Remember, as our Beloved Lotus has so wonderfully put it during this Class, "the Power of Harmony"! Think of it! Then you can call all the Power in the World into action, whereas in the past it was a dangerous thing to do. But now in the Understanding of your "Presence," and knowing that It

is the Power of Harmony, then you may call all the Power in the Universe to your Assistance and only Perfection can come. Power unqualified, in the past, caused people to fear you; but today the limitless Power of Harmony will cause people to bless and love you. You need not fear to call this Power into action.

Oh, My Dear Ones, you have heard, I know, with the intellect. You have heard to some degree with the feeling. But these Qualities that the Ascended Ones are sending forth into your feeling world to strengthen, encourage, and bless you—the outer does not comprehend but slightly all that this means. All these Qualities They give you, Their Substance and Energy, you cannot requalify by any discord. Therefore, as that continues to increase, naturally in your feeling world there goes out the command for the presence of Harmony and Perfection; then you will see in your Call how much more quickly will come this result in perhaps a few years that might have taken years by your own effort. Do you quite understand that?

Without Their Assistance your earnest, determined Call to the Presence of Life might take years, owing to the accumulation there has been in the past; but with Their Substance projected into your feeling world by Their Power of the Light Rays, it is hastening your intensification and Call with a speed and power that perhaps in most instances will make it sixty times

greater than your individual effort. Can you conceive of anything so great as that? Remember, sixty times your own effort by the projection of Their Qualities into your world.

Therefore, We rejoice as opportunity affords to keep you informed about these mathematical activities, if you please—because this is accurate. We have a record of everything and therefore are in a position to give you mathematically accurate information, and We would not give it unless We were. That is why you are just the same as in a great schoolroom, and you were asked to find the answer to a group of figures. When that answer is accurate, the result is there. Just as certainly are you going forward today with this mathematical precision in your Call and with the Assistance of the Qualities of the Great Ones—as certainly as anything in your mechanical world of accomplishment today.

Therefore, feel all of this is very practical, and there is not one impractical thing in all that you call to Life for or Life wishes to give. I tell you, Beloved Ones, It is beginning to take Its mighty action in the official world today; and when It gains sufficient action in the official world, what magnificent things will take place. Then clearly Divine Order and Divine Justice will begin to find Their full power of action and expression.

Just recently a set of the Books was placed in the library in Capetown, South Africa, and the rejoicing of those people! Oh, weeks ahead are those applications waiting for those Books. I tell you, Beloved Ones, you don't comprehend yet; most of you enjoy and appreciate them, but you don't realize all that those Books convey and what they mean to mankind. It is the Glory of the Ages.

So today in this opportunity to talk to you direct, may the fullness of the peace that passeth all understanding enter into all-powerful action in your world and the Dominion of the Ascended Masters' Consciousness, Substance, and Power find Its immediate Action in your world. And as the appearance of conditions arises before you, you may speak to them and command them to dissolve and disappear and in their place to come the Ascended Masters' Action of Perfection.

Remember, that in your supply, your Treasure-house is your limitless supply—the Treasure-house of your "Presence." Call to It and It will govern the conditions of persons, places, and actions of the outer world. You cannot do it yet, My Beloved Ones; but as you call to the "Presence" remembering that It is your Treasure-house, while It does not hold so much coined gold for you, yet It is the Intelligence, the Power that regulates all out here that is in form, to bring it into use. Since

the Presence of Life is the Owner of all, you are but the custodian. Then if It wishes to shift from one to the other, the "Presence" being your Treasure-house will govern conditions. Then you are not deprived of anything.

Oh, turn to your "Presence" as your supply. The "Presence" will do the things that are required for you; then all human responsibility is quitted. You see the Messengers, how They never think of an individual as the supply. They turn to Their "Presence" and the "Presence" regulates the individual activity. You see how beautifully and joyously is the release of what is required to carry on the Work. If They looked to you as Students, how quick it would all fail.

Therefore in conclusion, may I add just a word again to the Group Leaders? Please, Beloved Ones, do not criticize and condemn each other. Please do not do it. If you do, your Groups will fail. Your Groups will disappear, and you will have missed an opportunity to serve. Since you have chosen to establish yourself as a Group Leader, remember your responsibility to Life: if you criticize and condemn, you cannot hold the people to you. It is impossible. The fault of another is not your concern; but if you pile criticism upon another and then a wrong happens, you are responsible for it. So feel your responsibility to Life.

Harmony is the need. Therefore, as you pour out

Divine Love to bless each one, then will every Group be full and running over; and there will be a constant demand on you to find a larger place to accommodate them. That is the joy of Life.

I thank you, love you, and bless you. And on behalf of Saint Germain and the Others who are present—Mr. and Mrs. Rayborn, Rex, Pearl, and Nada—and I am very happy to say Our Beloved Mr. Gaylord and His Friend are here, and Our Beloved David Lloyd. How They rejoice! Can you feel, Dear Ones, since Our Freedom is so recent, can you understand how Our Enthusiasm is so boundless when We see you daily gaining the Victory and nearing Our Goal?

Can you understand, no words can possibly express Our Joy in this new Dispensation that is being given which will make it possible for so many Students to accomplish the Ascension that would be impossible in this Embodiment otherwise. Can you understand how magnificent that thing is to Us? Why there is no one thing, Beloved Ones, anywhere in this great achievement greater than that Dispensation which will give the opportunity for so many to make the Ascension that could not otherwise do it in this embodiment. Why, do you realize for two and a half million years when you have come and come in embodiments like this—do you realize what it means to be suddenly placed in a condition where with your Command you

can be Free? My Dear People, there is nothing so stupendous in the whole World. Were you to suddenly recall the memory of all you have gone through in those embodiments, then you would leap in your feeling with the enthusiasm that is Mine in seeing the possibility, the opportunity of your Freedom now. Thank you so much.

DISCOURSE XII

April 29, 1939

NEW YORK CITY, NEW YORK

Thank you, Ascended Master Youth of America, and I mean all of you. I love to greet you thus, for that is how We see you always; and will every one of you feel that Presence of Life which is the Ascended Master Youth of Eternity, charging, electrifying your bodies today while I speak to you!

When We realize from Our standpoint of Freedom how each one today could—now notice, Beloved Ones, when I say "could," I mean just that—release into your bodies, into your mental and feeling world the full power and activity of the Ascended Master Youth. Is it not almost pitiful that mankind has accepted this appearance of age when such a thing does not really exist? It but has an appearance, and it is not a Reality. May I have the Power and the privilege to impress that upon you today, so that you who have the appearance of age may feel the full Power of the Light within you to change that even now.

It seems such an unhappy thing that mankind should have allowed that to become the governing presence just through its appearance, because I know

many of you feel that same power of youth that you have always felt. That is Life acting within you; and I am going to try while the Messenger is voicing My Words to you to so charge into your feeling world, every one of you, My Feeling of the Eternal Youth, Beauty, and Perfection so that It will find Its full power of anchorage there to act within your feeling world.

You see, Beloved Ones, not one thing can find expression, can appear in your flesh structure which has not been admitted into your feeling world. That is the cause of all outer things. And will you see this morning in the Messenger's earnest, tremendous endeavor to have you see and feel the necessity of governing your feeling world, how *there* is the cause or the removal of whatever has been drawn into action there. Your feeling world is your powerhouse, your strength, your courage and energy by which there flows into the outer world of expression what you would have there.

Since you realize you must govern your power of feeling, which is qualification clothing that energy of Life as it flows forth, then you become the chooser—shall I say—of all that you wish to have done. Life will not produce anything for you but Perfection of itself; and when you determine to stop all discordant qualification or limiting qualification of the energy of Life as it flows forth through your body and out into your world, or directed from your Higher Mental Body into

your world of action—then you become the master of every situation, of every condition that touches your world, because that Light which beats your Heart is the Governing Power, carries the Invincible Intelligence, and is the Commanding Presence of all energy that flows forth when once your negative power of qualification is stopped. It is a magnificent opportunity. And really, since mankind has so long held itself in the belief of these limitations of the appearance world—well now, since you find you can change that and there is no opposition to this Presence of Life, Its Currents of Light and Energy that flow forth, and since your qualification is the clothing of that which has produced these conditions—then is it not quite easy to discontinue that and just let this great Stream of Life and energy flow forth and produce Its Perfection?

You see the transformation, the change that has taken place in the Messengers in such a few years, and how every condition that has confronted Them has been governed by that Call to the Presence of Light; then it is the same for all of you.

May I try to have you understand clearly what the idea of a Messenger is? There has been such a great misunderstanding concerning the Appointed Messengers. An Appointed Messenger is one who is given greater opportunity for the expression of Life, a wider

opportunity. It does not mean that they are not still subject to the same conditions that the Student Body is. They are not perfect beings, and your Beloved Accredited Messengers before you are still not perfect beings. They are not Ascended so far, and anyone who is unascended is not wholly perfect; but Their dynamic Application has held Them within the constant, almighty Radiance of Their Presence of Life and the Ascended Masters.

Your opportunity as Students is an opportunity to serve, to pour out a greater stream and power of your pure, perfect Life, which is energy, to produce Perfection in your world and where you move. Few yet understand what magnificent opportunity there is in allowing their "Presence" to pour Its Radiance through them everywhere they move to bless mankind with Its Blessings.

For instance, observe this lovely room you are in today. The Radiance that is drawn here will forever remain a Blessing to this room. *(applause)* If the management of the beautiful theaters and auditoriums of America understood what this Blessing would mean, they would invite the Messengers there free of charge. *(applause)* That is just as true as I am telling you. There is no such Blessing ever offered to this Earth as is brought forth through these Classes of the Messengers and the Power of the Ascended Masters, the

Legion of Light, the Cosmic Beings, and the Cosmic Light; and just since the Messengers came to your city has there been one of the greatest—notice now—the greatest Releases for the individual or Student Body that they have ever experienced thus far. *(applause)* That is why We are so rejoiced in the opportunities that offer, to call It forth.

And now shall I explain something to you which the Messengers I believe have not explained. Take this instance just now. While He is voicing My Words to you and this Radiance is drawn here, that is directed, My Beloved Ones, from your Presence of Life. There is no human qualification in that. There cannot be, because It does not flow through your bodies; but that energy is released direct from the energy in this room, and the power It carries is not touched by human qualification. Therefore It is the pure Energy, Light, and Power of Life. It is a magnificent thing; and one day when mankind understand all that It does mean to them, they will then feel and rejoice in the privilege and opportunity which is theirs to have this.

Now that does not mean that It only flows through the Messengers, but everyone and every Group who will give their attention to the Presence of Life and the Ascended Masters will have that flow; for We have had and do have the record of many, many very small Groups—say seven, eight, ten or twelve people—whose

devotion and adoration to the "Presence" and the Ascended Masters is so great that they are almost lifted from their seats in their "little Meetings," as they term it. Well that is a magnificent Service, because that is a release and power of Radiance poured forth that probably covers miles and miles of environment.

Now take for instance the Radiance drawn here: The Radiance drawn in the auditorium for the Classes is a concentrated, definite Action and Power of Light; but that Radiance spreads throughout the city and touches the mental and feeling world of mankind as few can understand in the outer so far. But if you saw Its Action from Our standpoint, you would see how magnificent It is, because as I said a minute ago all cause comes from your feeling world and through it. Therefore, when your attention is upon the Presence of Life, you are having the Perfection of Life flow forth because you are not qualifying it with discord.

Will any one of you tell Me that you can have your attention upon the "Presence" and feel discordant or unkind! Could you? I think not. If you were extremely discordant and held your attention a few minutes upon the "Presence," the discord would not be there—therefore showing that the attention to the "Presence" whose Light is the governing Power, does govern even the human feeling. That is how anyone can harmonize themselves, still themselves sufficiently to allow this Power

to flow forth and render whatever service in their body, in their world of action is required.

The Messenger just had a letter He opened last evening before retiring, that We have been watching for some time. These individuals were having a little difficulty in getting the full power of feeling into their Application, but in answer to a letter—now notice this—in the answer to their letter, not in the words that were stated there but in the Radiance that went with the letter, did their release come. And it came instantly as soon as the letter reached their hands and the Radiance contacted their physical structure. That is only one of the thousands of instances where that same thing has occurred; but these blessed ones' words could not convey to you their gratitude, their rejoicing, for they had held steadfast, and yet constantly the wonderment kept rising within them as to why they had not had greater results. Then on the instant they realized that their attention in spite of their effort had been somewhat divided; and in the Radiance that went forth with the letter that wavering in the consciousness, in the feeling, ceased. And of course instantly flowed forth the Power to render the Service.

May I try to convey to you just now in connection with that, that in your endeavor, in your Call to the Presence of Life you need to watch and guard that your feeling is not divided in your attention to the

"Presence" in your Application. And I know your blessed Hearts still are not firm enough against sympathy, against self-pity, against self-justification.

And shall I say something to you that is almost startling? How do you think it is that individuals sometimes turn aside from this Work, this Great Light? Shall I tell you the secret back of most of it? Self-justification. It is one of the most dangerous things in human qualities. My Dear Ones, watch, guard yourselves so firmly against human sympathy, which is agreement with imperfection. Guard yourselves against self-pity and self-justification. Self-justification is one means by which the discordant qualities of mankind will rush in upon you perhaps quicker than on most any other thing, because it is so very subtle. And would you believe Me when I say to you that it is even more dangerous than anger, because it is so much more subtle. That is why this morning I am taking advantage of this opportunity to prompt you on some of the things which I am sure most of you are quite unaware of.

Now there are three activities of Life when once held in their Purity and Perfection that will produce immediately any given result your attention is fixed on. Few yet understand the infinite power of their attention, and yet every one of you who has held your attention fast, unwavering to the "Presence" has felt and had the immediate results.

Then may I add another thing that is so vital to stand guard against: human suggestions. My Dear Ones, you have no idea how tremendously you are affected; and that does not mean just through outer expression, but it means through the feeling acting in those about you. You can take on suggestions from the feelings of individuals quite as readily as from the spoken word, because the feeling is more subtle and less on guard. If something is spoken that you do not agree with, you are immediately on guard; but not so in the feeling. You many times feel a discordant feeling and of course you do resist it, but you don't hold that guard. Something else takes your attention, and to some degree some of that feeling has reached into your world.

Now that is why, Beloved Ones, the Messengers have urged the Student Body throughout America to use the Violet Consuming Flame and hold the Tube of Light about them in their Call to the "Presence." These things could not occur, My Beloved Ones—I mean the feelings from individuals could not enter into your world if the Violet Consuming Flame was kept in action and the Tube of Light drawn for your protection. Now you only have to make the Call to your "Presence" and your "Presence" will do that, but notice please, don't be off guard. If you have called the "Presence" to produce the Tube of Light and hold It invincible, and then you become violently discordant, you will

break through that Tube of Light and make an opening, because you are the one who called the discord there through the discord in your feeling world, if your feelings are strong. Call the "Presence" to hold Its full Protection about you.

Oh, My Dear Ones, please understand these are not just words, but they are Laws of your Life in its simplicity, in its glorious, almighty action; and if you will give heed to these things in the requirements for your Perfection, you will have it very quickly.

I never cease to marvel at Our Freedom, seeing as We do from the unlimited standpoint. Oh, My Dear Ones, just think, so few years ago we stood in limited bodies just like yours. Can you wonder at Our Enthusiasm, Our eternal Joy that now We have this Freedom —still seeing what a short time ago it was that we were here, as limited as you are. Many times people have felt, "Well, if those Children without any more effort than they made could have their Freedom, why can't we?" Are any of you the choosers of the Wisdom of Life? Our Life Stream in Its Wisdom saw fit to give Us Our release. I cannot tell you why your Life Stream compels you to make effort, but do you not see that it is necessarily the Law of your being that has something there that compels the necessity of your effort, which is your conscious Application. I cannot tell you why your Life Stream chooses to cause you to make Application.

Of course I consider Myself one of the most fortunate of beings, for good Heavens, Dear Ones, I made so little Application. And if this Good Messenger thinks He was fortunate in being taken under Saint Germain's wing, I think I am still more so; for in the great service He has rendered to the World, I feel I was rendering so little for My Freedom.

Do you not see, My Beloved Ones, in these illustrations how it is the Wisdom of Life that knows, that chooses? We cannot choose in the outer limited understanding what the Presence of Life shall do for us and through us, what It will do for one and not apparently for another; but if there seems to be the necessity of your Application, for Heaven's sake, make it with all you are. That is the thing that counts, Dear Ones. How do you know—you who are still in these limited bodies—how do you know that when you finally achieve the Victory that you may not go far beyond Me! How do you know that? You might say to Me, "Well, how can We go beyond each other in the Ascended State?" Only in the amount of Service We render.

Do you quite understand, My Beloved Ones, how it is that your Beloved Saint Germain still bows in Adoration to the Great Divine Director? Try to understand these things, because when a Service has been rendered you, throughout Eternity there is that humbleness to

that one through whom that Service came. That is gratitude and it lasts forever.

My Dear Ones, I shall never forget through Eternity that night Saint Germain came for me at the mine and took me to the Cave of Symbols for the first time, knowing that I could function clearly out of the body, but in a tangible body. And when we arrived at the Cave of Symbols and for a moment I stood there on that table looking at those there—just as clear as I would stand here in the physical body and look at you—can you imagine the astonishment, the joy that it was to me!

I am saying these things this morning to try to release you, relieve you of having any feeling or trying to judge in the outer why this, that, or the other thing is. Do not be concerned about it or someone else. Just in your adoration to the "Presence" call Its Mighty Powers into action. Your world is the only place you should be concerned with. If someone else has made a great leap ahead and has received some great Freedom, rejoice; but do not feel, "Oh, why can't I do it too?" It might obstruct your way tremendously, because your feeling of "why can't I be where someone else is or do what someone else does," is an obstruction in your way. Just put everything aside and, turning to your "Presence," accept Its Invincible Perfection in your life and world. Then pour forth Its Blessings to

all your associates in every way, to all Student Bodies. Then you have opened the door to the most rapid progress possible for you.

Now for instance in the recent Ascension here in New York: My Dear Ones, if the children of that family, if the wife of that good man should feel all puffed up about that achievement, then they would have placed a great obstruction in their way. That was his achievement, not theirs. Now this is what mankind must understand. Because someone else has achieved their Ascension does not relieve those of the family from making the effort that will bring them to the same point. It is Life within the individual that does these things.

Now it might be thought that he had not made as much Application as others. Well how shall you judge what his Life Stream chose to do? And really it was just a little too much for some in New York that this man should have made his Ascension. Well, be careful! Be careful, Beloved Students! Your Ascension might be very close, and such a feeling might shut your door. I tell you, My Dear Beloved Friends and Students, if you have had such a feeling in your being as trying to judge another, stop it this instant if you want to be free.

I am going to say something that sounds quite rude. You know you New Yorkers—and I do not mean just

you Students—but the New Yorkers and the Bostonians have felt that they were quite an authority in the World. Oh, that is true, but I say this very kindly because I want you to be free from it. Who is authority in this World? Nobody but your Presence of Life, and don't make any mistake about it. My Dear Ones, the people of wealth and social position who stand and look upon the World *(applause—audience rising)* and say to the rest of the World, "You are crude, I have to draw myself away"—that individual is drawing himself away from Life.

And to think that one day not so far distant all of that foolishness and prejudice of mankind must vanish. In the humble Hearts of mankind sometimes is that great magnificent Light. When we wish to draw aside from our fellowman, we are drawing aside and away from Life. And I say to you, whatever your position in Life may be, be kind to your fellowman. Be willing to reach forth a helping hand through your mental and feeling world to bless them in all their ways. Only thus can you have Freedom, Beloved Ones.

Mankind, oh how We rejoice, is coming into an understanding of Life that is changing everything everywhere. This vast, magnificent change that has occurred in your cities is glorious to behold. Now this activity is taking place in the mental and feeling world, Dear People; and you will see the outpicturing of it some

more. And when We have witnessed the attempt to ridicule this great Light and the Messengers, what a pitiful thing it is on the face of this Earth. Any person who tries to ridicule this Work, this Great Light, or the Messengers is not fit to shine Their shoes. *(applause)* This is a Mighty Truth of Life, My Dear Ones; and you have observed no doubt that We do not spare human beings' feelings. We tell the Truth and they may like it or not. That is how mankind is to be set free. That is why We love you so much, because We can tell you the Truth.

You will observe, My Dear Ones, that the Beloved Messengers have never sought wealth, They have never sought influence, because this Work, this Great Light must stand upon Its own, and It has and always shall. Of course the Messengers and We appreciate every assistance and every endeavor to carry this Light forth, but the Light must stand upon Its own. It cannot stand through human influence. It cannot stand through wealth, but It is Its own wealth and will one day release from the Treasure-house of America that limitless wealth so that every "I AM" Student in America and the World will know what it is to be free of want of any kind. *(applause)* That comes from the Treasure-house of your individual Presence of Life and the Treasure-house of America. If the Presence of Life in Its great Wisdom chooses to use certain channels, then

there is not anything can interfere with it. Do you see that!

You know I want you to so clearly understand this morning how in the very beginning of carrying forth this Light, individuals all over America have wanted to introduce the Messengers to people of wealth to call forth that assistance to expand this Light. Sometimes the Messengers refused to be introduced because They saw that there was unknowingly an attempt there to try to draw from outer sources to carry on this Work. That would have meant its failure, Beloved Ones.

All conditions and all activities of Truth have sooner or later fallen into that feeling that they must look to outside sources of supply to gain hold and maintain the freedom of the power of that part of the Truth which they conveyed. Each time it has meant the failure of it. That shall not take place in this Work. What comes forth through the Messengers to carry on this Work will come through the Call to the Presence of Life, which is the Treasure-house of this Universe. *(applause)*

Now then, please understand Me earnestly, sincerely: if it were not that the Student Body must give in order to receive their freedom, Rex, Mr. and Mrs. Rayborn, Nada, and I could have released into the hands of these Messengers the limitless supply of wealth for all that They ever needed in carrying forth this

Light; but We would have deprived the Student Body of America of the necessary effort for their Freedom. There are many ways in which mankind can give. If they have not money supply to give, then they can give kindness, blessings, and the Call to Life, which is sometimes quite as important—that is the *feeling* of release within the individuals, Blessed Ones.

Now let Me try to release everyone from the feeling of financial fear. Your "Presence" is your Treasure-house. Its Wisdom is the governing activity of your individual world if you let It have a chance to do it; but if your fear is too great, it acts within your feeling world and constantly clothes the Stream of Energy as it goes forth, holding sustained that fear.

Now this Good Brother, the Messenger, had perhaps as great a fear of financial limitation as perhaps any person; but when He found that He could take His attention off of the appearances of that limitation and put it on the "Presence," which was the Treasure-house of His world, then that vanished, and it exists no more. That is how every one of you must release yourselves. Every time a thought or feeling comes of financial limitations, say: " 'Mighty I AM Presence,' I know this is not true. You know it is not true! Take that feeling out of me and replace it by Your Strength, Courage, and Assurance that You are my Treasure-house; that in my Call to You will come the financial release and

supply which I require."

If you would take that firm, unyielding attitude, there would not be one that would not be able to call forth the financial supply they require for their happiness and comfort and whatever they wish to do in the Service of the Light. Why, My Dear Ones, there is wealth waiting for you that would almost pay the national debt right within Our Hands, within Our Grasp, within Our Control.

Rex and I often go to the mine in Our Tangible Bodies. The men do not know that We are Ascended Beings, because We make Ourselves look as natural as possible to them. Then you would perhaps say, "Well, if You can come to those miners and ranchmen out there, why can't You come to us?" Do you know, My Dear Beloved Ones, that the Wisdom of your Life has something to say about that? Do you not think We would readily and joyfully want to come! Do you not see that? Do you think We would withhold anything that would give you strength and encouragement? Do you not see, My Beloved Ones? I am trying so earnestly to have you see *practically* why these things are. We cannot go against what the Wisdom of your Life Stream requires, and I want you to feel that. I want you to feel at ease, and rest in that. Just turn and rest in the Arms of your "Presence," and let Its Wisdom govern these things that you may not wholly

understand in the outer.

Oh, My Dear Ones, in all the magnificent Splendor, Majesty, and Power of these Great Ascended Ones, They are the most practical Beings, so wholly unassuming. They would as readily go within your so-called slums of the city and reach forth Their perfect Hands and touch those individuals and restore Perfection there. Then, is there anyone in the pride of the outer world that should say, "I am more holy than thou!" Oh, My Dear Ones, that day when all human prejudice goes down and the great outpouring of loving kindliness and helpfulness comes forth from mankind, then how quickly will all conditions of the outer world be transmuted and mankind will stand in the supremacy of Life.

How We love you, Beloved Students. No words could express that to those who are standing so loyal and so staunch to the Light. Stand more firm than ever, Beloved Ones. Stand unyielding in that firm, great calm unyielding Call to your Presence of Life for what you require. Hold your feelings harmonious that the Power of Life may render that Service quickly for you.

There are thousands and thousands in America today who are almost at the point of Instantaneous Answers to their Calls. And let Me put this one point before you here: When you see new Students come into this Light, do not forget that your great work—don't

say this to them, however; but your great work, your mighty Decrees have gone forth in the mental and feeling world of those blessed ones and have performed a certain preparation; and if they come into the Light and apply the Law with an apparently greater outer appearance of Power than you have done, do not object to it. Do not wonder why it is, because you have been a part in their preparation for it—because do you not see the preparation must go on in the mental and feeling world first before it can find the outpicturing in the physical or through it. That is a natural process—it has to be.

Therefore, if someone recently came into the work and has great success in their Application, well rejoice in it, but do not feel he or she is an upstart in your midst.

Thank you for your loving Hearts. Thank you so much, My Dear Ones. I feel it deeply. That great love in your Hearts is the open door to the Perfection of Life. Let the great Power of your "Presence" flow forth that is the balance of Love, Wisdom, and Power in perfect action to go forth in your world and touch the people who touch your world, and lift them into the Glory of Its Eternal Perfection. I thank you.
